

Bringing Nature Home to Takoma Park

The City of Takoma Park and the members of Natural Takoma* present

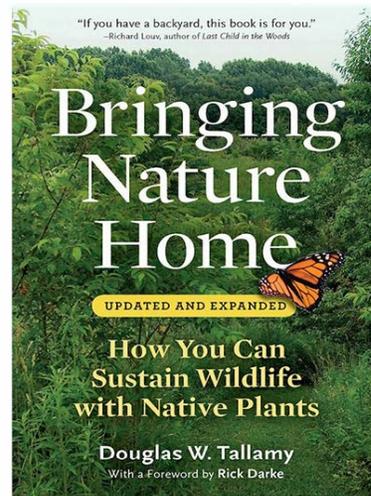

Doug Tallamy

Professor & Chair of Entomology
and Wildlife Ecology,
University of Delaware,

and author of the bestseller

**Saturday, October 15
4:00 pm**

**Takoma Park Community Center-
Sam Abbott Citizens' Center
Auditorium
7500 Maple Avenue, Takoma Park**

Join us to hear this renowned scholar and speaker address these questions and more:

- *How can we support biodiversity in our own yards?*
- *Why are native plants so important in our local ecosystems?*
- *What role do trees play in maintaining biodiversity?*

**--Book signing, information fair, and light refreshments to follow--
This event is free and open to the public**

*Members of Natural Takoma include: City of Takoma Park Committee on the Environment, City of Takoma Park Tree Commission, Friends of Sligo Creek, Historic Takoma, and the Takoma Horticultural Club
