

Takoma Park City Council Meeting – April 20, 2022 Agenda Item 5

Work Session

Update from Adventist HealthCare on Proposed Healthcare Services in Takoma Park

Recommended Council Action

Receive presentation

Context with Key Issues

In collaboration with a Council subcommittee including Mayor Stewart, Councilmembers Kovar and Dyballa, and City management, Adventist HealthCare has developed an updated proposal for future healthcare services in Takoma Park after the eventual closure of the urgent care. At the center of the Adventist Healthcare proposal is a new primary care office in the medical office building located on the former Washington Adventist Hospital Campus. The medical office building is the first building on the left as you enter the campus from Carroll Avenue. It has its own parking lot, offering convenient access for patients. Importantly, this property is not owned by Adventist HealthCare and, therefore, is not included in the pending sale of the former hospital campus to Washington Adventist University. The Adventist Healthcare proposal also includes a commitment to providing behavioral health crisis response and behavioral health counseling in Takoma Park. Andrew R. Nicklas, JD, Deputy General Counsel & Director of Government Relations for Adventist HealthCare, will present the updated proposal to the City Council.

Council Priority

Livable Community for All

Environmental Considerations

The proposal involves pre-existing buildings within City limits.

Fiscal Considerations

Adventist Healthcare is not asking for a financial commitment from the City in their updated proposal.

Racial Equity Considerations

HealthCare in Takoma Park is a top priority to meet the health care needs of disadvantaged, underserved, and chronic need populations.
