

Past Takoma Park Board of Elections Board of Elections Preliminary Results Updates

11/12/2024 Update: 5381 ballots have been tabulated. As of 5:00pm on Tuesday, November 11th, 2024, the Board does not currently have any additional ballots to process, scan, or tabulate. Certification of the final results will occur on Wednesday, November 13th, 2024, at a Board of Elections meeting. The Board will subsequently present the certified results to the City Council at 7:30pm on that same day.

A candidate must receive a majority of valid votes to be elected. If no candidate reaches a majority of first choice votes, an instant runoff is triggered. The ballots marked first choice for candidate(s) with the fewest first choice votes are reviewed to see if they selected a second choice. If so, those ballots are redistributed to their second choice candidate. If their second choice is defeated or if they did not select a second choice, those ballots are declared “exhausted.”

The results below include both the first selection votes and the runoff results.
