

Agenda for Takoma Park Tree Commission Meeting, January 12, 2021

1. Approval of December meeting minutes. (Nancy Cohen)
2. Urban Forest Manager's report and discussion. (Marty Frye & Commissioners)
3. Further steps to convince City Council to appoint a 5th Commissioner.
4. Continuation of discussion of ideas for education and outreach regarding tree ordinance, tree health and value of tree canopy. One issue I would like to discuss is how to inform new residents on the importance of talking to the UFM before doing construction near their trees.
