

Takoma Park City Council Meeting – July 29, 2020 Agenda Item 3

Voting Session

Second Reading of Proposed Amendments to the City of Takoma Park Charter to Accommodate Mail-In Ballot Voting

Recommended Council Action

Consider and vote on second reading of the Charter Amendment Resolution.

Context with Key Issues

The Board of Elections recommends that the November 3, 2020 election be conducted by mail to protect the health of election workers and voters in the context of the current global pandemic.

The current version of the Charter provides that canvassing and counting of ballots shall be conducted within forty-eight hours and that the Board of Elections shall certify the election within that time period. The Board of Elections believes that this process will take more time in a mail-in ballot election and recommends extending the time for canvassing, counting, and certification. The proposed amendment will move the certification to the second Wednesday after the election (or the following day in the event of a holiday).

With the change of time required to certify an election conducted by mail, the date for the newly elected Mayor and Council to take their seats must also be extended. Pursuant to Sections 301 and 305 of the City Charter, the newly elected Mayor and Council take their seats on the second Wednesday after the election. To accommodate the change of date for certifying the election, the amendment sets the date for the new Council to take their seats to the second Monday after the election. Note that if there is a conflict with a Council-recognized religious holiday, the newly elected Council would take their seats the next day.

The City Clerk recommends changes to Sections 605 of the Charter. Section 605 clarifies the times for registration of write-in candidates, the process for the same, and establishes public notification requirements for the same in order to accommodate the mail-in ballot process. This amendment will provide more clarity for write-in candidates regardless of the format of the election.

Changes will need to be made to the Code and those recommended amendments are in progress.

Council Priority

Engaged, Responsive and Service-Oriented Government

Environmental Considerations

N/A

Fiscal Considerations

Staff is compiling information on costs related to a vote-by-mail election. Amendments to the City Charter require certain public notifications in a newspaper of general circulation. For this amendment, the estimated cost is \$3,500.

Racial Equity Considerations

A reason for the change in election date to coincide with presidential and gubernatorial elections is to encourage more residents to vote in Takoma Park elections. It has been particularly difficult to draw in voters from Wards 4, 5, and 6, the wards with larger numbers of people of color and people who live in multifamily housing. We believe that people who are interested in voting in the presidential election will be more likely to use the opportunity to vote in the City election at the same time.

The change to vote by mail could negatively impact the turnout anticipated when the election date was changed. In preparing for 2020, staff and the Board will be focused on outreach, education, and preparation for residents to vote.
