### Voluntary Term Life and AD&D Coverage Selection and Premium Calculation

Please note that the premium amounts presented below may vary slightly from the amounts provided on your enrollment form, due to rounding.

### To select your benefit amount and calculate your premium, do the following:

- Locate the benefit amount you want from the top row of the employee premium table. Your benefit amount must be in an increment of \$10,000. Refer to the Coverage Guidelines section for minimums and maximums, if needed.
- 2) Find your age bracket in the far left column.

- 3) Your premium amount is found in the box where the row (your age) and the column (benefit amount) intersect.
- Enter the benefit and premium amounts into their respective areas in the Voluntary Life and AD&D section of your enrollment form.

If the benefit amount you want to select is greater than any amount in the table below, select the benefit amount from the top row that when multiplied by another number results in the benefit amount you want. For example, if you want \$150,000 in coverage, you obtain your premium amount by multiplying the rate for \$50,000 times 3.

### › Voluntary Critical Illness Insurance

An unexpected critical illness can have a lasting impact on you and your family – physically, emotionally and financially.

As an active employee of City of Takoma Park, you can give your family the extra security they need to lessen the financial impact of a serious illness by purchasing Critical Illness insurance through United of Omaha Life Insurance Company.

A critical illness insurance policy provides a lump-sum cash benefit upon diagnosis of a critical illness like a heart attack, stroke or cancer. The benefit can be used to pay out-of-pocket expenses or to supplement your daily cost of living.

#### How much insurance is enough?

Even if you have the best health insurance plan, it will not cover 100 percent of medical expenses. You also need to consider other expenses associated with the recovery process – time off work, travel to treatment centers, home modifications – that may quickly deplete your savings.

### How Accident Insurance Works

(For Illustration Purposes Only)

### Accident Coverage

This insurance pays a benefit for each injury, treatment or service included in the policy that occurs as the result of a covered accident.

For example, Jeff's son, Jake, was playing soccer during recess at school. He was tripped and falls hard, injures his shoulder, and is transported by ambulance to the ER due to concerns of head trauma. The ER doctor orders a CT scan to check for any facial or head injuries and a shoulder X-ray.

Jake was diagnosed with a concussion and a broken collarbone. His arm was set in a sling, and he was released to his pediatrician for follow-up care. Jake visits his pediatrician at two weeks and one month after the accident to make sure he's healing well.

In the meantime, Jeff starts receiving bills for the care Jake received. The ambulance bill alone was \$556. He's a pretty healthy kid, so a health insurance deductible of \$1,500 had to be met before Jeff's health insurance would begin covering Jake's care, and after that, there's a 20% copay.

Accident benefits pay in addition to other insurance, and can be used to help cover gaps in health insurance or other expenses if the unexpected happens.

BENEFITS	AMOUNT
Ambulance	\$200
ER Visit	\$150
CT Scan	\$200
X-ray	\$50
Concussion	\$150
Broken Collarbone	\$300
Follow-Up Visit 1	\$75
Follow-Up Visit 2	\$75
Total Benefit	\$1,200

Note: The benefits shown in this example are for a sample design and may vary from the benefits that are available to you.
