- 2) Minutes were not available for the May 20 meeting and will be distributed before the next meeting.
- 3) Residential Parking Permit and Guest Pass discussion

 - Members discussed the Hyattsville RPP guest pass system of 100-ticket books. Information from the Hyattsville experience requested.
 - The members deferred discussion on the RPP allocation to different types of stakeholders in the City (single family homes, multi family homes, student housing, home based businesses, commercial businesses with employees).
 - Revenue projections from the proposed fee structure requested from the City to answer question if RPP revenue can fund other solutions such as shuttles or transportation benefits for business employees to de-incentivize driving.
 - Modern ways to get/print guest passes discussed. The need for both in-person and digital solutions was stressed for equity purposes.
 - Hours of enforcement, cost, and length of time are questions needed to be answered about RPP Guest Passes.
- 4) New business.
 - June 20th meeting: continue RPP discussion.
 - Consider new meeting time given proximity to Council meeting
- 5) Meeting was adjourned at 7:30 pm.
