October 31, 2023

The Honorable Mayor, Members of City Council, and Residents:

The annual comprehensive financial report ("ACFR") of the City of Takoma Park, Maryland for the fiscal year ending June 30, 2023, is submitted for your review. This report was prepared by the City's Finance Department, and it is the comprehensive publication of the City's financial position and results of operations for the fiscal year ended June 30, 2023, for all funds and component units of the City.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with City management. To provide a reasonable basis for making these representations, we have established a comprehensive internal control framework designed to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"). Because the cost of internal control should not exceed anticipated benefits, the City's internal controls are designed to provide reasonable, rather than absolute assurance that the financial statements are free of any material misstatements. We believe that the data, as presented, is accurate in all material aspects and is presented in a manner designed to fairly set forth the financial position and changes in financial position of the City; and, that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included.

The City's Charter, Section 821, requires that the financial books and accounts of the City be audited annually in accordance with applicable State laws and the requirements of the City Council. The City Council has elected to have its financial statements prepared in accordance with GAAP and audited in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS") by a certified public accountant. The independent auditor's report is included with the City's financial statements in the Financial Section of this report. The audit was conducted in accordance with U.S. GAAS and, for the basic financial statements of the City, the standards for financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. On the basis of this examination, the independent auditors have issued an unmodified opinion that the presentation of the basic financial statements conforms with GAAP. In conducting the audit, the auditors performed tests of the accounting records and such other procedures as were considered necessary in the circumstances to provide a reasonable basis for the opinion on the financial statements.

The auditors also assessed the accounting principles used and the significant estimates made by management, as well as evaluated the overall financial statement presentation. Management has provided a narrative introduction, overview, and analysis to accompany the basic financial statements

in the Management's Discussion and Analysis ("MD&A"). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors in the Financial Section of this report.

PROFILE OF THE GOVERNMENT

The City of Takoma Park is approximately 2.4 square miles in size and is located in Montgomery County, Maryland on the border of Washington, D.C. The City was incorporated in 1890 and has a population of 17,629 (U.S. Census 2020 estimate).

The City of Takoma Park operates under a Council-Manager form of government. The City Council is the policy-making and legislative body of City government and includes a Mayor and six Council members. The City Council is elected on a non-partisan basis, and all seven members of the governing body serve two-year terms. The Mayor is elected at-large, and the remaining six Councilmembers are elected by wards within the City. The City Council's responsibilities include setting City policy, passing ordinances and resolutions, adopting the City's annual budget, appointing members to committees, and hiring both the City Manager and the City Attorney. The City Manager is appointed by the Council as Chief Executive and Administrative Officer and is responsible for implementing the policies and ordinances of the City Council, overseeing the day-to-day operations of the government, and appointing the department heads of various departments.

The City provides a range of municipal services to residents including, but not limited to, police, solid waste and recycling collection, storm drainage maintenance, street and park maintenance, snow removal, recreation, library services, housing and community development, code and parking enforcement, and general administration. The City's budget is the foundation of the City's financial planning and control. Annually, the City Manager presents a recommended budget to the City Council for review, questions, and concerns. The City Council is required to adopt a balanced budget by July 1 of every year for all funds for which the funds are required.

CITY COUNCIL PRIORITIES

- 1. Advancing a Community of Belonging
 - Build on lessons learned during the COVID-19 pandemic to increase residents' and small businesses' resilience to the impact of emergency situations so that they can recover and thrive in the future.
 - Further the City's racial equity work.
 - Identify and prioritize programming needs in the community and develop approaches to meet
 those needs, emphasizing youth, families, seniors, and residents who tend to face barriers to
 opportunities, such as Black, Indigenous, people of color, immigrants, those with unsustainable
 lower-paying jobs or incomes, and people with developmental or physical.
 - Defend our status as a Sanctuary City and maintain our commitment to being a welcoming and inclusive community where all residents experience a sense of belonging.
- 2. Fiscally Sustainable Government
 - Establish the City's long-term fiscal sustainability strategy.

- Explore expanding City revenue options to identify long-term solutions necessary to diversify the City's revenue streams.
- Explore ways to provide a more equitable property tax assessment system, including providing property tax adjustments to residents in need.
- Continue to build on improvements in the budget process, presentation of budget information, and communication with residents.

3. Environmentally Sustainable Community

- Climate Change Mitigation: Work towards net-zero greenhouse gas emissions goal by 2035.
- Climate Change Resilience: Improve our ability to adapt and be resilient to local impacts of climate change.
- Manage our Community's Natural Resources Sustainably: Protect, maintain, and improve the health of our urban forest, natural resources, and water quality, with an emphasis on equity.

4. Engaged, Responsive, Service-Oriented Government

- Hire and onboard a new City Manager.
- Advance City communications with residents and adopt innovative, culturally appropriate
 initiatives to improve public engagement and collaboration with residents, particularly with
 residents who may face barriers to participating in municipal government activities and
 community affairs.
- Improve policies and processes to enhance resident interaction with the City government and the Council, including requests for government services, complaint systems, and code enforcement.
- Review and reform the City's approach to public safety to ensure racial justice and work toward a safer, more livable community for all residents.
- Improve service delivery and reduce administrative burden by updating internal policies, IT infrastructure, and software to support staff in doing their jobs.

5. Community Development for an Improved and Equitable Quality of Life

- Ensure that a range of safe, high-quality, affordable, green, and energy-efficient housing
 options are equitably available in neighborhoods throughout the community.
- Improve transportation planning, design, and implementation to create a safer, more environmentally sustainable, and more racially and economically equitable community for all residents, including pedestrians, bicyclists, and vehicle occupants.
- Plan and prepare for development in the City and region while maintaining the special character and economic and racial diversity of Takoma Park.

ECONOMIC CONDITION AND OUTLOOK

The City is a residential community located in the southern part of Montgomery County in the inner suburbs of the Washington, D.C. metropolitan area. City residents benefit from the excellent Montgomery County public school system. The Takoma Park-Silver Spring campus of Montgomery College and the four-year Washington Adventist University are located in Takoma Park. The City has a large historic district, two major commercial districts, many parks, and attractive, walkable neighborhoods. The City is located along the Red Line of the region's Metrorail system and is well served by bus systems and bicycle trails. Offices, attractions, and entertainment are close by in adjacent Washington, D.C. and Silver Spring, Maryland.

According to the 2021 Census estimate, the City had a total of 6,619 housing units. Of these, 51.4% were owner-occupied housing units. Forty-nine percent (49%) of Takoma Park's households live in multifamily residential structures. Because of its location and attractive environment, Takoma Park is a highly desirable place to live. Its economic health rests heavily on the value of its residential property. The net assessable real property base value for Takoma Park was estimated at \$2.57 billion during fiscal year 2022. Housing values have risen sharply since 2000, despite a stagnant period during the recession in the late 2000s followed by rather slow growth for several years. Housing values have been increasing at a moderately fast pace since that time. The median value of owner-occupied housing units in Takoma Park is \$611,400 according to the 2021 American Community Survey. There is no indication that the increase in housing value has slowed during the COVID-19 pandemic, but a final determination will need to be made at a later time.

Real property in the State of Maryland is reassessed on a triennial basis. The last triennial assessment occurred two years ago, effective for fiscal year 2021. The State's estimated increase in the net assessable base for the City for fiscal year 2022 was 5.25%. Current statistics for unemployment have been affected by the pandemic. The Bureau of Labor Statistics reported the unemployment rate in the Washington, D.C. region is 5.3% in August 2022 compared to 7.3% in 2021. The Montgomery County, Maryland unemployment rate was 3.9% in August 2022 but 6.1% in August 2021. The Census Bureau's numbers for the median household income are averaged over time so do not likely reflect the impact of the pandemic. Their 2021 (1 year) American Community Surveys estimate median household income of the area as \$129,000 and of Montgomery County as \$111,812. The 2018 (5 year) American Community Survey for Takoma Park provides a median household income of \$86,439. While real property taxes and intergovernmental payments are the largest sources of revenue for the City of Takoma Park, the community's long-term economic health depends on economic development of the City's commercial corridors, particularly along New Hampshire Avenue and University Boulevard.

The State of Maryland is constructing the Purple Line, a light rail transit system that will run along the northern border of Takoma Park, connecting transit lines and employment centers in Montgomery and Prince George's Counties. There will be a major station at Takoma Langley Crossroads, the intersection of University Boulevard, and New Hampshire Boulevard. The transit system's date to begin service has been delayed.

The City adopted the <u>2019-2030 Housing and Economic Development Strategic Plan</u> in 2019. Major recommendations of the Plan are: Preserve existing businesses and affordable housing in Takoma Park, including in revitalizing areas; produce more housing and opportunities for businesses to start and grow across the income spectrum and in neighborhoods across the City to meet the diverse housing and economic needs; protect renters, homeowners, and local businesses from discrimination and displacement; and protect our environment from destruction. The plan looks to take advantage of the economic benefits of the Purple Line and the newly designated Opportunity Zone along the New

Hampshire Avenue Corridor, calls for a minor master plan process for the site of the former hospital and adjacent neighborhood to help meet the plan's goals, promotes workforce development and entrepreneurship; and works to provide varied types of housing to meet the housing needs of residents and newcomers. The plan also takes into consideration climate change resiliency and the need to make all decisions using race equity as a guiding principle.

Even with the economic hit from the pandemic, some new businesses have opened in Takoma Park, and City staff are taking steps to facilitate future redevelopment in locations identified for such activity. The Takoma-Langley Crossroads area and the Long Branch business district are part of a Maryland Enterprise Zone that provides tax incentives to new and expanding businesses and, as noted, the New Hampshire Avenue Corridor is in an Opportunity Zone. Staff have moved forward on workforce development partnerships and continue to pursue grants and State aid to promote long-term economic growth in Takoma Park.

Two exciting City development projects are moving forward. Construction on the City's public library building is underway and will be a slightly larger facility meeting ADA and floodplain standards and reorganizing space to better serve patrons. The City is also moving forward to redevelop the Takoma Park Recreation Center on New Hampshire Avenue. The site has great potential for mixed-use redevelopment and is within walking distance of the transit hub at Takoma Langley Crossroads. We hope to leverage ownership of the property to create both a new, modern recreational space for the City as well as new development that could add housing and amenities to the community. This site is in the Opportunity Zone and may be able to take advantage of investment through that program.

The City is coordinating with the Montgomery County Planning Department on a Minor Master Plan for the site of the former Washington Adventist Hospital, Washington Adventist University, and properties along Maple Avenue to ensure that the site of the former Washington Adventist Hospital is redeveloped to advance the interests of the community and to address other community needs. The hospital moved out of Takoma Park, and the Minor Master Plan will help identify community priorities for the property.

The City has developed a comprehensive plan to use the funds from the American Rescue Plan Act. The City received \$17.4 million in two tranches, the first \$8.7 million of which was received in July 2021, and the second tranche in July 2022. ARPA funding is to be used in four primary categories per federal guidelines: Public Health and Economic Impacts, Premium Pay, Revenue Loss, and Investments in Infrastructure. The multiyear spending plan for the ARPA funds, incorporating a priority-based budgeting framework, includes urgent expenditures for emergency rental assistance, food security, community engagement, revenue loss reimbursement, and administrative staffing. Funds have also been allocated for small business grants and the Library project, among other projects.

LONG-TERM FINANCIAL PLANNING

The City of Takoma Park is committed to responsible long-term financial planning. Elements with long-range impacts include maintenance of infrastructure and retirement plan costs. In accordance with the City Charter, certain funds are set aside for the scheduled replacement of vehicles and equipment. These funds are accounted for in the Equipment Replacement Reserve. Substantial funds have been allocated to the Equipment Replacement Reserve over the last decade. This funding effort should be continued going forward to ensure that the City has sufficient funds on hand to maintain its vehicle fleet and other equipment in good working order.

The Facility Maintenance Reserve was established to have funds available for large facility maintenance expenses over time and a newer fund, the Housing Reserve, is to have funds available to

advance affordable housing efforts such as those identified in the Housing and Economic Development Strategic Plan. The City of Takoma Park Police Employees' Retirement Plan, established in 2001, covers sworn police officers who are employed on a regular full-time basis. Plan provisions include retirement, disability, and death benefits to plan members and their beneficiaries. The plan does not include retiree health benefits, which has kept costs reasonable.

Continuing in its ongoing commitment to long-term financial planning, in October 2022, the City engaged with a financial consulting firm to develop a long-term financial forecast to evaluate current and future fiscal conditions to guide policy and program decisions moving forward. The financial forecast is complete, and has been included in the FY24 Adopted Budget document. The tool provided estimated information based on past, current, and projected financial conditions to help identify future revenue and expenditures trends that may have an immediate or long-term influence on government policies, strategic goals, and community services.

FINANCIAL POLICIES

During fiscal year 2018, the City Council adopted a reserve policy that sets the General Fund unassigned fund balance to be no less than two months (17%) of the General Fund revenue amount, unless a special situation justifies a lower amount. The City will maintain adequate unassigned fund balance in its General Fund in order to address revenue fluctuations and to avoid any disruption in services caused by a future decline in significant revenue sources and rising costs. Additionally, the City's use of unrestricted future fund balances and one-time revenue sources will be limited to specific non-recurring projects.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Takoma Park for its ACFR for the fiscal year ended June 30, 2022. This was the sixteenth consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City had to publish an easily readable and efficiently organized ACFR that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current ACFR continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA for consideration for another certificate.

The preparation of this annual report could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department. We would like to express our appreciation to all the personnel who assisted and contributed to the preparation of this report. We would also like to thank the members of the City Council for their interest and support in planning and conducting the financial affairs of the City in a responsible and professional manner.

Respectfully,

David Eubanks Acting City Manager

INDEPENDENT AUDITOR'S REPORT

October 31, 2023

City Council
City of Takoma Park
Takoma Park, Maryland

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Takoma Park ("the City"), Takoma Park, Maryland, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Takoma Park, Takoma Park, Maryland, as of June 30, 2023, and the respective changes in financial position, and the respective budgetary comparisons for the general fund, speed camera fund, and special revenue fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The City's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and
 disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
 accounting estimates made by management, as well as evaluate the overall presentation of
 the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

City Council City of Takoma Park

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited the City of Takoma Park's June 30, 2022 financial statements, and we expressed unmodified opinions on the respective financial statements of the governmental activities, each major fund, and the aggregate remaining fund information in our report dated November 16, 2022. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2022 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 18 through 33, and the schedules of the City's net pension liability and related ratios and schedules of City pension contributions on pages 80 through 83 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The general fund schedule of revenues, expenditures, and other financing sources (uses) - budget and actual, stormwater management fund schedule of revenues, expenditures, and changes in fund balances - budget and actual, combining balance sheet - non-major funds, combining statement of revenues, expenditures, and changes in fund balances - non-major funds, combining statement of fiduciary net position, combining statement of changes in fiduciary net position, and schedule of expenditures of federal awards, as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The general fund schedule of revenues, expenditures, and other financing sources (uses) - budget and actual, stormwater management fund schedule of revenues, expenditures, and changes in fund

balances - budget and actual, combining balance sheet - non-major funds, combining statement of revenues, expenditures, and changes in fund balances - non-major funds, combining statement of fiduciary net position, combining statement of changes in fiduciary net position, and schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the general fund schedule of revenues, expenditures, and other financing sources (uses) - budget and actual, stormwater management fund schedule of revenues, expenditures, and changes in fund balances - budget and actual, combining balance sheet - non-major funds, combining statement of revenues, expenditures, and changes in fund balances - non-major funds, combining statement of fiduciary net position, combining statement of changes in fiduciary net position, and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory section and statistical section included in the annual comprehensive financial report but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 31, 2023, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

Barbacane, Thornton & Company LLP
BARBACANE, THORNTON & COMPANY LLP

As management of the City of Takoma Park ("the City"), we offer this narrative overview and analysis of the City's financial activities for the fiscal year ended June 30, 2023. The intent of this document is to provide discussion and analysis regarding the City's financial performance as a whole. Readers should also review the transmittal letter, the notes to the basic financial statements, and the financial statements to enhance their understanding of the City's financial position.

FINANCIAL HIGHLIGHTS

- The City's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources at the close of fiscal year 2023 by \$51,143,882 (net position). This represents an increase of \$4,566,633 from the prior year. The change in the net position was the result of a net surplus of revenues (\$36,056,572) over expenses (\$31,489,939). Under the general revenues, approximately 15.7% or \$684,419 of the revenue variance from the prior year was due to an increase in real property tax (\$601,719) and personal property tax (\$5,147). Due to the cancellation of the inventory tax and refunds to tax payers, personal property tax had decreased from the past years. The City's revenue increase of \$4,354,567 was primarily due to a \$4,434,149 increase in Operating Grants and Contributions, and a \$107,348 increase in Charges for Services. In Program revenues, almost 102% or \$4,434,149 of the total increase was due to the increase in Operating Grants, which included the Police Protection (\$169,560) and Affordable Homeownership Grants (\$400,000) resulting from the completion of the projects in the grant year. In Special Revenue Fund, the Operating Grants revenue increase was due to new grants awarded such as, Leeland Housing (\$600,000) and New Hampshire Avenue (\$1,000,000). In the Federal Grant, the increase was primarily due to the reimbursement of multiple Housing and Development Grants (\$2,323,909) provided by the American Rescue Plan Act ("ARPA").
- Of the City's total net position, the unrestricted net position increased from \$1,662,267 in fiscal year 2022 to \$4,471,602 in fiscal year 2023. The unrestricted net position increased due primarily to the current year positive change in net position of \$4,566,633. The net position increase was offset by reporting of the net pension liability of \$13,962,222 related to the City's two pension plans. Beginning in 2015, the City implemented GASB 68 and GASB 71, which require recognition of the City's participatory share of pension liability in the Maryland State Retirement and Pension System plan and the pension liability in the City's Police Employee's Retirement plan.
- As of June 30, 2023, the City's governmental funds reported combined ending fund balances of \$24,890,748, a decrease of \$568,024 or 2.2% from the prior year. The decrease in fund balance was mainly due to the deficit in the Speed Camera Fund, \$527,640; Special Revenue Fund, \$45,272; and Stormwater Fund (a non-major fund), \$233,734. The deficits were offset by the surplus in the General Fund, \$237,549. The ending fund balance of \$24,890,748 includes \$8,230,439 that is available for spending at the City's discretion (unassigned fund balance). The decrease in the combined ending governmental fund balance was due to the excess of expenses over revenues in the two major funds and the non-major fund.

- At the end of fiscal year 2023, the unassigned fund balance for the General Fund was \$8,230,439 or 28.6% of total General Fund revenues. The unassigned fund balance was more than fiscal year 2022 due to the transfer release totaling \$3.4 million from the Designated for Subsequent Years in the Committed Reserve and the Restricted Bond Reserve.
- The City's long-term debt decreased by \$598,796 during the fiscal year. The decrease was primarily due to the pay-off of annual principal payments on existing bond debts totaling \$462,000 and a decrease of \$136,796 in the Lease Liability. In addition, the City's Compensated Absences indicated a slight increase of \$25,601.

OVERVIEW OF FINANCIAL STATEMENTS

GASB Statement 34 requires the utilization of dual focus financial reporting. Information is presented on a government-wide basis and on a fund basis.

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements that were prepared using these reporting requirements. The City's basic financial statements consist of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements – The government-wide financial statements, which include the statement of net position and the statement of activities, are designed to provide readers with a broad overview of the City's finances. All City operations are categorized as and reported as either governmental or business-type activities. Governmental activities include basic services such as police, public works, recreation, community development, and government administration. The City currently does not have any business-type activities. The government-wide financial statements can be found on pages 34 and 35 of this report.

Statement of Net Position – The statement of net position presents information on all of the City's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position. The residual amount is reported as net position. Net position is separated into those amounts restricted for specific purposes and unrestricted amounts. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. To assess the City's overall health, additional non-financial factors, such as changes in the City's property tax base and the condition of its facilities, must be taken into account.

Statement of Activities – The statement of activities presents information on how the government's net position changed during the fiscal year. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange and exchange-like transactions are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Transactions related to non-exchange transactions are reported as soon as there is an enforceable legal claim to the resources. Thus, revenues and expenses are reported

in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation).

Fund Financial Statements – The fund financial statements are designed to report information about groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other local governments, uses fund accounting to ensure and to demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide reconciliations to facilitate the comparison between governmental funds and governmental activities.

The City maintains seven individual governmental funds. Information is presented separately in the governmental balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Speed Camera Fund, the Special Revenue Fund, and the ARPA Fund, which are considered to be major funds. Data from the other three governmental funds are combined into a single, aggregated presentation. Individual fund data for these non-major governmental funds (Stormwater Management Fund, Community Center Fund, and Rehabilitation Loans and Grants Fund) is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its three major funds: General Fund, Speed Camera Fund, and Special Revenue Fund. Budgetary comparison statements have been provided for these funds to demonstrate compliance with the budgets.

The basic governmental fund financial statements can be found on pages 32-43 of this report.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. Fiduciary funds are accounted for using the economic resources measurement and accrual basis of accounting.

The basic fiduciary fund financial statements can be found on pages 44 and 45 of this report.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 46-79 of this report.

Other Information – In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information related to the City's progress in funding its obligation to provide pension benefits to its Public Safety employees. Other supplementary information includes budgetary comparison schedules related to the General Fund and the non-major governmental funds and any combining statements related to non-major governmental funds and fiduciary funds. Supplemental information can be found on pages 80-91 of this report.

THE CITY AS A WHOLE

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$51,143,882 as of June 30, 2023. By far, the largest portion of the City's net position reflects its net investment in capital assets (e.g., land, buildings, infrastructure, machinery, and equipment, less any related debt used to acquire those assets that is still outstanding). This investment was \$37,505,671 or 73.3% of the City's net position as of June 30, 2023. Due to the nature of these assets, they are not available for future spending.

The unrestricted portion of the net position was \$4,471,602. This category represents the amounts that the City may use to meet ongoing obligations to its residents and creditors. The unrestricted net position surplus resulted from the current year positive change in net position of \$4,566,633 and the reduction of the restricted net position for Streets of \$925,943, which was offset by an increase of the net pension liability related to the City's two pension plans. Before 2015, the liabilities were disclosed in the footnotes to the financial statements and were not reported as liabilities within the financial statements.

The remaining balance of net position, \$9,166,609 or 17.9%, reflects the City's restricted net position, primarily comprised of monies related to the Infrastructure Bond Fund, Safe Speed Program, and Franchise Cable Equipment Grants, that can only be used for specifically designated purposes.

During the fiscal year, the City's total net position increased by \$4,566,633. Factors contributing to this growth include the increase of revenues. The City's overall revenue increased by \$4.3 million primarily due to the increase of Program Revenues including \$4.4 million in Operating Grants and \$107,348 Charges for Services revenues.

In general revenues, the upward trend was reflected at the change of \$684,419 in Property Tax, the increase in \$202,514 Miscellaneous Income, and \$436,103 in the Investment Earnings. The increase in the revenue was offset by the decrease of \$1.3 million Intergovernmental Revenue.

The following table reflects the City's net position as of June 30, 2023 compared to June 30, 2022.

Statement of Net Position

	Governmental Activities	
	2023	2022
Assets:		
Current and other assets	\$ 41,642,250	\$ 37,433,232
Capital assets	45,671,963	42,250,816
Total Assets	87,314,213	79,684,048
Deferred outflows of resources	4,429,840	5,547,547_
Liabilities:		
Current and other liabilities	15,551,313	11,052,116
Long-term liabilities	22,554,772	21,317,809
Total Liabilities	38,106,085	32,369,925
Deferred inflows of resources	2,494,086	6,284,421
Net Position:		
Net investment in capital assets	37,505,671	34,092,316
Restricted	9,166,609	10,822,666
Unrestricted	4,471,602	1,662,267
Total Net Position	\$ 51,143,882	\$ 46,577,249

Governmental Activities

Governmental activities increased the City's net position by \$4,566,633 during fiscal year 2023, thereby accounting for the total growth in the net position. The key elements of this increase are shown below. Information for the prior fiscal year is provided for comparative purposes.

Change in Net Position

	Governmental Activities	
	2023	2022
REVENUES		
Program revenues:		
Charges for services	\$ 2,772,972	\$ 2,665,624

Recreation and culture	3,561,436	4,146,336
Interest on long-term debt	296,383	286,607
Total Expenses	31,489,939_	29,079,253
Change in net position	4,566,633	2,622,752
Net position, beginning of year	46,577,249_	43,954,497
Net position, end of year	<u>\$51,143,882</u>	\$46,577,249

Overall revenues increased \$4,354,567 from fiscal year 2022 to fiscal year 2023. In program revenues, operating grants and contributions increased by \$4,434,149, charges for services increased by \$107,348, and capital grants decreased by \$184,133. In general revenues, property tax revenue increased by \$684,419, and intergovernmental revenues decreased by \$1,325,833. In addition, the miscellaneous revenues increased by \$202,514, and the investment earnings increased by \$436,103.

Operating grants and contributions increased, totaling \$4,434,149, and was due to the increase in Operating Grants which included the Police Protection (\$169,560) and the Affordable Homeownership Grants (\$400,000) resulting from the completion of the projects in the grant year. In Special Revenue Fund, the Operating Grants revenue increase was due to new grants awarded, such as Leeland Housing (\$600,000) and New Hampshire Avenue (\$1,000,000). In the Federal Funding, the increase was primarily due to the reimbursement of multiple Housing and Development Grants (\$2,323,909), and Capital Improvement projects totaling \$508,876 provided by ARPA.

Charges for services increased by \$107,348. This variance was due to the (\$17,305) increase in Passport Service, the (\$283,785) increase in the Recreation and Cultural revenues, the (\$17,689) increase in Public Parking, and the Stormwater Utility fees (\$25,394). In addition, other charges for services increases include Rental Licenses Fee (\$44,211). The increases are offset by the reduction of (\$295,335) Speed Camera fines in the Public Safety category due to the malfunctioning of the machine during the third quarter of fiscal year 2023.

Miscellaneous revenue increased by \$202,514, primarily due to the increase of Community Grants awarded in fiscal year 2023. The grant increases include Affordable Homeownership (\$200,000) and the TP Coop Nursery (\$99,607).

Total expenses increased by \$2,410,686 from fiscal year 2022 to fiscal year 2023. General Government expenses decreased by \$573,564 in fiscal year 2023 due to the delay implementation of the HRIS system (\$246,000) and the reduction in personnel costs (\$153,000).

Public Safety expenses are \$104,706 higher than those for fiscal year 2022. The variance is primarily due to the increase in salary and fringe benefits in various divisions; and Speed Camera Program totaled (\$75,561), and increase in Gasoline and Contract costs totaled (\$31,026).

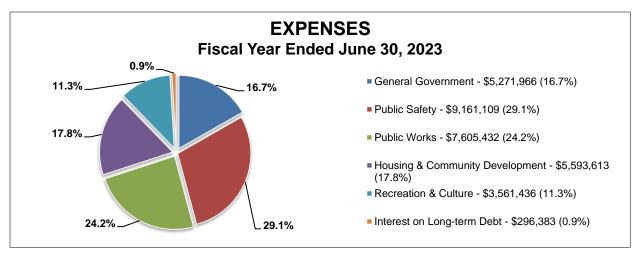

Public Works expenses increased by \$30,577 due to the decrease of (\$204,595) contract costs in various divisions, including the (\$20,130) cost of Outside Labor, the (\$90,972) Contract Work from Sustainable Division, the (\$114,906) Contract Work of the Urban Forest, and the (\$48,587) Engineering Work of the City Engineer. The salary and fringe benefit costs has decreased significantly (\$550,240) as well as the cost of snow removal material (\$60,643), which offset the depreciation charged to the Public Works of \$1,629,264.

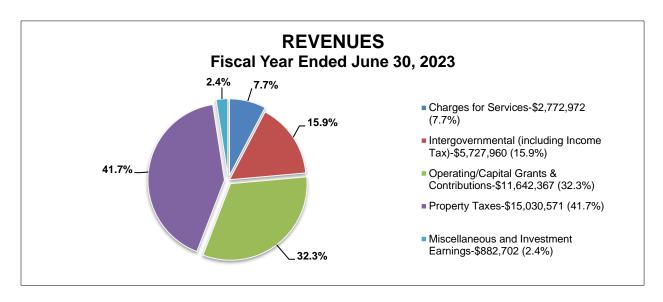

Housing and Community Development expenses increased by \$4,989,731 due primarily to the (\$2,324,049) increase in Housing and Community Development services provided by the ARPA Fund. In Special Revenue Fund, the expenses were increased by new grants awarded totaling (\$1,816,505) and operating and personnel costs increases totaling (\$231,846).

Recreation and Culture expenses decreased by \$584,900 from fiscal year 2022 to fiscal year 2023. The decrease was primarily due to a decrease of (\$497,780) in Salary and other Fringe Benefit expenses, and an overall decrease of (\$108,558) in recreation program and cultural activity costs due to the preparation of the Library Construction.

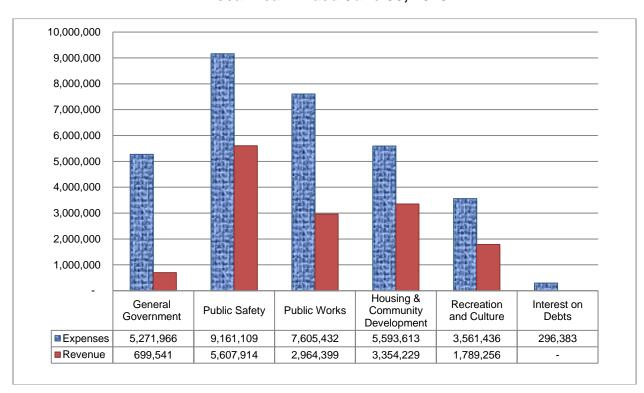

Interest on long-term debt increased by \$9,776 from fiscal year 2022 to fiscal year 2023 due to the principal paydown of the City's three outstanding bond funds including the Transportation and Library Bond Series of 2017 and the Community Center Bond Series of 2015. Compensated Absences increased by \$25,601.

As shown previously, the cost of all governmental activities was \$31,489,939. Those who directly benefited from the services paid \$2,772,972 of the activity costs. The City also received operating and contributions from other governments and organizations of \$11,642,367 which reduced the amount paid by City residents for certain services. The net cost of the City's governmental activities totaled \$17,074,600 and was funded with general revenues, including property taxes and intergovernmental revenues.

COMPARISON OF PROGRAM REVENUES VERSUS EXPENSES Fiscal Year Ended June 30, 2023

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related requirements. In this section, the discussion should explain the underlying reasons for the significant changes in fund balances or net fund position.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. As of June 30, 2023, the City's governmental funds had combined fund balances of \$24,890,748, a decrease of \$568,024 from the prior year. Approximately 36.9% of the combined fund balance amount is restricted or considered "nonspendable" and is not available for new spending. The portion of the fund balance that is restricted or not available for spending totals \$9,166,609, which included \$5.3 million in the General Fund and \$3.7 million in the Speed Camera Fund. Compared to fiscal year 2022, there is a reduction of \$0.9 million in the Bond Restricted Reserve of the General Fund. The reduction is attributed to the increased expenditures in Library construction. The use of these funds is restricted for expenditures primarily for Street Improvement, Speed Camera Program, Special Revenue Grants, and Library Construction.

The General Fund is the chief operating fund of the City. At the end of the fiscal year, it had a total fund balance of \$20,561,618, an increase of \$237,549 from fiscal year 2022. The increase is due to the surplus of \$216,210 and the proceeds received for the sales of City property in the amount of \$21,339.

The General Fund fund balance includes \$97,575 which is restricted for street improvements, \$4,625,476 which is restricted for bond payment, and \$9,700 which is nonspendable (e.g., deposits and prepaid expenditures). A portion of the General Fund fund balance, totaling \$7,000,187, or 34.0% is committed for the following purposes:

•	Equipment Replacement	4,155,156
•	Facility Maintenance	487,904
•	Housing Fund Reserve	1,135,064
•	Designated -Subsequent Years	1,222,063

Due to the condition of deficiency of revenues over expenditure in the budget of fiscal year 2024, the City is obligated to apply the deficit amount into designated funds in the reserve. The amount of \$1,222,063 is included in committed fund balance, and it will avoid accidental misuse of obligated funds. The unassigned portion of the General Fund fund balance as of June 30, 2023 is \$8,230,439, which is an increase of \$3.66 million from the previous year. The unassigned balance for the year increased primarily due to the release of \$1.7 million from the restricted and \$2.3 million from the committed fund balance to the unassigned balance.

Besides the General Fund, the City has three major funds and three non-major governmental funds. The Speed Camera Fund was established to account for the activity related to the City's Safe Speed Program. Fines and fees collected during fiscal year 2023 totaled \$701,412. These fines and fees cover operational costs, including the contractual payments to the program vendor, other program administration costs including staffing, and ticket processing costs. Revenues not required for program administration costs are restricted by law and must be used for public safety purposes. The Speed Camera Fund had a fund balance of \$139,674 at June 30, 2023. The ending fund balance reflected a reduction of \$527,640 from the year before. The balance decreased primarily due to the increased expenditures in capital projects and decreased revenue from fines and forfeitures. The entire fund balance is restricted for public safety purposes.

The Special Revenue Fund is also a major fund. This Fund was established primarily to account for revenue and expenditure activity related to the City's grant activities. The Special Revenue Fund had a fund balance of \$3,695,616 as of June 30, 2023. Most of the fund balance is restricted for the acquisition of cable equipment. The amount that is restricted for cable equipment is \$3,667,923. The remaining fund balance of \$27,693 is restricted for police-related expenditures allowed by the Department of Justice Equitable Sharing Program. The decrease in the fund balance of the Special Revenue Fund is due to the \$45,272 excess of Cable Grant expenditures over revenues.

The ARPA Fund is a major fund created in fiscal year 2022. The City was awarded the funding from the United States Treasury and received a total of \$17.5 million in fiscal year 2022 and fiscal year 2023. ARPA funding eligibility can be used in the primary categories per federal guidelines: Public Health and Economic Impacts, Premium Pay, Investments in Infrastructure, and Standard Allowance. This fund was established primarily to account for revenue and expenditure activities related to the City's grant activities and eligible use of Standard Allowance. As of June 30, 2023, the ARPA Fund total expenditure was \$3,469,634, the total revenue was \$3,470,707, and the fund balance was \$1,345 as the majority of the unused fund was transferred to unearned revenue. The City is eligible to use the remaining funding by fiscal year 2026.

The City has three non-major funds: the Stormwater Management Fund, the Rehabilitation Loans and Grants Fund, and the Community Center Fund.

The Stormwater Management Fund, which was established to account for revenue and expenditure activity related to the maintenance and construction of the City's stormwater systems, had a fund balance of \$483,813 as of June 30, 2023.

The Rehabilitation Loans and Grants Fund, which was established to account for activities related to loans and grants to assist low- and moderate-income City homeowners in rehabilitating their homes to conform to locally adopted codes, had a fund balance of \$8,682 as of June 30, 2023. The entire fund balance is restricted and related to outstanding notes receivable.

The Facility Construction Fund was established to account for construction activities related to the City's community and municipal center. During fiscal year 2023, there was no construction activity related to the community and municipal center that used this fund. The Facility Construction Fund did not have a fund balance at June 30, 2023.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the fiscal year, there were net decreases totaling \$7,478,784 in General Fund expenditure appropriations between the final budget and the actual spending. The largest decrease in the appropriations was related to capital outlay. The net decrease in the budget for the capital outlay was \$3,819,473. These projects included the Library construction with a reduction of \$3,315,458 and Capital Equipment expenditure with the decrease of \$373,642. Equipment Reserve expenditure appropriation reduced by 577,414, and Building Maintenance expenditure reduced by \$200,801. The reduction in the actual appropriations of the Library construction was due to the one-year delay of permit certificate approval. In addition, there were budget decreases in various departments including General Government (decreased \$1,030,188), Public Works (decreased \$1,123,910), Housing and Community Development (decreased \$981,048), and Recreation and Culture (decreased \$448,603). The reduction in the expenditure appropriation was primarily due to staff vacancies and cancellation of program activities from various departments.

On a budgetary basis, actual revenues for the fiscal year were more than the final amended budget by \$1,449,099. The most significant tax revenue increases were due to the income tax revenue, which was higher than the budgeted amount by \$555,622, and the personal property collection was higher than the budgeted amounts by \$86,277. Intergovernmental revenue was \$420,649 higher than the budgeted amount due to the tax duplication adjustment provided by the Montgomery County. Use of Money and Investment revenue were above the budgeted amount by \$197,708 due to the multiple interest rate adjustments by the Federal Reserve Bank during the year.

Actual General Fund expenditures were \$7.5 million less than the revised budget authorization. General Government expenditures were \$1,030,188 less than the final amended budget. The budget for General Government includes expenditures (e.g., insurance premiums, workers' compensation, contingencies, and provision for allowance) that relate to all City functions. Anticipated expenditures for general contingencies were \$135,281 less than budgeted. Housing Fund expenditures were \$40,000 less than budgeted and Partnership Programs, Workers Compensation Insurance, and other fringe benefits expenditures were less than the budgeted totaling \$86,113.

Contractual services and personnel costs in Human Resources and Information Technologies were \$350,538 less than budgeted. City Attorney legal service contract costs were \$102,428 less than budgeted. Overall division salary costs were \$241,825 less than budgeted.

Public Safety expenditures were \$75,561 less than budgeted due to lower than expected part-time salary and fringe benefit costs of (\$98,300) in the Administration Services division.

Public Works expenditures were \$1,123,910 less than budgeted. The variance was due to staff vacancies and lower than anticipated expenditures for contractor work. In the Sustainability division, lower than anticipated expenditures in sustainability programs and climate resiliency contracts totaled \$409,827. In the Building Maintenance and Solid Waste division, lower than anticipated expenditures included personnel costs totaling \$212,885 primarily due to the vacancy and hiring of the new Building Maintenance and Waste Management Supervisors. In the Right of Way division, the snow removal

service cost and personal cost were \$115,868 less than budgeted. In the City Engineer division, the material cost and labor for subcontractor was \$134,784 less than budgeted.

Housing and Community Development expenditures were \$981,048 less than budgeted. Overall personnel costs were down \$584,268 due to the vacant positions. Contract and program services were down \$314,375 due to the delays in the implementation of projects that were deferred and lower than anticipated need for contracted services.

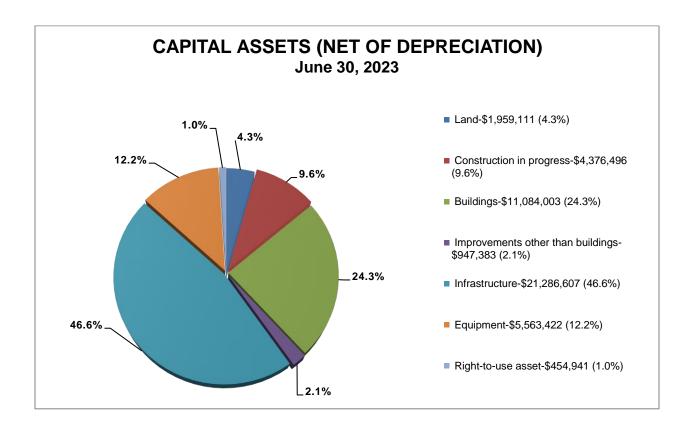

Expenditures for Recreation and Culture were \$448,603 less than budgeted. Recreation and Culture activities include those of the Recreation, Library, and Communications Departments. In the Recreation divisions, the actual contract and program expenditures were \$112,796 lower than budgeted. The variance of \$231,204 in personnel costs was attributed to the overall staffing cost reduction due to program cancellation. The Library's expenditures were \$25,886 under the budgeted amount mainly due to the reduction of personnel related salaries and book purchases.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

As of June 30, 2023, the City's investment in capital assets (buildings, roads and other infrastructure, vehicles, and equipment) for its governmental activities totaled \$45,671,963 (net of accumulated depreciation). This amount represents an increase of \$3,421,147 from the prior year's ending total capital assets of \$42,250,816. The increase was attributable to net asset additions of \$2,163,092 in Construction in Progress, \$803,114 in Depreciable Capital Assets, and net of depreciation expense of \$2,600,015. The amount of asset disposal was \$234,517 during the year, and there was a transfer of \$141,998 from Construction in Progress to Depreciable Capital Assets. The City had an addition of right-to-use asset (\$454,941) due to the new lease agreement beginning in September 2022. Asset additions made during the fiscal year included equipment for Public Safety (\$353,105), Housing and Information Technology equipment (\$63,624), and General Government (\$515,719). Infrastructure improvements totaling \$1,629,264 included new sidewalks, New Avenue Bikeway, and the Takoma Branch Stream restoration project. Further information on the City's capital assets is shown in following table:

	Governmental Activities				
	2023	2022			
Capital Assets (net of depreciation):					
Land	\$ 1,959,111	\$ 1,959,111			
Construction in progress	4,376,496	2,213,404			
Buildings	11,084,003	12,240,514			
Improvements other than buildings	947,383	95,129			
Infrastructure	21,286,607	22,752,546			
Equipment	5,563,422	2,990,112			
Right-to-use asset	454,941	<u> </u>			
TOTAL	\$ 45,671,963	\$ 42,250,816			

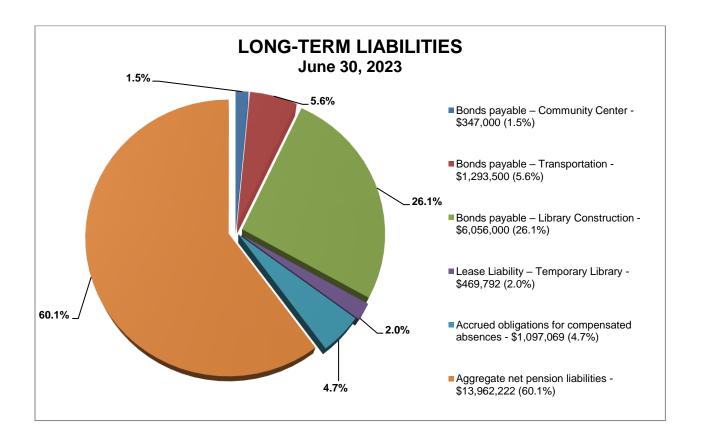

Additional information on the City's capital assets can be found in Note 9 - Capital Assets and Other Property on pages 59 and 60 of this report.

Long-term Liabilities

At year-end, the City had \$9,263,361 in long-term liabilities, an increase of \$33,294 or about 0.36% from the prior year. The outstanding debt is comprised of long-term bonds, accrued obligations for compensated absences, and lease liability. The increase in outstanding debt was primarily due to the principal payments on existing debt totaling \$462,000, net of the increase of \$25,502 in compensated absences and the addition of Library lease liability of \$469,792.

The City's aggregate net pension liability totaled \$13,962,222 at year-end, an increase of \$944,862 from the prior year. The significant increase in the Police Pension liability was due to the change in investment value of pension assets, inflationary indexes, and the salary increase in the police force. The changes in liabilities are based on the actuarial valuations. Further information on the City's outstanding debt is shown in the following table. Information for the prior fiscal year is shown for comparative purposes.

	Governmental Activities		
	2023	2022	
LONG-TERM LIABILITIES:			
Bonds payable – community center (2015)	\$ 347,000	\$ 513,000

Additional information on the City's long-term debt can be found in Note 10- Non-Current Liabilities on pages 60-62 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND TAX RATES

The following are some highlights of the adopted budget for the fiscal year beginning July 1, 2022:

- Real property tax rate increase to \$0.5522 per \$100 of assessed valuation. Real property tax revenues increase by \$1,029,079 compared to fiscal year 2023 budgeted revenues.
- Tax duplication ("In Lieu Of") payments from Montgomery County, with the inclusion of Police Rebate, will adjust to \$5,239,703. The payments will increase by \$106,418.
- Staffing levels increase by 0.16 full-time equivalents. The net increase reflects some adjustments
 in existing positions primarily an addition of a half-time position in Housing and Community
 Development, some part-time staff in the Public Works, and offset by the part-time staff reduction
 in Recreation.
- Anticipated General Fund Capital Improvement expenditures of \$117,000 for street lights upgrade (\$20,000), parking and code enforcement lease vehicle purchases (\$72,000), and data center security and firewall enhancement (\$25,000). The fiscal year 2024 cost of Library design and renovation is expected to be \$1.05 million and is funded by the Library Bond.
- Continued funding of \$140,000 for the City's local supplement to the State Homeowner Property Tax Credit Program.
- Contribution of \$550,000 to replenish the Equipment Replacement Reserve. Funds from the
 Equipment Replacement Reserve will be used to replace vehicles and equipment, including
 seven police cars (\$437,360), a recreation small bus (\$120,000), and a walk behind mower
 (\$12,000).
- No fund contribution will be made to the Facility Maintenance Reserve. Funds from the Facility Maintenance Reserve will be used to replace the front gate at Public Works (\$32,000) and the third-floor renovation for IT and Cable (\$75,000).
- Financial support for the Community Festival and Fourth of July Festival totaling \$17,000 and \$20,000. Funds are set aside for grant programs including the Emergency Tree Removal (\$20,000), Summer Enrichment Program (\$45,000), and Community Play (\$10,000).
- The City received the second half of federal funding under the ARPA totaling \$17.5 million in fiscal year 2023, with the first tranche received in fiscal year 2022. The ARPA Fund was created in fiscal year 2022 to respond to the needs of community due to the COVID-19 pandemic. It aims to support hardest-hit communities and lay the groundwork for an equitable economic recovery.
- An additional \$3.5 million will be funded by ARPA for the design and renovation of the Library.

- A total of \$200,000 is provided to support the Housing Reserve Fund.
- In fiscal year 2024, \$1.3 million of the General Fund expenses will be redistributed to the ARPA Fund. This includes the ADA Sidewalks (\$300,000), SHA Sidewalks (\$150,000), new Sidewalk design and traffic calming (\$200,000), and the Street Rehabilitation (\$250,000). The Bike Improvement Project (\$40,000), City match for Maple Avenue Connectivity Project (\$50,000), Metro Branch (\$12,000), New Hampshire Avenue Bikeway Project (\$61,200), and Neighborhood Commercial Center Program (\$57,457) will be redistributed as well.
- Funding in the amount of \$250,000 for Stormwater Fund expenditures for the construction, maintenance, and repair of storm drains, inlets, channels, and ditches in the Jefferson Avenue Bio Retention Facility (\$120,000), Albany and Baltimore Avenue (\$75,000), and Houston Avenue (\$55,000).
- Funding in the amount of \$1 million in Special Revenue Fund projects has been allocated for the expansion of IT and City TV office, the Neighborhood Improvement, the New Hampshire Avenue Bikeway, the Recreation Center Design, and for Remote Production and Control Room Relocation.
- Anticipated expenditure of \$68,500 from Speed Camera Fund. Expenditures include the
 purchase of bike patrol unit equipment (\$6,000), field radio equipment (\$37,500), and mobile
 computers (\$25,000).

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide residents, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to show the City's accountability for the monies it receives. If you have any questions about this report or need additional information, please contact the City of Takoma Park Finance Department, 7500 Maple Avenue, Takoma Park, Maryland 20912 or 301-891-7212.

CITY OF TAKOMA PARK, MARYLAND RECONCILIATION OF BALANCE SHEET - GOVERNMENTAL FUNDS TO STATEMENT OF NET POSITION JUNE 30, 2023

TOTAL GOVERNMENTAL FUND BALANCES		\$ 24,890,748
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.		45,671,963
Some of the City's revenues will be collected after year end but are not available soon enough to pay for the current period's expenditures and, therefore, are unavailable in the funds.		1,937,245
Some liabilities are not payable in the current period and, therefore, are not reported in the funds. Those items consist of:		
Interest payable Lease liability Bonds and notes payable Compensated absences Net pension liability	\$ (66,245) (469,792) (7,696,500) (1,097,069) (13,962,222)	(23,291,828)
Deferred inflows and outflows of resources related to the City's net pension liability are based on the differences between actuarially determined actual and expected investment returns, changes of benefit terms, and changes of assumptions. These amounts will be amortized over the estimated remaining average service life of the employees.		
Deferred outflows of resources - pension Deferred inflows of resources - pension	4,429,840 (2,494,086)	1,935,754
NET POSITION OF GOVERNMENTAL ACTIVITIES		\$ 51,143,882

CITY OF TAKOMA PARK, MARYLAND RECONCILIATION OF STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS TO STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2023

NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS		\$ (568,024)
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the effect of these differences:		
Capital outlays Depreciation expense	\$ 6,172,808 (2,751,661)	3,421,147
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		16,276
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of government funds. Neither transaction, however, has any effect on net position.		(7,792)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds:		
Accrued interest payable Compensated absences	2,762 (25,502)	(22,740)
Pension expenses in the statement of activities differ from the amount reported in the governmental funds because pension expenses are recognized on the statement of activities based on the changes in the actuarially determined net pension liability, whereas pension expenditures are recognized in the governmental funds when a requirement to remit		
contributions to the plan exists.		1,727,766
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES		\$ 4,566,633

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the City of Takoma Park, Maryland ("the City") conform to accounting principles generally accepted in the United States of America ("GAAP") as applicable to local governments. A summary of significant accounting policies followed by the City are presented below.

Reporting Entity

The City was incorporated in 1890 with its legal authority derived from Chapter 310, Section 2 of the Annotated Code of Maryland. The City is construed to mean both the City and its inhabitants. Since 1989, the City has operated under the Council-Manager form of government. Services provided include refuse, streets and drainage, recreation and parks, police, planning, community development, and housing services.

For financial reporting purposes, in conformance with GAAP, the reporting entity includes the City Council, the primary government, and the following fiduciary funds:

- City of Takoma Park Police Employees' Retirement Plan (Pension Trust)
- City of Takoma Park Employees 401(a) Plan (Defined Contribution Plan)

The City has no component units as defined by generally accepted accounting principles.

Additional information and actuarial reports for the pension plan and additional plan information for the 401(a) plan may be obtained from the City Clerk's office, 7500 Maple Avenue, Takoma Park, Maryland 20912.

Government-wide and Fund Financial Statements

The statement of net position and the statement of activities report information on all of the non-fiduciary activities of the City. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions are that interfund services provided and used are not eliminated in the process of consolidation. Governmental activities are those which are supported by taxes and intergovernmental revenues, whereas business-type activities are those supported through customer service charges. The City does not have any business-type activities.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the City's governmental activities. Direct expenses are those specifically associated with a program or function. Program revenues include charges for services and grants and contributions restricted to the capital or operational requirements of specific programs or functions. Revenues that are not classified as program revenues, such as taxes, are reported as general revenues.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 1 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

Separate financial statements are shown for governmental funds and fiduciary funds, even though fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accounting and financial reporting is determined by its measurement focus. Government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flow. Property taxes are recognized in the year of levy, and grants are recognized when all eligibility requirements are met. For pension trust funds, employee and employer contributions are recognized as revenues in the period in which employee services are performed.

Governmental fund statements are presented using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e. when they become both measurable and available). Measurable means the amount of the transaction that can be determined, and available means collected within 60 days of the year-end. Expenditures are recorded when the related liability is incurred as in the accrual basis of accounting. However, principal and interest on long-term debt and expenditures for compensated absences are recorded when the payments are due.

Those revenues susceptible to accrual are property taxes, taxes collected by the state and county on behalf of the City, franchise taxes, revenues from other agencies, interest revenue, and charges for services. Fines and forfeitures, licenses, permits, penalties and interest (on property taxes), and other revenues become measurable and available when cash is received by the City and are recognized as revenue at that time.

The City has four major governmental funds: General Fund, Speed Camera Fund, Special Revenue Fund, and American Rescue Plan Act ("ARPA") Fund. The General Fund accounts for the normal recurring activities of the City such as police, public works, recreation and parks, general government, etc. These activities are financed primarily by property taxes, other taxes, service charges, and grants from other governmental units. The Speed Camera Fund accounts for the financial activity related to the City's speed enforcement cameras. The Special Revenue Fund was established to account for the financial activity of proceeds of special revenue sources that are legally restricted to expenditure for specific purposes. The ARPA Fund accounts for the financial sources from the ARPA Fund grant and the related

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 1 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

expenditures. During fiscal year 2023, most Special Revenue Fund revenues came from cable companies for upgrading cable equipment. Other Special Revenue Fund revenues included the Community Development Block Grants, Washington Suburban Sanitary Commission grant for water main design work for Flower Avenue, and highway funds for Safe Routes to School projects. There are three non-major governmental funds: the Stormwater Management Fund, the Rehabilitation Loans and Grants Fund, and the Community Center Fund. The Stormwater Management Fund was established to track the financial activity related to construction of the City's stormwater management facilities. The Rehabilitation Loans and Grants Fund accounts for the financial activity related to the City's rehabilitation loans and grants. The Community Center Fund accounts for the financial activity related to the City's community center. The Fiduciary Fund accounts for the financial activity of the City's Police Employees' Retirement Plan and the City's defined contribution pension plan.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Assets, Liabilities, Deferred Inflows and Outflows of Resources, Net Position, and Fund Balances

Cash, Cash Equivalents, and Investments

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months at the time of purchase. All cash, cash equivalents, and investments are reported at fair value except for the position in the Maryland Local Government Investment Pool ("MLGIP"). The MLGIP operates in conformity with all of the requirements of the Securities and Exchange Commission (SEC) Rule 2(a)-7 as promulgated under the Investment Compact Act of 1940, as amended. Accordingly, the MLGIP qualifies as a 2(a)7-like pool and is reported using the amortized cost method. Cash deposits of the City are made in accordance with the Annotated Code of Maryland ("the Code"), which requires depositories to give security in the form of collateral as provided for in the Code, for the safekeeping of these deposits.

Excess funds are also permitted to be invested either in bonds or other obligations for the payment of principal and interest of which the full faith and credit of the United States of America are pledged, obligations of federal government agencies issued pursuant to acts of Congress, or in the local government investment pool created by the State of Maryland. The Pension Trust Funds are also authorized to invest in corporate bonds and notes, preferred stocks, and common stocks. Assets in the Pension Trust Funds are also reported at fair value.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Receivables and Payables

Property taxes are reported at their estimated collectible value. The following summarizes the property tax calendar:

	Real Property	Personal and Corporate
Assessment roll validated	December 31	January 1
Tax rate ordinance approved	June 30	June 30
Beginning of fiscal year for which		
taxes have been levied	July 1	July 1
Tax bills rendered and due	July 1	On County bill
Owner-occupied residential	July 1 and January 1	July 1 and January 1
Property taxes payable:		
Delinquent	October 1, January 1	After 30 days
Terms	60 days	30 days
Delinquent interest, per month	2/3 of 1%	2/3 of 1%

Information presented is for a "full year" levy. "Half year" levy dates are each six months later and relate to new construction in the first six months of the calendar year. A lien is attached to property on the billing date and sold at tax sale by the end of 18 months.

Allowances for uncollectible accounts are maintained on all types of receivables that historically experience bad debt. Receivables are shown net of such an allowance for uncollectibles. Real property taxes are generally fully collectible.

Capital Assets

Capital assets, which include property, plant, and equipment and infrastructure such as roads, storm drains, and pipe systems, are reported in the governmental activities in the government-wide financial statements. In accordance with Governmental Accounting Standards Board ("GASB") Statement No. 34, the City has included infrastructure. The City defines capital assets as those which have an individual acquisition cost or donated value of at least \$5,000 (except for infrastructure which is \$100,000) and an estimated useful life of three years or more. Such assets are valued at historical or estimated historical cost if actual cost is not available. Donated assets are stated at their acquisition value at the date of donation. The cost of normal maintenance and repairs that do not add value or extend asset lives are not capitalized.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Intangible assets are capitalized at historical cost or acquisition value, if donated. Capitalization thresholds are \$500,000 for internally generated computer software, \$250,000 for other computer software, and \$100,000 for land use rights and other intangible assets such as patents, trademarks, and copyrights.

Expenditures for major assets and improvements are capitalized as the assets are acquired or constructed. Interest on debt during the construction period is capitalized. Exhaustible capital assets are depreciated, which is charged as an expense against their operations. Land is not an exhaustible asset and is a non-depreciable asset. Accumulated depreciation is reported in the statement of net position. Depreciation has been provided over the estimated useful lives using the straight-line method. Intangible assets are amortized over their useful lives using the straight-line method if they do not have indefinite useful lives. Estimated useful lives are as follows:

Buildings 20 - 40 years Improvements other than buildings 25 - 50 years Equipment 4 - 10 years Infrastructure 25 - 50 years Right-to-use asset life of lease

Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

Long-term obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. In the governmental fund financial statements, the face amount of newly issued debt is reported as other financing sources, and the amount of principal repayment is reported as an expenditure.

Compensated Absences

Full-time employees earn 4.62 hours of sick leave for each pay period. Sick leave may be accumulated with no maximum balance, and may be applied day-for-day in order to assist an employee in meeting the years of service retirement requirement under the Pension Plan of the State of Maryland. No liability is recorded for non-vesting accumulated rights to

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 1 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

receive sick pay benefits, as the City does not pay these amounts when employees separate from service.

Employees earn annual vacation leave at the rate of 12 days per year for up to five years of service, 18 days per year for five to 10 years of service, and 24 days per year for over 10 years of service. Vested vacation is accrued when earned by employees, and a liability is recorded in the government-wide statements. All outstanding vacation, not to exceed 240 hours, is payable upon separation of service.

For governmental fund types, the amount of accumulated unpaid vacation and sick leave that is payable from available resources is recorded as a liability of the respective fund only if it has matured, for example, as a result of employee retirements and resignations.

Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until then.

Net Position

Equity is classified as net position and is displayed in three components:

Net investment in capital assets – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings, and reduced or increased by deferred inflows and outflows attributable to the acquisition, construction, or improvement of those assets.

Restricted net position – Consists of net position with constraints placed on their use either by 1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or 2) law through constitutional provisions or enabling legislation and are reduced by liabilities and deferred inflows of resources related to those constraints.

Unrestricted net position – Consists of net position that does not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first and then unrestricted resources as needed.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Governmental Fund Balances

In the governmental fund financial statements, fund balances are classified as follows:

Non-spendable – amounts that cannot be spent either because they are in a non-spendable form or because they are legally or contractually required to be maintained intact.

Restricted – amounts that can be spent only for specific purposes because of restrictions imposed externally by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or imposed by the City Charter, City Code, or enabling legislation.

Committed – amounts that can be used only for specific purposes determined by a formal action (ordinance) by City Council, the City's highest level of decision-making authority, and can only be changed by a formal action by City Council ordinance.

Assigned – amounts that are constrained by the City's intent that they will be used for specific purposes but are neither restricted nor committed. Pursuant to the City Charter, the City Manager and the City Council are authorized to assign amounts for specific purposes.

Unassigned – all amounts not included in other spendable classifications.

It is the City's policy to maintain minimum unassigned balance of no less than 17% of the City's General Fund total revenue. In the event that the unassigned fund balance drops below the minimum level, the City shall plan to adjust budget resources in the subsequent fiscal year(s) to restore the balance. If fund equity exceeds the minimum level, the excess is available for appropriation.

The City considers restricted fund balances to be spent for governmental expenditures first when both restricted and unrestricted resources are available. The City also considers committed fund balances to be spent first, assigned fund balances to be spent second, and unassigned fund balances be spent last when other unrestricted fund balance classifications are available for use.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (cont'd)

- 1. Prior to July 1, the budget is legally enacted through passage of an ordinance.
- 2. The budget ordinance becomes effective July 1 and provides spending authority for the operations of the City government.
- In compliance with the City Charter, a general expenditure contingency (equal to at least 0.5% of total budgeted revenue for the general fund) is budgeted. The account is maintained to meet extraordinary or unanticipated expenditures as directed by the Council.
- 4. The City Manager may reallocate expenditures within the budget adopted by the Council, subject to such restrictions as the Council shall impose by ordinance. Subsequent to passage of the budget ordinance, the City Council must approve additional expenditures.
- 5. At the end of the fiscal year, unencumbered appropriations lapse.
- 6. The annual budgets for the General, Stormwater Management, Speed Camera Fund, and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles. Budgetary control is maintained at the fund level. An annual budget is not adopted for the Rehabilitation Loans and Grants Fund, ARPA Fund, and the Facility Construction Fund.
- 7. The budget information presented in the accompanying basic financial statements includes all budget ordinances and amendments as approved by the City Council for the fiscal year ended June 30, 2023.

Expenditures Over Appropriations

For the year ended June 30, 2023, expenditures over appropriations were as follows:

	Gene Fun		ARPA Fund	Special Revenue Fund
Public works Housing and community development	\$	-	\$ - 1,099,208	\$1,000,000

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS

Cash on Hand

At year-end, cash on hand for petty cash and change funds was \$1,376.

Deposits

At year-end, the carrying amount of the City's deposits was \$32,151,537, and the corresponding bank balances were \$32,905,199. Of the bank balances, \$320,994 was covered by Federal Depository Insurance, and \$32,584,205 was covered by collateral held in the pledging bank's trust department in the City's name. The City was not exposed to custodial credit risk as of June 30, 2023.

<u>Investments</u>

At June 30, 2023, the City's investment balances by type were as follows:

	Credit		Investm	ment Maturities (In Years)		
	Rating	Fair Value	Less than 1	1 - 5	More than 5	
Equities*	N/A	\$14,893,071	\$ -	\$ -	\$ -

Investment Interest Rate Risk

Fair value fluctuates with interest rates, and increasing interest rates could cause fair value to decline below original cost. To limit the City's exposure to fair value losses arising from increasing interest rates, the City's investment policy limits the term of investment maturities except in the fiduciary funds, for which longer term maturities are allowed to match the cash flow of liabilities. The City's management believes the liquidity in the portfolio is adequate to meet cash flow requirements and to preclude the City from having to sell investments below original cost for that purpose. The investments at June 30, 2023 met the City's investment policy as of that date.

The calculation of realized gains and losses is independent of the calculation of the change in the fair value of investments, and realized gains and losses of the current period include unrealized amounts from prior periods.

Credit Risk

The City follows GASB Statement No. 79, "Certain External Investment Pools and Pool Participants," which requires disclosure of specific criteria regarding external investment pools. The City invests in the MLGIP, which is under the administration of the State Treasurer. The MLGIP was established in 1982 under Article 95 Section 22G of the Annotated Code of Maryland. The MLGIP seeks to maintain a constant value of \$1.00 per unit. Unit value is

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (cont'd)

computed using the amortized cost method. In addition, the net asset value of the pool, marked to market, is calculated and maintained on a weekly basis to ensure a \$1.00 per unit constant value. The City's policy is to attain a rate of return consistent with credit risk. All investments in U.S. Government Agencies Bonds are rated AAA by Standard & Poor's as of June 30, 2023. The MLGIP is rated AAA by Standard & Poor's. The repurchase agreements are guaranteed by financial institutions that are rated AAA by Standard & Poor's. The City places no limit on the amount the City may invest in any one issuer. The fiduciary fund investments have an investment policy that is designed to provide benefits as anticipated through a carefully planned and executed investment program that achieves a reasonable long-term total return consistent with the level of risk assumed.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of failure of the counterparty, the City will not be able to recover all or a portion of the value of its investments or collateral securities that are in the possession of an outside party. The City's investments were \$1,471,234 in MLGIP, \$5,189,087 in the Bond Trustee Account, \$14,893,071 in direct securities, \$1,729,092 in certificates of deposit, \$539,043 in the Collective Investment Trust, and \$6,352,277 in fixed income funds. At June 30, 2023, all of the City's investments were insured or registered, or the securities were held by the City or its agent in the City's name or were invested in MLGIP.

NOTE 4 FAIR VALUE MEASUREMENTS

The City has adopted GASB Statement No. 72, "Fair Value Measurement and Application." This statement establishes a hierarchy of inputs to valuation techniques used to measure fair value:

- Level 1 quoted market prices in active markets
- Level 2 inputs other than quoted market prices that are observable either directly or indirectly
- Level 3 unobservable inputs

The City has the following recurring fair value measurements as of June 30, 2023:

 Amounts invested in equities of \$14,893,071 and fixed income of \$6,352,277 are comprised of securities valued using quoted market prices (Level 1) which are then allocated to position holders. These funds are required to publish their daily net asset value and to transact at that price.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 4 FAIR VALUE MEASUREMENTS (cont'd)

Amounts invested in certificates of deposit of \$1,729,092 are comprised of securities
which are priced by industry standard vendors, using observable inputs such as
benchmark yields, reported trades, broker/dealer quotes, and issuer spreads (Level 2)
which are then allocated to position holders at a per unit value.

The following table presents the financial assets that the City measures at fair value or amortized cost:

	Level 1	Level 2	Level 3	Total
Investments by fair value level: Equities Certificates of deposit Fixed income	\$ 14,893,071 - 6,352,277	\$ - 1,729,092 -	\$ - - -	\$ 14,893,071 1,729,092 6,352,277
Total Investments by Fair Value Level	\$ 21,245,348	\$ 1,729,092	\$ -	\$ 22,974,440
Investments carried at amortized cost: MLGIP Bond trustee account Collective investment trust				1,471,234 5,189,087 539,043
Total Investments				\$ 30,173,804

NOTE 5 PROPERTY TAXES

Real and personal property taxes are levied at rates enacted by the City Council in the annual budget ordinance on the assessed value of the property as determined by the Maryland State Department of Assessments and Taxation. The rates of levy cannot exceed the constant yield tax rate furnished by the Maryland State Department of Assessments and Taxation without public notice and only after public hearings.

The real, personal property, and public utility tax rate for fiscal year 2023 was \$0.5397 per \$100, \$1.55 per \$100, and \$1.57 per \$100, respectively, of assessed value. The City charges taxpayers interest (at the rate of 2/3 of 1% per month) and penalties (at the rate of 1% per month) on all overdue taxes.

Property tax revenues are recognized in the year levied and when they become available, including amounts expected to be collected soon enough after the end of the year to be used to pay liabilities of the current period (estimated by the City as 60 days). At June 30, 2023, taxes receivable, net of an allowance for uncollectibles of \$82,747, amounted to \$144,632.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 6 DEFERRED INFLOW OF RESOURCES - UNAVAILABLE AND UNEARNED REVENUES

Governmental funds report advanced revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds and governmental activities also defer revenue recognition in connection with resources that have been received but not earned. At June 30, 2023, the unavailable revenue and unearned revenue reported in the governmental funds were as follows:

	Unavailable	<u>Unearned</u>	Total
Income taxes, general fund property			
taxes receivable	\$ 1,897,254	\$ -	\$ 1,897,254
Fees, General Fund	-	102,964	102,964

Grant funds received in excess of expenditures, Special Revenue			
Fund	<u> </u>	69,802	69,802
	\$ 1,937,245	\$ 12,659,340	\$ 14,596,585

NOTE 7 INTERFUND RECEIVABLES, PAYABLE, AND TRANSFERS

The General Fund periodically advances funds to the Special Revenue Fund and the Facility Construction Fund to cover operating cash deficits. In addition, transfers are used to move unrestricted General Fund revenues to finance various programs that the City must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs. All interfund balances are expected to be repaid within one year.

The balances at June 30, 2023 of individual fund interfund borrowings were as follows:

	Due from Other Funds	Due to Other Funds
General Fund Speed Camera Fund	\$ 5,245,208 -	\$ 3,693,083 5,040,395

NOTE 10 NON-CURRENT LIABILITIES (cont'd)

Bonds Payable

On August 27, 2015, the City issued bonds in the amount of \$1,518,202 to be used for the community center construction project. The interest rate is 2.34%. Principal is repaid annually, and interest payments are made semiannually. The loan matures on April 1, 2025. The balance at June 30, 2023 is \$347,000. The annual installments for the repayment of the bond as of June 30, 2023 are as follows:

Fiscal Years Ended June 30,	<u>F</u>	Principal	 nterest	 Total
2024 2025	\$	171,000 176,000	\$ 12,170 7,040	\$ 183,170 183,040
Total	\$	347,000	\$ 19,210	\$ 366,210

On August 21, 2017, the City issued bonds in the amount of \$2,000,000 to be used to fund the transportation projects of Flower Avenue Green Street and Ethan Allen Gateway. The interest rate is 2.78%. Principal is repaid annually, and interest payments are made semiannually. The loan matures on April 1, 2032. The balance at June 30, 2023 is \$1,293,500. The annual installments for the repayment of the bond as of June 30, 2023 are as follows:

Fiscal Years Ended June 30,	Principal	Interest	<u>Total</u>
2024	\$ 129,500	\$ 36,787	\$ 166,287
2025	132,000	34,132	166,133

Lease Liability

On September 14, 2022, the City entered into a lease agreement to lease space for its library while the library building undergoes renovations. The lease is for three years with monthly payments of \$17,470 for the first year, \$18,170 for the second year, and \$18,900 for the final year. The lease ends on September 30, 2025. The lease liability at June 30, 3023 was \$469,792. The annual installments under the lease as of June 30, 2023 are as follows:

Fiscal Year Ended June 30,	<u>Principal</u>	<u>Interest</u>	Total
2024	\$ 196,811	\$ 19,129	\$ 215,940
2025	215,799	8,811	224,610

Total	\$ 469,792	\$ 28,346	\$ 498,138

NOTE 11 FUND BALANCES

Fund balances for the City's governmental funds consisted of the following as of June 30, 2023:

Nonspendable Fund Balances

Nonspendable fund balances as of June 30, 2023 are comprised of amounts that cannot be spent because they are in nonspendable form and consist of prepaid expenses totaling \$9,700.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 11 FUND BALANCES (cont'd)

Restricted Fund Balances

Restricted fund balances total \$9,166,609 as of June 30, 2023. The General Fund restricted fund balance at June 30, 2023 is \$5,321,292, of which \$4,625,476 is restricted for the bond reserve, \$95,575 pertains to street improvements, \$570,549 for emergency needs, and \$27,692 for public works. Fund balance in the Speed Camera Fund is restricted to public safety projects. At June 30, 2023, this amount was \$139,674. Most of the fund balance in the Special Revenue Fund is restricted to cable equipment and related expenditures. At June 30, 2023, this amount was \$3,667,924. The remaining fund balance in the Special Revenue Fund of \$27,692is restricted for police-related expenditures allowed by the Department of Justice Equitable Sharing Program for forfeitures. The amount restricted in the Rehabilitation Loans and Grants Fund related to notes receivable is \$8,682 as of June 30, 2022. The American Rescue Plan Act ("ARPA") Fund is a major fund. This Fund was established primarily to account for revenue and expenditure activities related to the City's grant activities and eligible use of Standard Allowance. As of June 30, 2023, the ARPA Fund had a fund balance of \$1,345 as the majority of the funding was transferred to unearned revenue.

Committed Fund Balances

The General Fund has \$7,000,187 in committed fund balances as of June 30, 2023. This is comprised of the following:

Equipment replacement reserve	\$ 4,	155,156	
Facility maintenance reserve	4	487,904	
Housing fund reserve	1,	135,064	
Designated – subsequent years	1,2	1,222,063	
	\$ 7,0	000,187	

The Charter requires a minimum reservation of \$250,000 to cover emergency expenditures for the health, safety or welfare of persons, or actions necessary to perform essential governmental functions, plus a percentage increase each year, equal to the percentage increase in the Consumer Price Index. The City has committed \$541,646 for emergency expenses as of June 30, 2023.

Assigned Fund Balances

Assigned fund balance totaling \$483,813 as of June 30, 2023 is assigned to stormwater management projects.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 12 RETIREMENT PLANS

The City participates in the Maryland State Retirement and Pension System ("the System") described below and qualifies as a Participating Governmental Unit ("PGU"). The State Retirement Agency ("the Agency") is the plan administrator and fiduciary. GASB 68 requires that a PGU recognize its proportionate share of the System's net pension liability (i.e., unfunded pension liability) and pension expense. The City's proportionate share is based on total System contributions and approximates \$6,815,076 as of the measurement date of June 30, 2022.

The City has also adopted GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date, An Amendment of GASB Statement No. 68." GASB Statement No. 71 requires that contributions to the pension plan subsequent to the measurement date be recognized as a deferred outflow of resources. The City's fiscal 2023 contribution of \$836,215 is therefore recognized as a pension-related deferred outflow of resources.

Description of Plans

The State of Maryland identifies multiple-employer defined benefit pension plans as costsharing plans.

On October 1, 1941, the Employees' Retirement System of the State of Maryland was established to provide retirement allowances and other benefits to State employees, elected and appointed officials and the employees of participating governmental units. Effective January 1, 1980, the Employees' Retirement System was essentially closed to new members and the Employees' Pension System was established.

The Employees' Pension System of the State of Maryland ("the Pension System") was established on January 1, 1980. The Pension System covers employees hired after December 31, 1979, as well as Retirement System participants who have voluntarily joined the Pension System. The Employees' Contributory Pension System of the State of Maryland ("the Contributory Pension System") was established on July 1, 1998. As of July 1, 1999, and retroactively to July 1, 1998, the City elected to participate in the Contributory Pension System for all service earned on or after July 1, 1998.

Under the terms of the Contributory Pension System, a member hired may retire with full benefits upon attaining age 60 or after completing 30 years of eligible service regardless of age. A member may retire with reduced benefits prior to attaining age 60 after completing 25 years of eligible service. A member terminating employment before attaining retirement age, but after completing five years of eligible service, becomes eligible for a vested retirement allowance upon age 60.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 12 RETIREMENT PLANS (cont'd)

Under the terms of the Contributory Pension System, a member hired before July 1, 2011 may retire after 30 years of service regardless of age; at age 65 with two years of service; at age 64 with three years of service; at age 63 with four years of service; or at age 62 with at least five years of service. An employee hired before July 1, 2011 may also take early retirement with reduced benefits at age 55 with 15 years of service. A member hired before July 1, 2011 terminating employment before attaining retirement age, but after completing five years of eligible service, becomes eligible for a vested pension allowance upon reaching age 62. Members hired on or after July 1, 2011 may retire when their age and years of eligibility service totals 90 years or at age 65 with 10 years of eligibility service. Members hired on or after July 1, 2011 may retire with reduced benefits at age 60 with 15 years of eligibility service. A member hired on or after July 1, 2011 terminating employment before attaining retirement age, but after completing 10 years of eligible service, becomes eligible for a vested pension allowance upon reaching age 65.

On retirement from service, a member of any of these plans shall receive an annual service retirement allowance based on the member's average final compensation and years of creditable service multiplied by a factor. This factor varies from 1.2% to 2.0% per eligible service year, depending on employee/employer contributions and other plan-specific provisions. Early retirement, where available, is subject to provisions that reduce the benefit received.

Benefits under the two plans are established under the State Personnel and Pensions Article of the Annotated Code of Maryland.

The State Retirement and Pension System of Maryland issues an annual comprehensive financial report that includes disclosures regarding plan assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position. The pension plans' fiduciary net position has been determined on the same basis used by the pension plans. The pension plans' financial statements are prepared on the accrual basis of accounting and are prepared in accordance with accounting principles generally accepted in the United States of America that apply to governmental accounting for fiduciary funds. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value. Actual employer contributions billed to participating governmental units for the year ended June 30, 2021 are used as the basis for determining each employer's proportionate share of the collective pension amounts reported in the schedule of employer allocations. No adjustment was made for contributions between actuarially determined contributions and actual contribution by the State of Maryland. This report can be obtained from the Agency's office as follows:

State Retirement and Pension System of Maryland, 120 East Baltimore Street, Suite 1601, Baltimore, Maryland 21202-1600

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 12 RETIREMENT PLANS (cont'd)

Funding Policy

Obligations to contribute to the plans are under the Annotated Code of Maryland. Members of the three plans contribute a percentage of their gross employee compensation. For the Retirement System and Contributory Pension System, members contribute 7%, 5%, or 2%. The contribution rate to the Contributory Pension System was 5% for fiscal year 2011 and will be 7% for each fiscal year thereafter.

Required contributions under the plans are not funded by employee contributions but are funded entirely by the City. Contributions by the City to all three State plans take place during the fiscal year and are based upon salaries for the preceding fiscal year. The City contributions for the year ended June 30, 2023 are based on salaries for the year ended June 30, 2022. The contribution requirements of plan members of the reporting entity are established and may be amended by the Maryland State Pension System Board of Trustees, and contributions by the City are authorized by the City Council. The required and actual contributions for the fiscal years ended June 30 were as follows:

	Fiscal Year Ended June 30,					
	 2023		2022			2021
Retirement plan contributions	\$ 836,215	\$	777,372	:	\$	804,011

The City contributed \$836,215 to the System for fiscal year 2023, which was actuarially determined based on statutory provisions. The City has also recognized in pension expense its proportionate share of the System's deferred inflows of resources (an increase in pension expense) attributable to the net difference between projected and actual investment earnings on pension plan assets, the difference between actual and expected experience, change in assumptions, and change in proportionate share. The City has recognized in pension expense its proportionate share of the System's deferred outflows of resources (a decrease in pension expense) attributable to changes in assumptions, net difference in projected and actual investment earnings on pension plan assets, and change in proportionate share.

Actuarial Assumptions

The annual required contribution for the current year was determined as part of the actuarial valuation on July 1, 2022 rolled forward to June 30, 2023. The key assumptions used to perform the June 30, 2023 pension liability calculation for the System are as follows:

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 12 RETIREMENT PLANS (cont'd)

Actuarial cost method Entry age normal

(2-dimensional) mortality improvement scale.

(a) Discount rate at prior measurement date was 6.80%.

(b) There were no benefit changes during the year and no inflation assumption changes during the year.

The components of the net pension liability for the System as of June 30, 2023, calculated in accordance with GASB Statement No. 67, are shown in the following table:

Total pension liability \$ 84,319,523,000
Plan fiduciary net position 64,310,991,000

Net pension liability \$ 20,008,532,000

Plan fiduciary net position as a percentage of the total pension liability

<u>76.27%</u>

Investments

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return were adopted by the Pension System's Board after considering input from the investment consultant(s) and actuary(s).

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 12 RETIREMENT PLANS (cont'd)

For each major asset class that is included in the Pension System's target asset allocation, these best estimates are summarized in the following table:

Asset Class	Target <u>Allocation</u>	Long-term Expected Real Rate of Return
Public equity	34%	6.00%
Private equity	16%	8.40%
Rate sensitive	21%	1.20%
Credit opportunity	8%	4.90%
Real assets	15%	5.20%
Absolute return	6%	3.50%
	100%	

The above was the Pension System's Board of Trustees' adopted asset allocation policy and best estimate of geometric real rates of return for each major asset class as of June 30, 2023.

Discount Rate

A single discount rate of 6.80% was used to measure the total pension liability. The single discount rate was based on the expected rate of return on pension plan investments of 6.80%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the System's net pension liability and the City's proportionate share of the System's net pension liability, calculated using a single discount rate of 6.80%, a single discount rate that is one percentage point lower (i.e., 5.80%), and a single discount rate that is one percentage point higher (i.e., 7.80%).

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

At June 30, 2023, the City reported a liability of \$6,815,076 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental units, actuarially determined. At June 30, 2022, the City's proportion was approximately 0.0341%.

For the year ended June 30, 2022, the City recognized pension expense of \$467,062. At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between actual and expected experience Net difference between projected and actual	\$ -	\$ 258,342
earnings on pension plan investments	1,769,543	-
Change in proportionate share Contribution subsequent to the measurement date	- 836,215	717,719 -
	\$ 2,605,758	\$ 976,061

The deferred outflow of resources of \$836,215 relating to contributions subsequent to the measurement date of June 30, 2022 will be recognized as a reduction of the City's net pension liability during the fiscal year ended June 30, 2024. The deferred outflows and inflows of resources due to changes in assumptions, differences between actual and expected experience, change in proportion, and differences between projected and actual investment earnings represent the City's proportionate share of the unamortized portions of

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 12 RETIREMENT PLANS (cont'd)

the System's original amounts. The deferred inflows and outflows related to non-investment activity for 2022, 2021, 2020, 2019, 2018, and 2017 are being amortized over the remaining service lives ranging from 5 to 5.505 years. The net difference in investment earnings for 2022, 2021, 2020, 2019, 2018, and 2017 are being amortized over a closed five-year period. These unamortized amounts will be ratably recognized in pension expense over these services' lives and closed five-year period.

The following table shows the aggregate amortization of these deferred outflows and inflows:

Fiscal Years Ending June 30,	 Net
2024	\$ (236,475)
2025	(219,712)
2026	(660,704)

2028	 (122,248)
Total	\$ 793,482

Net Pension Liability

The components of the City's proportionate share of the Pension System's net pension liability as of the measurement date of June 30, 2023 were as follows:

Total pension liability Plan fiduciary net position	\$ 28,719,946 21,904,870
Net pension liability	\$ 6,815,076
Plan fiduciary net position as a percentage of the total pension liability	76.27%

City of Takoma Park Police Employees' Retirement Plan

General

The Police Retirement Plan is a single-employer contributory defined benefit pension plan established by City ordinance (Title 4 of the City's Municipal Code). The plan is governed by the City of Takoma Park Retirement Plan Committee, which is responsible for the management of plan assets. The plan committee consists of seven members including the City Manager, Finance Director, Chief of Police, Police Supervisor, or their designees, a

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 12 RETIREMENT PLANS (cont'd)

representative of Local 400 of the United Food and Commercial Workers, and two residents appointed by the City Council. The City has delegated the authority to manage plan assets to PNC Institutional Investments. The authority to establish and amend benefit provisions of the plan rests with the City.

The City does not issue a separate audited annual financial report for the retirement plan.

Basis of Accounting

The plan's financial statements are prepared using the accrual basis of accounting. Employer and plan member contributions are recognized in the period that contributions are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments

Plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have an established market are reported at estimated values.

The annual money-weighted rate of return was 7.25% for the year ended June 30, 2023. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Plan Membership

As of July 1, 2022, the pension plan's membership consisted of:

Active plan members	42
Inactive plan members or beneficiaries currently receiving benefits	32
Inactive plan members entitled to benefits but not yet receiving them	<u>13</u>
Total	<u>87</u>

Contribution Information and Funding Policy

The plan covers sworn police officers who are employed on a regular full-time basis. Provisions of the plan include retirement, disability, and death benefits to plan members and their beneficiaries. Cost of living adjustments are provided annually as prescribed by the City

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 12 RETIREMENT PLANS (cont'd)

Code. The City contributes 2% of average compensation for each year of service, this amount is increased by 2% of average compensation for each year of service attributable to unused sick leave (limited to 2 years) towards the plan. Total service period is limited to 30 years.

Title 4 of the City Code establishes contribution rates to the plan. Contributions to the plan made by the City are based on an actuarially determined rate. The actuarially required contribution and the amount paid into the plan by the City for the year ended June 30, 2023 was \$1,375,404. The police officers contribute to the plan based on 7% of salaries. Members' actual contributions were \$248,599 for the year ended June 30, 2023. Administrative costs are financed through investment earnings.

The annual pension cost for 2023, 2022, and 2021 was \$1,375,404, \$1,226,807, and \$1,373,752, respectively. The contributions made as a percentage of the annual pension cost for 2023, 2022, and 2021 were 100%, 100% and 100%, respectively. The net pension benefit is the cumulative difference between the annual required contribution (ARC) adjusted for interest and contributions made. The net pension assets for 2023, 2022, and 2021 were \$22,992,036, \$20,843,961, and \$24,102,065, respectively.

<u>Investment Policy</u>

The pension plan's policy in regard to the allocation of invested assets is established by Title 4 of the City Code and may be amended by the City. The plan's investment policy is to construct a diversified portfolio of several different asset classes that will potentially lower total risk (as measured by volatility of returns) and increase total expected return. Key considerations in the implementation of the plan's investment policy include, but are not limited to, the financial condition of the plan, the expected long-term outlook for capital markets, the plan's risk tolerance, future growth of plan participants, and the liquidity requirements of the plan.

The plan's target asset allocation and long-term expected real rate of return was the following as of June 30, 2023.

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic equity	50%	4.30%
International equity	15%	4.90%
Fixed income	30%	1.10%
Cash	5%	(0.50)%
	100%	

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 12 RETIREMENT PLANS (cont'd)

The amortization period for the year ended June 30, 2023 was closed.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation (2.75%). The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized above.

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that City contributions will be made equal to the actuarially determined contribution. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

The key assumptions used to perform the June 30, 2023 pension liability calculation for police are as follows:

Actuarial cost method Projected Unit Credit

Amortization method Level Percentage of Payroll, Closed Remaining

Amortization period 22 years (closed)

Asset valuation method 5-year smoothed fair value

Inflation (b) 2.75%

Salary increases 5.5%, including inflation

Discount rate (a) 7.25%

Investment rate of return (b) 7.25%, net of pension plan investment expense, including

inflation

Retirement age Rates vary by participant and service.

Mortality RP-2010 Healthy Blue Collar Tables with fully generational

projection using scale MP-2021

(a) There were no benefit changes during the year.

(b) Investment return and inflation assumptions did not

change from last year.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows</u> of Resources Related to Pensions

At June 30, 2023, the City reported a net pension liability of \$7,147,146. The net pension liability is based on the July 1, 2022 actuarial valuation rolled forward to June 20, 2023.

For the year ended June 30, 2023, the City recognized pension benefit of \$1,564,241. At June 30, 2023, the City reported deferred outflows of resources and deferred inflows of resources related to the police pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between actual and expected experience Changes of assumptions Net difference between projected and actual	\$ 71,218 500,743	\$ 1,518,025 -
earnings on pension plan investments	1,252,121	
	\$ 1,824,082	\$ 1,518,025

457 Deferred Compensation Plan

All employees of the City Government may participate in the deferred compensation plan organized under the Internal Revenue Code Section 457 and administered by the International City Management Association Retirement Corporation ("ICMA-RC"). Under the terms of the plan, participating employees may have a portion of their salaries withheld, subject to limitations imposed by the Internal Revenue Service, and invested in the plan. All income taxes are deferred on these contributions and related earnings until the participant terminates from the plan. The City is in compliance with the Internal Revenue Code Section 457(g) requiring all assets and income of the plan to be held in trust for the exclusive benefit of participants and their beneficiaries. Management's involvement with the plan is limited to transferring amounts withheld from payroll to the plan administrator. Management has little administrative involvement with the plan and does not perform the investing function for the plan. Accordingly, the fair values of the plan assets are not reflected in the City's financial statements.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 12 RETIREMENT PLANS (cont'd)

Defined Contribution

The City of Takoma Park Governmental Money Purchase Plan & Trust is a defined contribution pension plan established to provide benefits to certain employees. Employees are not required to contribute to the plan and may make voluntary contributions. Employees are fully vested after five years. However, if an employee is terminated prior to the completion of five years, that employee will be immediately vested. The City is not required to contribute to the plan.

At June 30, 2023, there were five inactive participants. Plan provisions and contribution requirements are established and may be amended by the City Council. The amount of pension expense recognized by the City for the year ended June 30, 2023 was \$0. The City's liability was \$0 as of June 30, 2023. The plan administrator is ICMA-RC.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 13 RISKS AND UNCERTAINTIES

The Police Employees' Retirement Plan and the Defined Contribution Plan invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statement of net position available for benefits.

NOTE 14 CONTINGENT LIABILITES AND UNCERTANTIES

The City participates in certain federally assisted grant programs, principally Community Development Block Grants. These programs are subject to financial and compliance audits by the grantors or their representatives. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the City expects such amounts, if any, to be immaterial, which has been the case in previous program audits.

The City is subject to various legal proceedings. In the opinion of the City Attorneys, the potential liability arising from claims against the City not covered by insurance would not materially affect the financial statements.

NOTE 15 POSTRETIREMENT BENEFITS

The City does not provide and has no liability for postretirement benefits at June 30, 2023.

NOTE 16 RISK MANAGEMENT

The City's risk financing techniques include participation in a public entity pool and the purchase of commercial insurance.

For property, general, excess, and environmental liability coverage, the City is a member of the Maryland Local Government Insurance Trust ("LGIT"). This trust is a public entity risk pool which is owned and directed by the local governments that subscribe to its coverages and operates under the terms of a trust agreement.

The City pays LGIT an annual premium. Claims are processed, and recoveries and administrative costs are paid by LGIT. Similar to a commercial insurance carrier, recoveries are subject to deductibles and to annual aggregate/per occurrence dollar limits. No insurance settlement has exceeded the coverage in any of the past three fiscal years.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 16 RISK MANAGEMENT (cont'd)

The City is fully insured for worker's compensation through the Chesapeake Employers' Insurance Company. Employees are bonded through commercial insurance carriers to limit the loss to the City in the event of employees committing acts of embezzlement or theft.

NOTE 17 COMMITMENTS

As part of the library construction project, the City has future contract commitments of \$8,601,767. This amount consists of architect, design, construction, and consulting fees.

Additionally, as part of the New Avenue Bikeway project, the City has future contract commitments of \$471,895. This amount includes engineering fees.

Lastly, as part of the Maple Avenue Connectivity project, the City has future contract commitments of \$368,520. This amount includes engineering and construction fees.

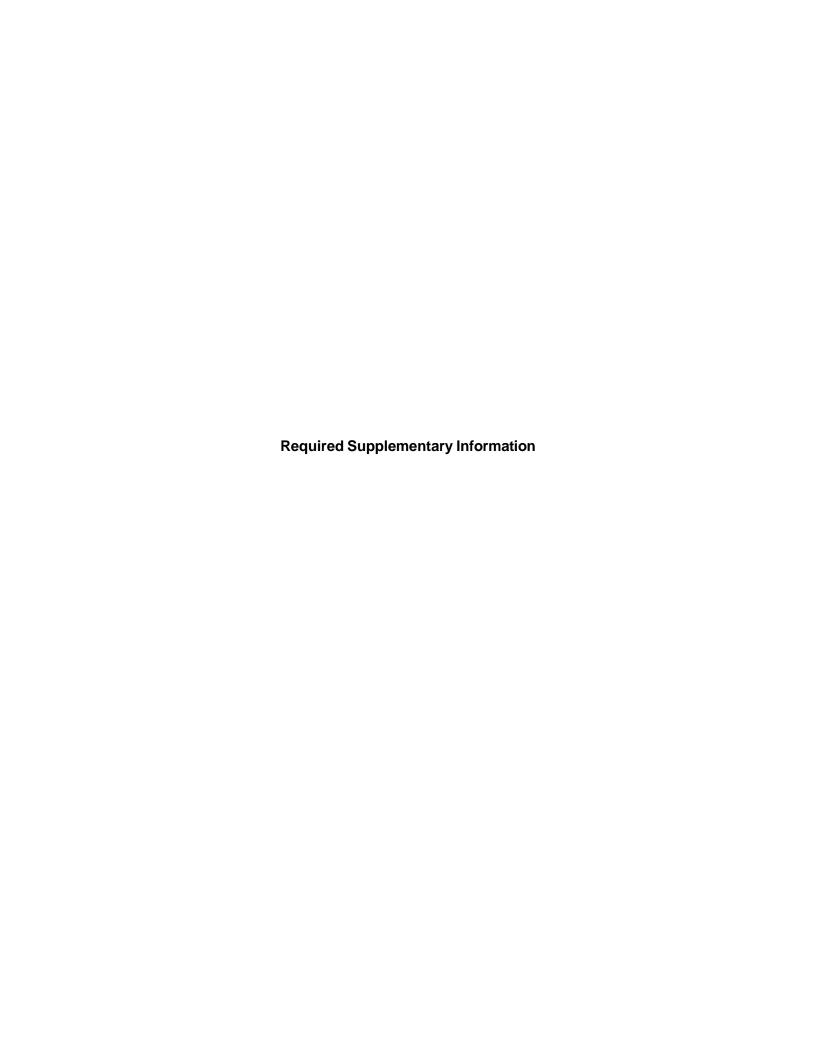

NOTE 18 SUBSEQUENT EVENTS

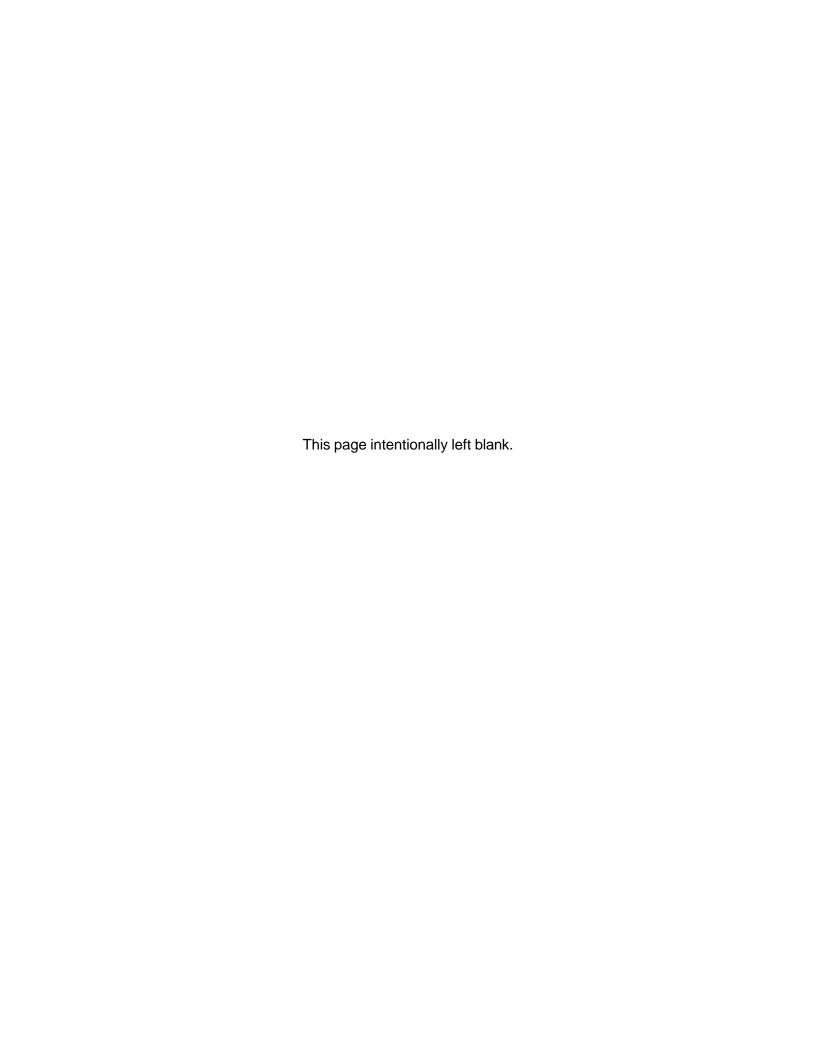

Events that occur after the statement of net position date but before the financial statements were available to be issued must be evaluated for recognition and disclosure.

The effects of subsequent events that provide evidence about conditions that existed at the statement of net position date are recognized in the accompanying basic financial statements.

The effects of the subsequent events that provide evidence about conditions that existed after the statement of net position date require disclosure in the accompanying notes.

Management evaluated the activity of the City through October 31, 2023, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

Notes to Schedule:

Valuation Date: June 30, 2023

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial cost method Projected unit credit

Amortization method Level percentage of payroll, closed remaining

Amortization period 22 years (closed)

Asset valuation method 5-year smoothed fair value

Inflation 3.0%

Salary increased 5.5%, including inflation

Investment rate of return 7.25%, net of pension plan investment expense, including inflation

Retirement age Rates vary by participant and service

Mortality Pub-2010 Safety Tables for Employees, Retirees, Beneficiaries, and Disabled Participants projected generationally

using MP-2021

STATISTICAL SECTION CONTENTS

This part of the City's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's economic condition.

Contents Financial Trends

These schedules contain trend information to help the reader understand how the City's financial position and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant own-source revenues.

Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

These schedules contain service data to help the reader understand how the information in the City's financial report relates to the services the City provides and activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

Note (1): From Fiscal Year 2017 to Fiscal Year 2021, the total property tax collection to date as as a percentage of the annual levy equal or exceeded 100%. The excess collections were due to prepayment and overpayment by a number of residents as indicated by the negative balance on the County's real property receivable account balance. The total tax collections and credits is the sum of the current tax collection and the delinquent tax collection. The increasing balance of the deliquent tax also contributed to the percentage increase. The penalty charges and interest were not included in total collections to date.

CITY OF TAKOMA PARK, MARYLAND COMPUTATION OF LEGAL DEBT MARGIN Year Ended June 30, 2023

Fiscal year 2022 real property assessed value**	\$ 2,688,034,783
Debt limit - 100% of assessed value	2,688,034,783
Amount of debt applicable to debt limit - legal debt margin	7,696,500
Legal debt margin	\$ 2,680,338,283

SECTION 823 - AUTHORIZATION TO BORROW MONEY

- (a) The Council of Takoma Park shall have the power to borrow money for any proper purpose and to evidence such borrowing by the issue and sale of its general obligation bonds, notes, or other certificates of indebtedness in the manner prescribed in Section 31 to 37 inclusive, of Article 23A of the Annotated Code of Maryland (1998 edition, as amended), title "Municipal Corporations," sub-title "Creation of Municipal Public Debt." Notwithstanding the provisions of this subsection, the Council may authorize a private negotiated sale of bonds upon a finding by the Council that such private negotiated sale is in the best interests of the City of Takoma Park.
- (b) Any proposed new indebtedness that is greater than five percent (5%) of the revenue budgeted for that year shall be subject to a public hearing, and the Council shall not take final action on the proposed indebtedness less than fourteen (14) days following the hearing.

SECTION 824 - PAYMENT OF INDEBTEDNESS

The power and obligation of the City to pay any and all bonds, notes, or other evidences of indebtedness issued by it shall be unlimited, and the City shall levy ad valorem taxes on all the taxable property in the City for payment of such bonds, notes, or other evidences of indebtedness and interest thereon. The faith and credit of the City is pledged for the payment of the principal and interest on all bonds, notes, or other evidences of indebtedness issued under the authority of this Charter, whether or not such pledge be stated in the bonds, notes, or other evidences of indebtedness, or in the ordinance authorizing their issuance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

October 31, 2023

City Council
City of Takoma Park, Maryland
Takoma Park, Maryland

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Takoma Park ("the City"), Takoma Park, Maryland, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated October 31, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting ("internal control") as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

City Council
City of Takoma Park, Maryland

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

October 31, 2023

City Council City of Takoma Park, Maryland Takoma Park, Maryland

Report on Compliance for the Major Federal Program

Opinion on the Major Federal Program

We have audited the City of Takoma Park's ("the City") compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on of the City's major federal program for the year ended June 30, 2023. The City's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and recommendations.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program for the year ended June 30, 2023.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States ("Government Auditing Standards"); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs.

<u>Auditor's Responsibility for the Audit of Compliance</u>

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and
 design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the City's compliance with the compliance
 requirements referred to above and performing such other procedures as we considered
 necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and
 report on internal control over compliance in accordance with the Uniform Guidance, but not
 for the purpose of expressing an opinion on the effectiveness of internal control over
 compliance. Accordingly, no such opinion is expressed.

City Council
City of Takoma Park, Maryland

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program, and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CITY OF TAKOMA PARK

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS JUNE 30, 2023

NOTE A BASIS OF PRESENTATION

The schedule of expenditures of federal awards reflects federal expenditures for all individual grants which were active during the fiscal year.

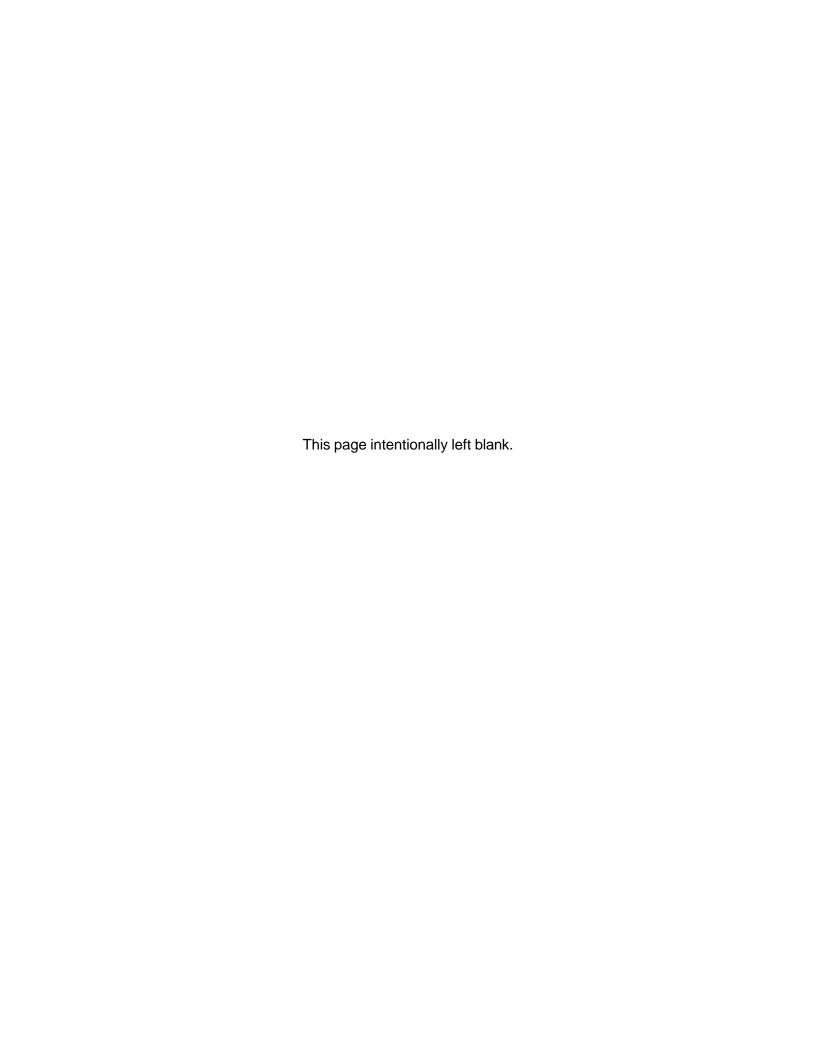

NOTE B BASIS OF ACCOUNTING

All expenditures included in the schedule of expenditures of federal awards are presented on the basis that expenditures are reported to the respective federal grantor agencies. Accordingly, certain expenditures are recorded when the federal obligation is determined.

NOTE C INDIRECT COST

The City has not elected to use the 10% de minimis indirect cost rate allowed under Uniform Guidance. For the year ended June 30, 2023, there were no indirect costs included in the schedule of expenditures of federal awards.
