

Takoma Park City Council Meeting – July 18, 2018 Agenda Item 8

Work Session

Discussion of Legislative Requests to Submit to the Maryland Municipal League

Recommended Council Action

Discuss and select legislative requests for consideration by the Maryland Municipal League.

Context with Key Issues

Member municipalities in the Maryland Municipal League (MML) may submit up to three Legislative Action Requests (LARs) each year for consideration as MML initiatives before the Maryland General Assembly. The deadline to submit for the 2019 Legislative Session is July 27.

The MML LAR process is as follows:

- Member municipalities submit LAR forms on issues they would like to have addressed by legislation in the upcoming General Assembly Session;
- MML staff prepares background on each LAR for the Legislative Committee to consider, as well as priority issues that were not resolved in the previous session;
- The Legislative Committee meets annually in August/September and chooses up to four priority program issues to recommend to the membership; and
- The MML membership votes on the recommended Legislative Committee priorities at the Fall Conference in October.

A list of Takoma Park's requests for the 2015-2018 sessions of the General Assembly is attached along with the League's legislative priorities for those same years.

An LAR that is the same or substantially similar to a request that has previously been considered and rejected by the Legislative Committee twice within a four-year period coinciding with the current term of the General Assembly shall be excluded from consideration by the committee. A new term will begin in 2019.

Suggestions for action requests discussed to date include:

- Addressing the issue of lack of coordination and communication between utilities, localities, and SHA, which continues to be a problem shared by many municipalities.
- Considering options for Maryland municipalities to increase revenues. Currently, municipalities have limited options to raise revenue resulting in a heavy reliance on property tax. If municipalities received a portion of the State Sales Tax, a higher percentage of income tax, or had the ability to levy other taxes, they could adjust their sources of local revenue in the way that best meets the needs of their community.

Council Priority

Fiscally Sustainable Government; Community Development for an Improved and Equitable Quality of Life

Environmental Considerations

N/A

Fiscal Considerations

The ability to levy different types of taxes could have a significant positive impact on City revenues.

Racial Equity Considerations

The inconvenience and disruption caused by utility work in the right-of-way plagues all parts of the City and affects pedestrians, cyclists, users of public transit, and drivers. In regard to different ways to raise revenues, the Council may have the ability to fund programs or projects focused on racial equity.
