

## Takoma Park City Council Meeting – November 1, 2017 Agenda Item 1

### **Voting Session**

Resolution Placing a Covenant to Protect the City's "Dorothy's Woods" Property, an undeveloped wooded area, in its natural state.

### **Recommended Council Action**

Approve the creation of a covenant on the City's Dorothy's Woods property for the purpose of preserving this property as open space for the use and enjoyment of the public and to maintain permanently the open space value of the property by prohibiting future alterations, development, and construction activities on the property that might damage, compromise or interfere with the existing natural conditions and tree canopy.

### **Context with Key Issues**

In January 2015, the City of Takoma Park purchased a ±2.68 acre parcel of property at an Internal Revenue Service (IRS) tax sale public auction. This property, now known as Dorothy's Woods, had been part of a larger property owned by the Washington-McLaughlin Christian School, Inc. ("Washington McLaughlin Property"). The rest of the Washington-McLaughlin Property is used as apartments for senior citizens and an adult day care center, both located in the former J. Enos Ray elementary school building on the property.

The City purchased the property at the IRS auction in order to preserve the ±2.68 acre wooded parcel from development and to increase the City's inventory of public open space available for residents' use and enjoyment. Covenants, conditions, and restrictions limiting the use of land areas for conservation purposes are enforceable as provided in §2-118 of the Real Property Article of the *Maryland Code*. The City of Takoma Park, a local government, is a qualified organization to receive such a covenant.

### **Council Priority**

Environmentally Sustainable Community.

### **Environmental Impact of Action**

A covenant on Dorothy's Woods will preserve the tree canopy and wildlife habitat on this property.

### **Fiscal Impact of Action**

No fiscal impact from placing a covenant the Dorothy's Woods property. The City already owns the Dorothy's Woods property.

**Racial Equity Impact of Action**

The Dorothy's Woods property is located in Ward 3 which is 38.1% people of color. Preservation of Dorothy's Woods as public open space and against future development will give all Ward 3 residents additional options for passive recreational activities. We do not believe that this Council action will disproportionately impact any particular racial or ethnic group.

**WHEREAS**, the City purchased 2.68 acres of land, more or less, known as Parcel 3, Takoma Park, Montgomery County, MD, from the Internal Revenue Service at a public sale in order to satisfy delinquent internal revenue taxes of the Washington-McLaughlin Christian School, Inc.; and
