

# Takoma Park City Council Meeting – July 13, 2022

## Agenda Item 4

### Work Session

FY23 Budget Amendment No. 1

### Recommended Council Action

Review the draft budget amendment.

### Context with Key Issues

The Fiscal Year (FY) 2023 Budget was adopted by the City Council on May 25, 2022. Due to delays on certain expenditures originally anticipated to occur during FY 2022, modification to the FY 2023 budget is required in order to carry forward unspent funds. The budget amendment includes the items below. Note that the carryover amount for the departmental operating budget and Capital Improvement Projects totals \$2,020,405 and the budget increase is \$142,877 in the General Fund.

In addition, the City received the first tranche of \$8.7 million in ARPA Funds in FY22 and is expected to receive the second tranche later this month. ARPA funding can be used in the following primary categories per federal guidelines: Public Health and Economic Impacts, Premium Pay, Investments in Infrastructure and Standard Allowance. The ARPA Fund carryover amount is totaling \$335,600 and the budget increase is \$2,652,401 which include the Library Construction expenditure in the amount of \$2 million originally budgeted in Fiscal Year 2024.

\*In general, the amount in bracket ( ) represents budget decrease in expenditure and the amount without the bracket represents budget increase in expenditure. On the contrary, revenue increase is represented by the amount in bracket ( ) and revenue decrease is represented by the amount without the bracket. In Special Revenue Fund (SRF), the grant expenditure increases must coincide with revenue (grant reimbursement) increases within the same fiscal/accounting period. Refer to the "reason for amendment" column for budget item descriptions.

### Council Priority

Fiscally Sustainable Government

### Environmental Considerations

Several items in this budget amendment promote energy efficiency and sustainable practices such as the Electrification Grants and purchase of the Electric Street Sweeper. Most of the amendments related to sustainability will enable delayed projects that will have an environmental benefit revisited in Fiscal 2023.
