

## Takoma Park City Council Meeting – June 5, 2019 Agenda Item 1

### **Voting Session**

Second Reading Ordinance Reestablishing the Safe Roadways Committee as the Complete Safe Streets Committee

### **Recommended Council Action**

Consider and vote on the ordinance at second reading. First reading was held on May 22, 2019.

### **Context with Key Issues**

The Safe Roadways Committee lost most of its members in 2017 and 2018 due to term limits and resignations. Remaining members Frank Demarais and Michael Moore, and newly appointed member Jessica Landman, met with staff and the City Council to develop a recommendation to reestablish the committee and rename it.

The name of the Complete Safe Streets Committee is intended to reflect a focus beyond what happens on the street itself and more clearly incorporate pedestrian safety and the various means of getting from place to place in and through the City.

In addition to the change of name, the ordinance anticipates designation of a staff liaison to the Committee and adds outreach to residents as part of the Committee duties and responsibilities.

### **Council Priority**

Engaged, Responsive and Service-Oriented Government, Environmentally Sustainable Community.

### **Environmental Considerations**

The Committee's focus on pedestrians, bicyclists, transit, and safe and efficient streets supports the City's sustainability goals.

### **Fiscal Considerations**

Fiscal impacts include staff support and data collection. The work of the Committee may lead to recommendations of infrastructure modifications.

### **Racial Equity Considerations**

The work of the Committee should benefit all parts of the City and, particularly, users of transit, pedestrians, and bicyclists. The Committee should incorporate a race equity lens into its work and recommendations. Additionally, the Council seeks to recruit and attract more people of color to serve on boards, commissions and committees.
