NOW, THEREFORE, BE IT RESOLVED that the City Council, after reviewing the Montgomery County Planning Board work sessions on the Takoma Park Minor Master Plan Amendment, supports the adoption and transmittal of the Planning Board Draft to the City Council, the Montgomery County Council, and County Executive for further review with the following conditions:

### Potential Redevelopment of the Washington Adventist Site and the Flower Avenue District

- The Planning Board include a recommendation within Section 4.3.2.1 of the MMPA that the maximum heights of new development include consideration for both building height and terrain slope with respect to neighboring existing single-family homes on Maplewood Avenue and Garland Avenue.

### Promoting a Diversity of Housing in the Plan Area

- The Planning Board change the final recommendation in Section 4.2.2.1 of the MMPA to read “While the plan recommends a diversity of residential and non-residential land uses in the Maple Avenue District, the overall development pattern shall remain primarily residential, with commercial uses primarily devoted to ground-floor retail or anchor employment opportunities.”

### Public Space, Infrastructure, and Amenities with the MMPA

- The Planning Board include a recommendation within Section 3.1.2 of the MMPA that Montgomery County Public Schools address long-standing constraints, inadequacies, and inequities by prioritizing the rehabilitation and expansion of Piney Branch Elementary School or the construction of a replacement facility to bring it into conformity with the quality and standards of other schools in the County.

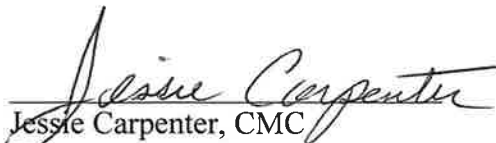

### Protecting Existing Housing Affordability in the MMPA

- The Planning Board strike the following recommendation within Section 3.3.2.1 of the MMPA: “The City of Takoma Park should consider modifications to its rent stabilization policy to increase flexibility, decrease complexity, and ensure the policy does not deter new investment while continuing to safeguard tenants from onerous rent increases”
- The Planning Board include within the proposed housing resource list information on protections for individual condominium owners in the event of potential property sale and redevelopment.

BE IT FURTHER RESOLVED that the City Council will continue to monitor the Plan during the County Council’s public review process.
