Context with Key Issues

In accordance with the City's practice to replace vehicles pursuant to its vehicle replacement policy, the Police Department proposes the replacement of one gasoline powered fleet vehicle. Funding for this purchase was included in the FY22 budget, in the amount of \$60,900. This proposal is for the purchase of a Hybrid Ford F-150 for the Special Assignment Team, and to outfit it for use an unmarked vehicle.

This proposal was reviewed and approved by the Fleet Review Committee in accordance with the Vehicle Replacement/Addition/Transfer Policy and schedule.

Council Priority

A Livable Community for All; Engaged, Responsive and Service-Oriented Government

Environmental Considerations

The proposed vehicle is a Hybrid and is more efficient than the gasoline powered vehicle to be replaced.

Fiscal Considerations

The cost of the vehicle, to be purchased through Apple Ford on a Baltimore County Contract, is \$54,643.21. The cost to outfit the vehicle through Frontline Mobile Tech on a Howard County Contract, is \$11,029 and the cost of the in-car police radio, to be purchased from Motorola Solutions on a Montgomery County Contract, is \$7,647.44. This gives us a total cost of \$73,319.65. This gives us a total cost of \$73,319.65. The costs above the budgeted \$60,900 are covered in FY22 Budget Amendment No. 4 in the amount of \$8,135.95. The additional \$4,283.70 will come from the remaining funds in the Police Radio line in the FY22 Capital Equipment Expenditure budget.

Racial Equity Considerations

This purchase will not disproportionately impact any particular group.
