Voting Session (Consent Agenda)

Single reading ordinance authorizing a contract with Complus Data Innovations, Inc. for parking ticket management

Recommended Council Action

Approve contract.

Context with Key Issues

The City recently approved a contract with Park Mobile to allow for electronic payment at City parking meters instead of requiring payment by coins. Payment will not be reflected on the meter heads themselves showing that a payment was made.

In order to ensure a smooth transition with the Department's enforcement efforts, integration of Park Mobile with our existing parking ticket system is required. This integration will allow parking enforcement staff to see in real time which meters are paid on the electronic citation machine.

Our current vendor is Complus. In order to complete the integration of Park Mobile, a new contract is required. Pricing is reduced in the new contract from 25% of parking revenue collected to 17% of parking revenue collected.

Council Priority

A Livable Community for All

Environmental Impact of Action

Draft Single Reading Ordinance Authorizing the Renewal of the Complus Contract

CITY OF TAKOMA PARK, MARYLAND
ORDINANCE NO. 2016-

AUTHORIZING A CONTRACT FOR PARKING TICKET MANAGEMENT

WHEREAS,   the Police Department needs to integrate Park Mobile with its current parking vendor Complus; and

WHEREAS,   the FY 2017 budget has funds in the Office of the Chief to cover any expected costs; and

WHEREAS,   the quoted price is based on a competitively bid contract with Complus Data Innovations, Inc.

NOW THEREFORE BE IT ORDAINED BY THE COUNCIL OF THE CITY OF TAKOMA PARK, MARYLAND THAT:

SECTION 1.   The City Manager or her designee is authorized to enter into an agreement with Complus Data Innovations, Inc.

SECTION 2.   This Ordinance shall become effective immediately.
