

Takoma Park City Council Meeting – May 10, 2023 Agenda Item 4

Presentation

Presentation on the FY24 Community Quality of Life Grant Award Recommendations

Recommended Council Action

Hear the presentation and adopt the thirteen Grants Review Committee FY24 Community Quality of Life Grant Award Recommendations.

Context with Key Issues

The City of Takoma Park's Community Quality of Life Grants Program provides up to \$10,000 for programs, projects, and events that improve the quality of life for City residents by providing greater access and opportunities for participation in the arts and science for predominantly low-and-moderate-income residents.

The program is administered by the Department of Housing and Community Development, overseen by the Housing Manager, and staffed by the City's Grants Coordinator. A Grants Review Committee comprised by residents appointed by the City Council, review all completed applications and develop funding recommendations annually. Funding recommendations are forwarded to the City Council following review and deliberations by the Grants Review Committee. In FY24, the City Council allocated \$110,000 for this program from ARPA funds.

Council Priority

Advancing a Community of Belonging; Community Development for an Improved & Equitable Quality of Life

Environmental Considerations

N/A

Fiscal Considerations

The dollar-for-dollar match requirement of the Community Grant Program is met (and often exceeded) by every Quality of Life grantee. For this reason, the program's value to the City is much larger than the City's investment/cost.

If the GRC's FY24 funding recommendations are adopted, the City's initial investment of \$110,000 will be leveraged by grantees to concentrate an additional \$280,000 in funding and resources.

Racial Equity Considerations

In FY24, the Grants Review Committee (GRC) continued and deepened its commitment to race equity in all decision-making. For the last five years, the Committee has provided all applicants with the City's resolution committing itself to systematically and deliberately applying a race equity lens in

all decision-making. The Committee also, again for the fifth year, required that every applicant for funding explain how their proposed project incorporates racial equity.
