Messrs E. H. Rollins & Sons,
19 Milk street,
Boston, Mass.

Gentlemen:

The Mayor and Council of the Town of Takoma Park, Md., have instructed me to reply to your letter of the 7th instant, relative to the purchase by you of the bonds of said town, issued for the purpose of constructing water-works and a sewerage system. I accordingly enclose papers herewith, as follows:

1-Certified copies of the records of the town council showing the proceedings incident to the passage of the ordinance of June 5, 1899, March 22, 1900, and April 9, 1900, showing members present, absent, voting, etc., duly certified by the Town Clerk under the corporate seal.

2-A duly certified copy of the ordinance, a draft of which was enclosed in your aforesaid letter of the 7th inst., which was adopted on the said 9th day of April, 1900

Further replying to your letter I beg to say that your attorneys are correct in holding that there is nothing in the Charter of the town or the laws of Maryland requiring publication of the ordinances of the town, and for that reason I have not thought it advisable to publish the ordinance of April 9th, being unwilling to establish a precedence in that particular.

The Legislature of Maryland, which has recently adjourned, passed no law of general application which could in any way affect the validity of the bonds in question. The only statute passed which has any relation to this subject is Chapter 292 of the Acts of the General Assembly of Maryland of 1900, a certified copy of which I enclose inasmuch as the same has not yet been printed. In this connection I beg to explain the situation under which the passage of this act was secured. Prior to advertising for bids for the construction of the contemplated work, the Engineer of the town was apprehensive, on account of the rise in the price of material, his estimate for the construct-

ion of the work could not be carried out for the sum of \$40,000, accordingly the town secured the passage of the act enclosed which would have permitted the issue of an additional \$10,000 of bonds, but only in event that the ~~same~~ were necessary for the purpose of constructing said water-works and a sewerage system. Subsequently when the bids were opened, it developed that the sum of \$40,000 would be more than ample to carry out the plans of the engineer. Accordingly the contingency upon which the town would have authority to ~~operate~~ the additional sum of \$10,000 can not arise and therefore, the act is inoperative.

I believe this answers the inquiries contained in your letter of the 7th inst... If I have failed to cover any points raised by your attorneys, I will be under obligations if you will at once call my attention to the fact.

Very respectfully,

Corporation Attorney,
Town of Takoma Park, Md.

SECTION 6 of the Charter of the Town of Takoma Park, Md.

Chapter 310 of the Act of the General Assembly of Maryland, 1896,
reads as follows:

"The council shall meet at some convenient place in said town on or before the first Monday in June next succeeding their election, and as often thereafter as may be necessary to discharge the duties of their office; not less however, than once in every three months."

In Section 7 of said Charter, the council is given power to pass rules and by-laws for their own government while in session. See last two lines of said section which reads as follows:

" * * the council shall pass rules and by-laws for their own government while in session."

RULE 2 of the Council reads as follows:

"The regular meetings of the council shall occur on the first Monday of each month, unless otherwise ordered by resolution of the council, and at such times to which a stated adjournment may be taken. Special meetings may be called by the Mayor at such times as he may deem necessary, and shall be called by the Mayor upon the request in writing signed by three members of the council."

Said Section 7 also empowers the Mayor to call such meetings as he may deem necessary.
