

Takoma Park City Council Meeting – July 28, 2021 Agenda Item 2

Voting Session

Supporting Small Businesses by Allowing the Continued Use of Public and Private Space for Outdoor Seating, Sales, and Customer Pickup

Recommended Council Action

Approve the Resolution Supporting Small Businesses by Allowing the Continued Use of Public and Private Space for Outdoor Seating, Sales, and Customer Pickup

Context with Key Issues

Council approved Resolutions 2020-13 and 2020-28, authorizing the use of public space to assist Takoma Park's businesses, employees, and residents in response to the public health emergency restrictions. The resolutions specifically include the closure of the northbound lane of Laurel Avenue. The southbound lane of Laurel Avenue, the median, and the operation of the U.S. Post Office on Laurel Avenue remain unchanged. Resolution 2020-28 is set to expire on September 30, 2021.

As the public health issues continue to change, the capacity to use the public space in flexible and creative ways continues to be essential for the community. Initial concerns about the closure of Laurel have been addressed: public space available for general use; handicap parking; access to the U.S. Post Office; safe pedestrian and bike conditions; adherence to all public health requirements.

The Takoma Park Farmers Market, which operated on Laurel Avenue on Sundays prior to the coronavirus, has relocated to the parking lot behind the Laurel Avenue businesses. The Farmers Market and the property owner have expressed support for the continued Laurel Avenue closure.

The draft Resolution authorizes the continuation of the use of public space, including the closure of the northbound lane of Laurel Avenue. The closure would renew automatically on January 1 of each year for a period of twelve months, unless the City provides notice of intent to discontinue the use of the public space by July 1 of the previous year. This arrangement mirrors the agreement the City has with the Takoma Park Farmers Market, which has operated successfully in this manner for decades.

Council Priority

- A Livable Community for All – Further efforts related to racial equity
- Environmentally Sustainable Community
- Engaged, Responsive & Service-oriented Government
- Community Development for an Improved and Equitable Quality of Life

Environmental Considerations

The closure of the north-bound lane on Laurel Avenue has led to an observable increase in pedestrian and biking in the public space. The feedback survey conducted in 2020 indicated that many people walk to the area, which may reduce vehicle emissions.

Fiscal Considerations

There are no additional costs to the City to extend the closure of Laurel Avenue. Local businesses in Takoma Park provide employment, maintain the value of the commercial properties, allow for the payment of rents and taxes, and enhance the circulation of money in the local economy.

Racial Equity Considerations

The authorization to continue to allow the use of public space for businesses is not expected to have a disproportionate impact on any racial group. Residents, visitors, customers and business owners of all ages, races and backgrounds currently participate in the use of public space on Laurel Avenue.
