

Takoma Park City Council Meeting – January 30, 2019 Agenda Item 4

Regular Meeting

Single Reading Ordinance Authorizing Execution of a Contract for Window Replacement in the Community Center

Recommended Council Action

Approve Ordinance

Context with Key Issues

The Fiscal Year 2019 budget included funding in the Facility Maintenance Reserve for replacement windows for certain areas of the main floor with metal casement windows. The current windows are original to the building and many are no longer operational. In addition, they are not energy efficient as they are single pane glass.

The Department requested pricing from several window vendors and received responses as follows:

Quality Window and Door, Inc.	\$19,922.00
General Glass Corporation	\$22,292.73

The Department recommends the award of the contract to Quality Windows and Doors. The project will include 15 windows, covering the Recreation Department office, the Teen Room and the Dance Studio.

Council Priority

Fiscally Sustainable Government, Environmentally Sustainable Community

Environmental Impact of Action

The replacement of these windows will improve energy efficiency and improve building occupants' comfort.

Fiscal Impact of Action

This purchase will be made through the Facility Maintenance Reserve. The cost is just under the \$20,000 originally budgeted.

Racial Equity Impact Statement

The improvement will enhance the comfort of building occupants of those spaces. The Dance Room is frequently used by seniors and the Teen Room includes programs for minority youth; these two rooms have bars on the windows which will be removed.
