Plan Highlights

Review this summary information to understand how your 457 Deferred Compensation Plan works.

ENROLLMENT

Simply complete the enclosed enrollment form and submit it to your employer. Participating in a retirement plan, such as your 457 plan, can have a significant positive impact on your future. Your plan offers the ability to enroll electronically. To enroll online, please read the enclosed direct self-enrollment instructions.

CONTRIBUTIONS

You must decide the amount you wish to contribute each pay period to your retirement plan.

- You can change your contribution amount at any time. When you submit a change, it will take effect the following calendar month.
- The maximum contribution for 2018 is \$18,500 (or \$24,500 if you are age 50 or older).
- Contributions are made on a pre-tax basis.
- You may also transfer, or roll over, other eligible retirement accounts to your 457 plan.

Pre-Tax Contributions reduce your taxable income for the year. These amounts, along with associated earnings, will be taxed as ordinary income in the year they are withdrawn from your account.

INVESTMENTS

Your contributions will be invested in the funds that you select, and the value of your account will fluctuate based on the performance of the funds. Carefully review the enclosed information relating to your investment options before making your selections. You can make changes to your investments at any time.

WITHDRAWALS

After you separate from service with your employer, you will be eligible to withdraw your money at any time. However, you will not be required to take any withdrawals until after age 70½.

While you are still employed, your withdrawal options are limited to the following circumstances:

- After you attain age 70½.
- Small account balance distributions. If your balance is under \$5,000 and no contributions have been made for a period of two years.
- Emergency withdrawals. Under certain emergency situations, as defined by the IRS.

LOANS

Your plan allows you to borrow money from your account while you are still employed. The maximum loan amount is limited to half of your account balance or \$50,000, *whichever is less*. Additional information is available by contacting ICMA-RC.

ACCOUNT INFORMATION

You can review your account information online by logging into your account at www.icmarc.org. Or, use ICMA-RC's self-service phone line at 800-669-7400.

You will receive quarterly account statements showing detailed information on your account, including your current balance and investment performance. Sign up for ICMA-RC's eDelivery services to receive email notifications when your quarterly statements and transaction confirmations are available online.

SUMMARY DESCRIPTION The actual rules governing your plan are contained in state retirement laws and the federal tax code. This publication provides a summary of the rules, and is not a complete description of the law. If there are any conflicts between what is written in this publication and what is contained in the law, the applicable law will govern.

This plan introduction is designed to provide you with general plan information. If there is a conflict between the information in this summary and the Plan document, the Plan document will be the controlling document.

ENROLLING IN YOUR 457 DEFERRED COMPENSATION PLAN

Review this information to help guide your contribution and investment decisions.

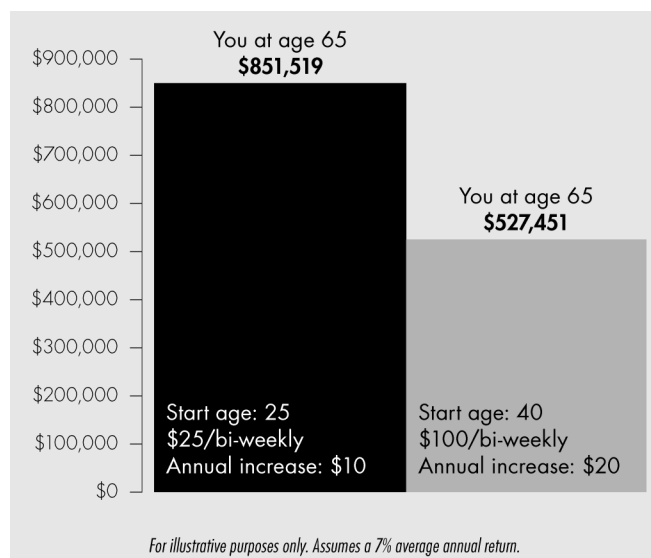

DON'T DELAY – START SAVING NOW

Don't put off enrolling. Your 457 plan provides flexibility and control.

- Contribution amounts can be changed, stopped, restarted at any time. There are no minimum limits so you can start small while you determine your ideal savings rate.
- Investment options can be changed at any time.
- Beneficiary designations can be changed at any time.

CONTROL WHAT YOU CAN

Although you cannot predict how the financial markets will perform or future inflation, tax rates, or other economic conditions, you can control when you start saving for retirement.

And starting earlier can give you a huge advantage. View the preceding chart — by starting to save at, say, age 25 instead of age 40, you can save a lot less each pay period and save about the same amount over your lifetime but come out way ahead. Of course, regardless of your current age, it's never too late to start.

HOW MUCH TO CONTRIBUTE

The benefits you will receive from a pension or Social Security could go a long way to providing a comfortable retirement, but additional savings will likely be needed to help you live comfortably over a potentially long retirement.

- Visit www.icmarc.org/learn for a variety of resources designed to help you save.
- For a more in-depth and personalized recommendation, consider ICMA-RC's Guided Pathways® (www.icmarc.org/guidedpathways).
- Or, request a consultation with your ICMA-RC representative.

Contribute What You Can. Even small savings can really add up over time. In fact, starting out small, and then increasing how much you save by just a little each year could go a long way.

HOW TO INVEST

As you choose your investments, consider the following:

Determine your risk level — how much investment risk you need to consider taking, and are comfortable taking. Use this to help you decide the approximate percentage of your money that should be in stock funds vs. bond funds vs. lower-risk options such as stable value funds, money market funds, and CDs.

Consider a level of risk that is most likely to allow you to meet your long-term goals but also that you can maintain, especially during rough stretches.

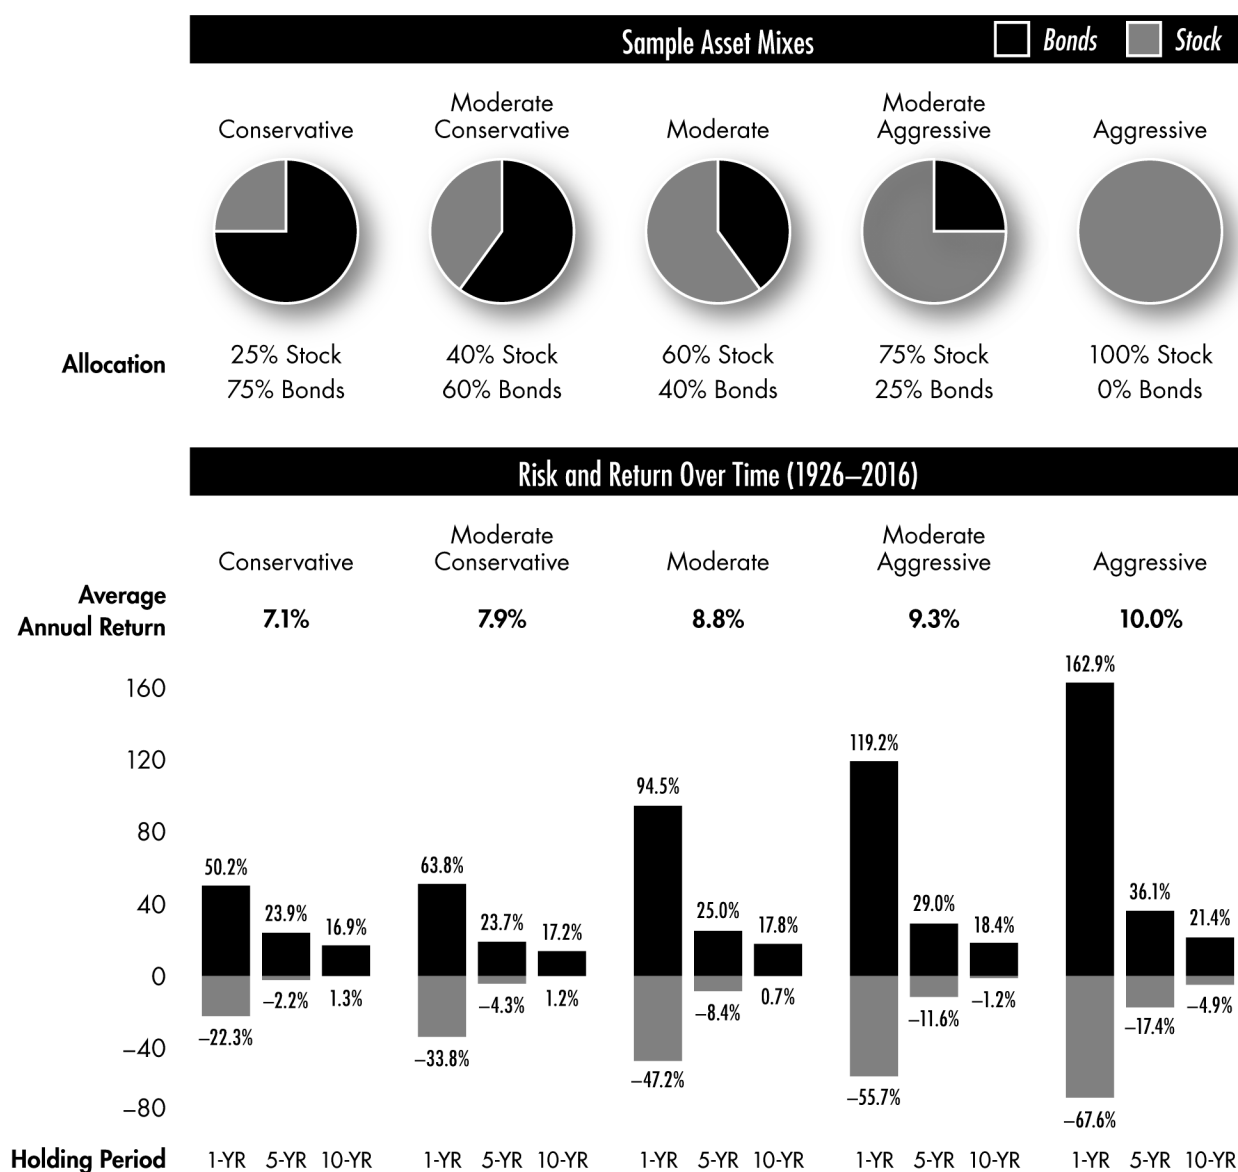

Be diversified. Own different types of investments. This does not ensure against losses, but can help you manage risk.

To help guide your risk and diversification decisions, see the following pages:

- Take a look at the historical risk and return of different mixes of stocks and bonds. Higher-risk options like stocks have provided higher returns but also much steeper losses during certain time periods. But even low-risk options still have risk; they will be more likely to lose money to inflation over time.
- Review the different investment options and services available to you.

Asset Allocation

Use the chart below to help guide your asset allocation decisions. It shows the performance of different stock and bond portfolios since 1926, including ranges of annual returns over one, five, and 10 year periods. (For example, 10 year periods run from 1926 to 1935, 1927 to 1936, and so on.) Notice the tradeoff between potential risk and reward.

Average Annual Returns and Range of Returns (1926–2016)

Performance figures were calculated using historical returns of the Standard & Poor's 500 Index and U.S. Long-Term Government Bonds.

The past performance shown is no guarantee of future results.

AVAILABLE INVESTMENT OPTIONS

Consider the following options to help you build a diversified portfolio with an appropriate overall level of risk.

Simplify and diversify with one fund. Target funds invest in a variety of individual stock and bond funds and may be appropriate if you are looking to simplify your investment decisions while still being diversified. Consider a:

- Target-date fund with the year in the fund name that closely matches the year you expect to begin withdrawals. Target-date funds are designed to gradually reduce risk over time.¹
- Target-risk fund that has a defined range of risk that is not designed to be reduced over time.

Build your own investment portfolio. If you are comfortable picking and choosing from different funds, this option provides the most flexibility and control.

And ICMA-RC has tools to help — Asset Class Guidance and Fund Advice, part of our Guided Pathways® service provide recommendations for you to follow.

Ask ICMA-RC to invest and manage your account for you. You will be enrolled in ICMA-RC's Managed Accounts service, which provides professional account management through each stage of your career and in retirement, from building up your savings to drawing them down. Managed Accounts:

- Recommends how much you need to contribute to reach a comfortable retirement
- Selects and manages your investments for you based on your personal and financial situation
- Makes periodic updates to help keep you on track

- Helps you transition from building up your savings to drawing them down

Managed Accounts helps you take the guesswork and complication out of these very important saving, investing, planning, and withdrawal decisions. It provides a strategy for you to follow and then manages your account for you, saving you time and minimizing the likelihood that you overreact to market upturns and downturns.

You are charged an asset-based fee for these services.^{2,3,4}

TAX ADVANTAGES

Let's say you are in the 25% federal income tax bracket, have a \$40,000 annual salary and determine you need to save 5% per paycheck, or \$77, for your future retirement.

When \$77 is saved pre-tax, it is not subject to tax until later when you withdraw, so it reduces your paycheck by only \$58.

Pre-tax contributions help you save.

Investment earnings are tax-deferred so your account can grow for decades before being subject to tax.

¹ A target-date fund is not a complete solution for all of your retirement savings needs. An investment in the fund includes the risk of loss, including near, at or after the target date of the fund. There is no guarantee that the fund will provide adequate income at and through an investor's retirement. Selecting the fund does not guarantee that you will have adequate savings for retirement.

² Underlying mutual fund expenses and plan administration fees still apply. Please consult the applicable Fund Fact Sheet(s) and Funds' Disclosure Memorandum for a description of these fees and expenses.

³ Investment advice and analysis tools are offered to participants through ICMA-RC, a federally registered investment adviser. Investment advice is the result of methodologies developed, maintained and overseen by the Independent Financial Expert, Morningstar Investment Management LLC. Morningstar Investment Management LLC is a registered investment advisor and subsidiary of Morningstar, Inc. Morningstar, Inc. and Morningstar Investment Management LLC are not affiliated with ICMA-RC. All rights reserved. The Morningstar name and logo are registered marks of Morningstar, Inc.

⁴ Managed Accounts is not suitable for all investors. Please contact our Guided Pathways® team or your ICMA-RC Retirement Plan Specialist and fully read the ICMA-RC Guided Pathways® Fund Advice and Managed Accounts Investment Advisory Agreement prior to enrolling in Managed Accounts to determine if this service is right for you.

WHO TO DESIGNATE AS YOUR BENEFICIARY

It is important to designate the individuals who will receive your retirement account assets after you die.

Designating beneficiaries overrides your will. If you choose beneficiaries:

- Your assets will be paid out according to your wishes and will not be subject to the potential costs and delays of probate, as well as creditor claims.
- Your beneficiaries may receive more tax advantages.

If the VT Retirement IncomeAdvantage Fund is an option in your Retirement Plan, based on your overall situation and responses to the following questions, Managed Accounts may recommend that a portion of your assets be invested in the VT Retirement IncomeAdvantage Fund, a VantageTrust Fund that invests in a separate account under a group variable annuity issued by a third-party insurance company, based on your overall situation and responses to the following questions. A Guarantee Fee of 1.00% is assessed by the third-party insurance company for the VT Retirement IncomeAdvantage Fund guarantees and is included along with other fund fees and expenses in the VT Retirement IncomeAdvantage Fund's net expense ratio. These guarantees are also subject to certain limitations, terms, and conditions. Please see the *VT Retirement IncomeAdvantage Fund Summary Important Considerations* document for more information.

Social Security Retirement Benefits: Please indicate whether your spouse or partner will expect to receive Social Security retirement benefits. If you select "Yes" or do not select either box, we will include an estimate of Social Security benefits.

OR
Option #2 - Enter the percentage of salary your spouse or partner expects to receive in retirement.

- Please designate the asset allocation for the listed outside accounts. If no asset allocation is provided or if the asset allocation provided does not total 100%, the asset allocation will initially be designated as 55% U.S. Large Cap Stocks, 5% U.S. Small Cap Stocks, and 40% Bonds.
- To provide information on more than two outside accounts, (1) write "see attached sheet" in the section and (2) attach and sign a separate piece of paper with your name, plan number, Social Security Number, and additional outside account information.

Some of the funds listed above may not be available to your Plan. To ensure that you have the most current list of available funds and/or to obtain additional fund information, please log on to Account Access at www.icmarc.org or call ICMA-RC Investor Services at 800-669-7400.

- ¹ Before investing in the Fund you should carefully consider your investment goals, tolerance for risk, investment time horizon, and personal circumstances. There is no guarantee that the Fund will meet its investment objective and you can lose money.
- ² The Fund is an investment option of VantageTrust, a group trust established and maintained by VantageTrust Company, LLC, a wholly owned subsidiary of ICMA-RC. VantageTrust provides for the commingling of assets of certain trusts and plans as described in its Declaration of Trust, and is only available for investment by such eligible trusts and plans. The Fund is not a mutual fund. Its units are not deposits of VantageTrust Company and are not insured by the Federal Deposit Insurance Corporation or any other agency. The Fund is a security that has not been registered under the Securities Act of 1933 and is exempt from investment company registration under the Investment Company Act of 1940. For additional information regarding the Fund, including a description of the principal risks, please consult the VantageTrust Funds Disclosure Memorandum, which is available when plan administration clients log in at www.icmarc.org, at www.vantagepointfunds.org for institutions, or upon request by calling 800-669-7400.
- ³ The Fund is invested in a single registered mutual fund, the Fidelity Money Market Government Portfolio. Investments in the fund are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. It is possible to lose money by investing in the fund.
- ⁴ A fixed income fund is subject to credit risk and interest rate risk. Credit risk is when an issuer of a fixed income security may be unable or unwilling to make payments of principal or interest to the holders of these securities or may declare bankruptcy. Fixed income securities fluctuate in value as interest rates change. When interest rates rise, the market prices of fixed income securities will usually decrease; when interest rates fall, the market prices of fixed income securities usually will increase.
- ⁵ Funds that invest primarily in high yield bonds (bonds that are rated below investment grade and also known as "junk bonds") are subject to additional risk as these high yield bonds are considered speculative and involve a greater risk of default than "investment grade" securities. The values of these securities are particularly sensitive to changes in interest rates, issuer creditworthiness, and economic and political conditions. The market prices of these securities may decline significantly in periods of general economic difficulty, may be harder to value, and may be less liquid than higher rated securities.
- ⁶ Prudential Retirement Insurance and Annuity Company (Prudential), CA COA #08003, Hartford, CT. Neither Prudential nor ICMA-RC guarantees the investment performance or return on contributions to Prudential's Separate Account. You should carefully consider the objectives, risks, charges, expenses and underlying guarantee features before purchasing this product. Prudential may increase the Guarantee Fee in the future, from 1.00% up to a maximum of 1.50%. Like all variable investments, this Fund may lose value. Availability and terms may vary by

jurisdiction; subject to regulatory approvals. Annuity contracts contain exclusions, limitations, reductions of benefits and terms for keeping them in force. Guarantees are based on Prudential's claims-paying ability. This annuity is issued under Contract form # GA-2020-TGWB4-0805-RC. ICMA-RC provides recordkeeping services to your Plan and is the investment manager of the underlying Prudential separate account. Prudential or its affiliates may compensate ICMA-RC for providing these and related administrative services in connection with the Fund. Variable annuities are suitable for long-term investing, particularly retirement savings. ©2017 Prudential, the Prudential logo, and the Rock symbol and Bring Your Challenges are service marks of the Prudential Insurance Company of America, Newark, NJ, and its related entities, registered in many jurisdictions worldwide. Note: Participants who are interested in the VT Retirement IncomeAdvantage Fund must first receive and read the VT Retirement IncomeAdvantage Fund Important Considerations document, before investing.

- ⁷ The Fund is not a complete solution for all of your retirement savings needs. An investment in the Fund includes the risk of loss, including near, at or after the target date of the Fund. There is no guarantee that the Fund will provide adequate income at and through an investor's retirement.
- ⁸ Funds that invest in foreign securities are exposed to the risk of loss due to political, economic, legal, regulatory, and operational uncertainties; differing accounting and financial reporting standards; limited availability of information; currency fluctuations; and higher transaction costs. Investments in foreign currencies or securities denominated in foreign currencies (including derivative instruments that provide exposure to foreign currencies) may experience gains or losses solely based on changes in the exchange rate between foreign currencies and the U.S. dollar. The risk of investing in foreign securities may be greater with respect to securities of companies located in emerging market countries. The value of developing or emerging market currencies may fluctuate more than the currencies of companies with more mature markets.
- ⁹ PURITAN and CONTRAFUND are registered service marks of FMR LLC. Used with permission.
- ¹⁰ Certain funds may be subject to style risk, which is the possibility that the investment style of its investment adviser will trail the returns of the overall market. In the past, different types of securities have experienced cycles of outperformance and underperformance in comparison to the market in general. For example, growth stocks have performed best during the later stages of economic expansion and value stocks have performed best during periods of economic recovery. Both styles may go in and out of favor. When the investing style used by a fund is out of favor, that fund is likely to underperform other funds that use investing styles that are in favor.
- ¹¹ T. Rowe Price® is a registered trademark of T. Rowe Price Group, Inc. - all rights reserved.
- ¹² Funds that invest primarily in mid-capitalization companies involve greater risk than is customarily associated with investments in larger, more established companies. Equity securities of mid-capitalization companies generally trade in lower volume and are generally subject to greater and less predictable price changes than the securities of larger companies.
- ¹³ Funds that invest primarily in small-capitalization companies involve greater risk than is customarily associated with investments in larger, more established companies. Equity securities of small-capitalization companies are generally subject to greater price volatility than those of larger companies due to less certain growth prospects, the lower degree of liquidity in the markets for their securities, and the greater sensitivity of smaller companies to changing economic conditions. Also, small-capitalization companies may have more limited product lines, fewer capital resources and less experienced management than larger companies.
- ¹⁴ Sector funds tend to be riskier and more volatile than the broad market because they are generally less diversified and more volatile than other mutual funds.

Additional Information About Your Investment Options

VT PLUS Fund

Objective

The PLUS Fund's investment objective is to seek to offer a competitive level of income consistent with providing capital preservation and meeting liquidity needs. Key goals are to seek to preserve capital, by limiting the risk of loss of principal and delivering stable returns, and to meet the liquidity needs of those who invest in the PLUS Fund.

Principal Investment Strategies

The PLUS Fund seeks to maintain a stable net asset value. It invests primarily in a diversified portfolio of stable-value investments, including traditional guaranteed investment contracts (traditional "GICs"), separate account GICs, synthetic GICs backed by fixed income securities or investments, and cash and cash equivalents including, short-term investment funds, and money market funds.

Principal Investment Risks

Different risks are associated with the different types of stable value investment contracts in which the PLUS Fund invests. Generally, stable value investment contracts are illiquid and may not be assigned, transferred or sold to someone else without the permission of the issuing insurance company or bank. These contracts often include non-standard negotiated terms and do not trade in a secondary market.

Additional risks of investing in the PLUS Fund include, but are not limited to: failure of the issuers of GICs, BICs, Separate Account GICs, or Synthetic GICs to meet their obligations to the PLUS Fund; failure of ICMA-RC to meet its objectives or obligations, as investment adviser for the PLUS Fund; default or downgrade of the fixed income assets that back Separate Account GICs and Synthetic GICs; failure of the third-party fixed income managers of the portfolios underlying the Separate Account GICs and Synthetic GICs to meet their investment objectives or their obligations to the PLUS Fund; loss of value or failure to redeem shares or allow withdrawals on a timely basis by one or more of the commingled investment vehicles in which the PLUS Fund invests, which may include short-term investment funds or other mutual funds.

There is no guarantee that the Fund will achieve its investment objective. You may lose money by investing in the Fund. The Fund's principal investment risks include: Interest Rate Risk, Credit Risk, Issuer Risk, Liquidity Risk, Reinvestment Risk, Call Risk, Mortgage-Backed Securities Risk, Asset-Backed Securities Risk, Securities Lending Risk, Derivative Instruments Risk, Large Investor Risk. Please see the Risk Glossary for additional information about the Fund's risks.

Please note that there are transfer restrictions that apply to the PLUS Fund.

Management

Investment professionals from ICMA Retirement Corporation (ICMA-RC) serve as the portfolio management team for the PLUS Fund. This team is responsible for the investment and reinvestment of PLUS Fund assets and also conducts the day-to-day management of the Fund.

VT Retirement Income Advantage Fund

Principal Investment Strategies

The Fund invests in a Separate Account under a group variable annuity issued by Prudential Retirement Insurance and Annuity Company ("Prudential"), Hartford Connecticut. The Separate Account invests in a mix of registered funds and a collective trust with an allocation of approximately 60% equities (both domestic and foreign) and 40% fixed income. ICMA-RC is responsible for managing

the assets of the Separate Account. The Separate Account's target allocation for the underlying funds is as follows:

- **Fixed Income Funds**—Prudential Core Conservative Intermediate Bond Fund has a target allocation of 30% and VT II Vantagepoint Inflation Focused Fund has a target allocation of 10%.

Guarantee Fee

In exchange for an annual guarantee fee of from 1.00% to a maximum of 1.50%, Prudential provides downside income protection and lifetime income guarantees. These guarantees are based on the claims-paying ability of Prudential and are subject to certain limitations, terms and conditions. Excess withdrawals will proportionately reduce and potentially terminate future payment guarantees. For additional information regarding these guarantees and the underlying assumptions attributable to these guarantees and the terms and conditions, please see the VT Retirement IncomeAdvantage Fund Important Considerations document, which is available online or by contacting Investor Services at 800-669-7400.

Principal Investment Risks

The guarantees are based on the claims-paying ability of Prudential and are subject to certain limitations, terms, and conditions. Like all variable investments, the fund can lose value. The risks associated with the underlying funds of the Separate Account include, among others, stock market risk, mid-cap securities risk, foreign securities risk, interest rate risk, credit risk, U.S. Government agency securities risk, mortgage-backed securities risk, asset-backed securities risk, convertible securities risk, high yield securities risk, and derivative instruments risk. Additional Information About VT III Vantagepoint Model Portfolio Funds

The VT III Vantagepoint Model Portfolio Funds ("Model Portfolio Funds") are target risk funds. Each of the Model Portfolio Funds is a "fund of funds" that invests substantially all of its assets in other VT III Vantagepoint Funds and one or more third-party ETFs, generally in certain allocations determined by the fund's investment adviser. By investing in this way, each Model Portfolio Fund is exposed to the risks as well as the potential rewards of its underlying funds and of the portfolio holdings and strategies of those funds.

Additional Information About VT III Vantagepoint Milestone Funds

The VT III Vantagepoint Milestone Funds ("Milestone Funds") are target date funds. Each of the Milestone Funds is a "fund of funds" that invests substantially all of its assets in other VT III Vantagepoint Funds and one or more third-party ETFs, generally in certain allocations determined by the fund's investment adviser. By investing in this way, each Milestone Fund is exposed to the risks as well as the potential rewards of its underlying funds and of the portfolio holdings and strategies of those funds.

Over time, the investment adviser will adjust each "dated" Milestone Fund's targeted allocations to its underlying funds, to gradually reduce the fund's exposure to equity investments as the fund's "target date" (the year in its name) approaches and continuing for about 10 years after that date. At that time, the fund will reach its "landing point" and its targeted allocations will become constant.

The goal of changing the asset allocation targets is to seek to reduce each "dated" Milestone Fund's investment risk over time, as its investors move toward and into their retirement and begin making gradual withdrawals from the fund. However, there is no guarantee that this goal will be achieved and investors may lose money by investing in the Milestone Funds.

The sequence of asset allocation changes that the dated Milestone Funds are expected to follow is known as the "glide path" and is illustrated in the chart below.

- * Morningstar places funds in certain categories based on the fund's historical portfolio holdings. Placement of a fund in a particular Morningstar category does not mean that the fund will remain in that category or that it will invest primarily in securities consistent with its Morningstar category. A fund's investment strategy and portfolio holdings are governed by its prospectus, guidelines or other governing documents, not its Morningstar category.

- 1 Before investing in the Fund you should carefully consider your investment goals, tolerance for risk, investment time horizon, and personal circumstances. There is no guarantee that the Fund will meet its investment objective and you can lose money.
- 2 The Fund is an investment option of VantageTrust, a group trust established and maintained by VantageTrust Company, LLC, a wholly owned subsidiary of ICMA-RC. VantageTrust provides for the commingling of assets of certain trusts and plans as described in its Declaration of Trust, and is only available for investment by such eligible trusts and plans. The Fund is not a mutual fund. Its units are not deposits of VantageTrust Company and are not insured by the Federal Deposit Insurance Corporation or any other agency. The Fund is a security that has not been registered under the Securities Act of 1933 and is exempt from investment company registration under the Investment Company Act of 1940. For additional information regarding the Fund, including a description of the principal risks, please consult the VantageTrust Funds Disclosure Memorandum, which is available when plan administration clients log in at www.icmarc.org, at www.vantagepointfunds.org for institutions, or upon request by calling 800-669-7400.
- 3 VT PLUS Fund return is annualized for all periods.
- 4 ICMA-RC and your employer may negotiate a different fund management or service fee for your Plan that would lower the total expense ratio. The performance and total expense ratio shown do not reflect any such alternative fee arrangements.
- 5 The Fund is invested in a single registered mutual fund, the Fidelity Money Market Government Portfolio. Investments in the fund are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. It is possible to lose money by investing in the fund.
- 6 A fixed income fund is subject to credit risk and interest rate risk. Credit risk is when an issuer of a fixed income security may be unable or unwilling to make payments of principal or interest to the holders of these securities or may declare bankruptcy. Fixed income securities fluctuate in value as interest rates change. When interest rates rise, the market prices of fixed income securities will usually decrease; when interest rates fall, the market prices of fixed income securities usually will increase.
- 7 Funds that invest primarily in high yield bonds (bonds that are rated below investment grade and also known as "junk bonds") are subject to additional risk as these high yield bonds are considered speculative and involve a greater risk of default than "investment grade" securities. The values of these securities are particularly sensitive to changes in interest rates, issuer creditworthiness, and economic and political conditions. The market prices of these securities may decline significantly in periods of general economic difficulty, may be harder to value, and may be less liquid than higher rated securities.
- 8 Prudential Retirement Insurance and Annuity Company (Prudential), CA COA #08003, Hartford, CT. Neither Prudential nor ICMA-RC guarantees the investment performance or return on contributions to Prudential's Separate Account. You should carefully consider the objectives, risks, charges, expenses and underlying guarantee features before purchasing this product. Prudential may increase the Guarantee Fee in the future, from 1.00% up to a maximum of 1.50%. Like all variable investments, this Fund may lose value. Availability and terms may vary by jurisdiction; subject to regulatory approvals. Annuity contracts contain exclusions, limitations, reductions of benefits and terms for keeping them in force. Guarantees are based on Prudential's claims-paying ability. This annuity is issued under Contract form # GA-2020-TGWB4-0805-RC. ICMA-RC provides recordkeeping services to your Plan and is the investment manager of the underlying Prudential separate account. Prudential or its affiliates may compensate ICMA-RC for providing these and related administrative services in connection with the Fund. - 11 *Funds that invest in foreign securities are exposed to the risk of loss due to political, economic, legal, regulatory, and operational uncertainties; differing accounting and financial reporting standards; limited availability of information; currency fluctuations; and higher transaction costs. Investments in foreign currencies or securities denominated in foreign currencies (including derivative instruments that provide exposure to foreign currencies) may experience gains or losses solely based on changes in the exchange rate between foreign currencies and the U.S. dollar. The risk of investing in foreign securities may be greater with respect to securities of companies located in emerging market countries. The value of developing or emerging market currencies may fluctuate more than the currencies of companies with more mature markets.*
 - 12 *PURITAN and CONTRAFUND are registered service marks of FMR LLC. Used with permission.*
 - 13 *Certain funds may be subject to style risk, which is the possibility that the investment style of its investment adviser will trail the returns of the overall market. In the past, different types of securities have experienced cycles of outperformance and underperformance in comparison to the market in general. For example, growth stocks have performed best during the later stages of economic expansion and value stocks have performed best during periods of economic recovery. Both styles may go in and out of favor. When the investing style used by a fund is out of favor, that fund is likely to underperform other funds that use investing styles that are in favor.*

 - 15 *Funds that invest primarily in mid-capitalization companies involve greater risk than is customarily associated with investments in larger, more established companies. Equity securities of mid-capitalization companies generally trade in lower volume and are generally subject to greater and less predictable price changes than the securities of larger companies.*
 - 16 *Funds that invest primarily in small-capitalization companies involve greater risk than is customarily associated with investments in larger, more established companies. Equity securities of small-capitalization companies are generally subject to greater price volatility than those of larger companies due to less certain growth prospects, the lower degree of liquidity in the markets for their securities, and the greater sensitivity of smaller companies to changing economic conditions. Also, small-capitalization companies may have more limited product lines, fewer capital resources and less experienced management than larger companies.*
 - 17 *Performance information for this class prior to its inception date is the performance of the underlying fund adjusted to reflect the estimated fees and expenses of this class.*
 - 18 *Sector funds tend to be riskier and more volatile than the broad market because they are generally less diversified and more volatile than other mutual funds.*

i Frequent trading rules are designed to detect and discourage trading activities that may increase costs to all investors. All funds or underlying funds are monitored for frequent trading. Certain funds or underlying funds may impose fees or restrictions to deter frequent trading. Current information about these fees or restrictions can be found in a fund's or underlying fund's prospectus. You may contact us to obtain a prospectus or to answer questions by calling 800-669-7400, emailing investorservices@icmarc.org, or visiting www.icmarc.org. You can obtain information about ICMA-RC's Frequent Trading Policy at www.icmarc.org/frequenttrading.

ii Direct transfers from a stable value fund to competing funds are restricted. Competing funds may include, but are not limited to money market mutual funds, certificates of deposit, stable value funds, investment options that offer guarantees of principal or income, certain short-term bond funds and self-directed brokerage accounts. Certain restrictions may apply when you want to transfer money from a stable value fund to a competing fund. These restrictions generally include waiting periods before transfers can be made back into a stable value fund. For additional information on the VT PLUS Fund restrictions on transfers to competing funds, please refer to the Fund's Fact Sheet and Funds' Disclosure Memorandum.

- 1 *Before investing in the Fund you should carefully consider your investment goals, tolerance for risk, investment time horizon, and personal circumstances. There is no guarantee that the Fund will meet its investment objective and you can lose money.*
- 2 *The Fund is an investment option of VantageTrust, a group trust established and maintained by VantageTrust Company, LLC, a wholly owned subsidiary of ICMA-RC. VantageTrust provides for the commingling of assets of certain trusts and plans as described in its Declaration of Trust, and is only available for investment by such eligible trusts and plans. The Fund is not a mutual fund. Its units are not deposits of VantageTrust Company and are not insured by the Federal Deposit Insurance Corporation or any other agency. The Fund is a security that has not been registered under the Securities Act of 1933 and is exempt from investment company registration under the Investment Company Act of 1940. For additional information regarding the Fund, including a description of the principal risks, please consult the VantageTrust Funds Disclosure Memorandum, which is available when plan administration clients log in at www.icmarc.org, at www.vantagepointfunds.org for institutions, or upon request by calling 800-669-7400.*
- 3 *VantageTrust Funds invest either in collective investment funds or underlying registered funds. Please refer to the underlying fund's disclosure documents for additional information on fund fees and expenses.*
- 4 *The Fund is invested in a single registered mutual fund, the Fidelity Money Market Government Portfolio. Investments in the fund are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. It is possible to lose money by investing in the fund.*
- 5 *Differences between the net expense ratio and gross expense ratio of a fund are typically due to fee waivers, expense reimbursements, expense limits, and/or the reimbursement of fees to the fund.*
- 6 *A fixed income fund is subject to credit risk and interest rate risk. Credit risk is when an issuer of a fixed income security may be unable or unwilling to make payments of principal or interest to the holders of these securities or may declare bankruptcy. Fixed income securities fluctuate in value as interest rates change. When interest rates rise, the market prices of fixed income securities will usually decrease; when interest rates fall, the market prices of fixed income securities usually will increase.*
- 7 *Funds that invest primarily in high yield bonds (bonds that are rated below investment grade and also known as "junk bonds") are subject to additional risk as these high yield bonds are considered speculative and involve a greater risk of default than "investment grade" securities. The values of these securities are particularly sensitive to changes in interest rates, issuer creditworthiness, and economic and political conditions. The market prices of these securities may decline significantly in periods of general economic difficulty, may be harder to value, and may be less liquid than higher rated securities.*
- 8 *Prudential Retirement Insurance and Annuity Company (Prudential), CA COA #08003, Hartford, CT. Neither Prudential nor ICMA-RC guarantees the investment performance or return on contributions to Prudential's Separate Account. You should carefully consider the objectives, risks, charges, expenses and underlying guarantee features before purchasing this product. Prudential may increase the Guarantee Fee in the future, from 1.00% up to a maximum of 1.50%. Like all variable investments, this Fund may lose value. Availability and terms may vary by jurisdiction; subject to regulatory approvals. Annuity contracts contain exclusions, limitations, reductions of benefits and terms for keeping them in force. Guarantees are based on Prudential's claims-paying ability. This annuity is issued under Contract form # GA-2020-TGWB4-0805-RC. ICMA-RC provides recordkeeping services to your Plan and is the investment manager of the underlying Prudential separate account. Prudential or its affiliates may compensate ICMA-RC for providing these and related administrative services in connection with the Fund. Variable annuities are suitable for long-term investing, particularly retirement savings. ©2017 Prudential, the Prudential logo, and the Rock symbol and Bring Your Challenges are service marks of the Prudential Insurance Company of America, Newark, NJ, and its related entities, registered in many jurisdictions worldwide. Note: Participants who are interested in the VT Retirement IncomeAdvantage Fund must first receive and read the VT Retirement IncomeAdvantage Fund Important Considerations document, before investing.*
- 9 *The Fund is not a complete solution for all of your retirement savings needs. An investment in the Fund includes the risk of loss, including near, at or after the target date of the Fund. There is no guarantee that the Fund will provide adequate income at and through an investor's retirement.*
- 10 *Funds that invest in foreign securities are exposed to the risk of loss due to political, economic, legal, regulatory, and operational uncertainties; differing accounting and financial reporting standards; limited availability of information; currency fluctuations; and higher transaction costs. Investments in foreign currencies or securities denominated in foreign currencies (including derivative instruments that provide exposure to foreign currencies) may experience gains or losses solely based on changes in the exchange rate between foreign currencies and the U.S. dollar. The risk of investing in foreign securities may be greater with respect to securities of companies located in emerging market countries. The value of developing or emerging market currencies may fluctuate more than the currencies of companies with more mature markets.*
- 11 *PURITAN and CONTRAFUND are registered service marks of FMR LLC. Used with permission.*
- 12 *Certain funds may be subject to style risk, which is the possibility that the investment style of its investment adviser will trail the returns of the overall market. In the past, different types of securities have experienced cycles of outperformance and underperformance in comparison to the market in general. For example, growth stocks have performed best during the later stages of economic expansion and value stocks have performed best during periods of economic recovery. Both styles may go in and out of favor. When the investing style used by a fund is out of favor, that fund is likely to underperform other funds that use investing styles that are in favor.*
- 13 *T. Rowe Price® is a registered trademark of T. Rowe Price Group, Inc. - all rights reserved.*

- 14 *Funds that invest primarily in mid-capitalization companies involve greater risk than is customarily associated with investments in larger, more established companies. Equity securities of mid-capitalization companies generally trade in lower volume and are generally subject to greater and less predictable price changes than the securities of larger companies.*
- 15 *Funds that invest primarily in small-capitalization companies involve greater risk than is customarily associated with investments in larger, more established companies. Equity securities of small-capitalization companies are generally subject to greater price volatility than those of larger companies due to less certain growth prospects, the lower degree of liquidity in the markets for their securities, and the greater sensitivity of smaller companies to changing economic conditions. Also, small-capitalization companies may have more limited product lines, fewer capital resources and less experienced management than larger companies.*
- 16 *Sector funds tend to be riskier and more volatile than the broad market because they are generally less diversified and more volatile than other mutual funds.*

Annuity Information

The table below focuses on the annuity options under the plan. Annuities are insurance contracts that provide a guaranteed stream of payments at regular intervals. Annuities are issued by insurance companies. Guarantees of an insurance company are subject to its long-term financial strength and claims-paying ability.

Excess withdrawals made during a withdrawal period will permanently reduce the Lifetime Annual Withdrawal Amount available to you for subsequent withdrawal periods. If excess withdrawals reduce your Income Base to zero, Prudential is no longer obligated to make these withdrawals available to you.	
If you transfer assets out of the VT Retirement IncomeAdvantage Fund prior to locking-in, you will not be eligible to transfer assets back into the Fund for a period of 90 days. After locking-in, only a transfer out of the Fund in excess of your LAWA will result in you being restricted from transferring assets back into the Fund for a period of 90 days. Notice Regarding Default Investments

You have the right to direct the investment of assets in your account to any of the investments offered under your plan, at no additional cost to you. Use your plan's enrollment form to provide allocation instructions for the investment of contributions to your account. After completing the enrollment process, you may provide allocation instructions, or change the election made on your enrollment form, by contacting ICMA-RC's Investor Services toll-free at 800-669-7400, or online using Account Access at www.icmarc.org.

In the absence of valid allocation instructions for your account, all assets will be invested in the default fund selected by your employer until additional instructions are received from you. More information regarding the default fund selected by your employer is available by contacting ICMA-RC's Investor Services.

Increase your chances of achieving your retirement savings goals by giving careful consideration to the benefits of a well-balanced and diversified portfolio. Spreading your assets among different types of investments can help you achieve a favorable rate of return, while minimizing the risk of losing money in your retirement account. Although diversification is not a guarantee against loss, it can be an effective strategy to help manage investment risk.

Additional information regarding the investment options available to your plan, including the default fund chosen by your employer, is available by contacting ICMA-RC's Investor Services.

Disaster Recovery Plan

ICMA Retirement Corporation (ICMA-RC) and its subsidiaries, including ICMA-RC Services, LLC and VantageTrust Transfer Agents, LLC (collectively, "ICMA-RC") are committed to protecting the assets of our customers and being prepared to quickly recover and resume operations in the event of a significant business interruption. We have always regarded this as an obligation to our customers and have allocated resources to ensure our ability to meet this commitment. These capabilities are designed to:

- Provide for the complete recovery of our technology infrastructure and data.
- Consider the impact of various types of potential interruptions and prepare an appropriate strategy for each.
- Enable ICMA-RC to continue to perform our critical business functions and minimize the impact to our customers.

The goal of our Disaster Recovery Plan is to be able to recover and resume business operations within 24 hours after the onset of a situation that warrants a disaster declaration. To accomplish this we have:

- Detailed plans for every division across our corporation that identify specific actions to be taken, personnel requirements to meet those actions, and other resources necessary to restore critical processes and resume business operations. Keep in mind that the ability to conduct trading and other transactional activity is dependent on the stock market being open and the availability of telecommunications to perform the trade.
- Contracted with a national information availability provider for alternative workspace for our personnel, network infrastructure and telecommunications infrastructure, in the event that our facility is unusable because of an incident. This enables ICMA-RC to respond to your inquiries and provide information regarding your accounts during an incident.
- Established processes for the backup of data. Complete copies of production data are backed up at the completion of a daily processing cycle and are stored offsite at multiple secure locations. For critical data, backups are sent periodically throughout the day to a remote server. In addition, information required by regulatory agencies is archived and stored offsite at secure locations.
- Tested the effectiveness of our Disaster Recovery Plan to ensure that we have the ability to continue to operate in the event of an incident. Semi-annual exercises are conducted, with active annual participation of over 20% of ICMA-RC employees, to test the recovery of the network infrastructure and the functionality of all critical applications and processes.

If you have any questions about this plan or ICMA-RC please contact an Investor Services Representative at 800-669-7400.

ICMA-RC GUIDED PATHWAYS® FUND ADVICE AND MANAGED ACCOUNTS INVESTMENT ADVISORY AGREEMENT

June 2017

This investment advisory agreement (“Agreement”) describes the terms and conditions under which ICMA Retirement Corporation (“ICMA-RC”), a Delaware corporation registered as an investment adviser with the United States Securities and Exchange Commission (“SEC”), will operate the Fund Advice service (“Fund Advice”) or Managed Accounts service (“Managed Accounts”). By entering into this Agreement, you have elected to participate in a voluntary investment advisory service program offered by ICMA-RC for your designated retirement plan (“Plan”) assets or Vantagepoint Individual Retirement Account (“IRA”) assets (collectively, “Account(s)").

RESPONSIBILITIES

Under **Fund Advice**, ICMA-RC may provide “point-in-time” individual investment advice (e.g., fund specific investment recommendations) developed from the eligible investment options made available through your Plan or through ICMA-RC’s Vantagepoint IRA (“Eligible Investment Options”) and in accordance with objective, independent, third-party investment recommendations.

Under **Managed Accounts**, in accordance with guidelines established by the United States Department of Labor under its Advisory Opinion No. 2001-09A, ICMA-RC may provide ongoing management of your Account(s) by investing and reinvesting assets in your Account(s) in Eligible Investment Options in accordance with objective, independent, third-party investment recommendations.

Managed Accounts is a discretionary, asset allocation investment management service.

ICMA-RC has hired Morningstar Investment Management LLC (“Morningstar Investment Management”), an SEC-registered investment adviser and a subsidiary of Morningstar, Inc. to serve as the Independent Financial Expert (“IFE”) for **Fund Advice** and **Managed Accounts** to provide investment recommendations to ICMA-RC which are used in advising or managing your Account(s). Both **Fund Advice** and **Managed Accounts** are offered through Guided Pathways®, ICMA-RC’s platform for the delivery of a suite of services for participants of Public Employer retirement plans and ICMA-RC’s Vantagepoint IRA (collectively, “Participants”).

Our ability to advise or manage your Account(s) or provide fund recommendations properly depends on you providing us with as much current personal and financial information as possible.

FUND ADVICE AND MANAGED ACCOUNTS AUTHORIZATION AND APPOINTMENT

Fund Advice

Under **Fund Advice**, you request that ICMA-RC provide “point-in-time” individual investment advice (e.g., fund specific investment recommendations) developed from Eligible Investment Options and in accordance with objective, independent, third-party investment recommendations developed by Morningstar Investment Management, acting as the IFE. Under **Fund Advice**, you acknowledge and understand that you must pay an annual fee to continue to obtain this advice and, if the fee is not paid, the contract terminates and a new contract would have to be entered in order to obtain additional advice. Applicable fees are described more fully below. You also understand and acknowledge that this advice

provided is based on the Eligible Investment Options and will also take into account other personal and financial information that you provide to ICMA-RC, including information regarding your income or other investments that you may have outside of your Account(s). You further acknowledge and understand that under **Fund Advice**, you are responsible for implementing any advice or fund specific recommendation using the ordinary means available to your Account(s) (e.g., transfer of account balances), and for subsequent monitoring or review of the Account(s) and of the information utilized in arriving at the **Fund Advice** recommendations and that you remain responsible for making any future or further changes to your Account(s) investment allocations. In addition, you remain responsible for implementing any recommended changes to your Plan or IRA savings rates.

Managed Accounts

Under **Managed Accounts**, you request that ICMA-RC exercise discretionary authority to allocate and reallocate your Account(s) and to implement individualized advice generated by Morningstar Investment Management, acting as the IFE. ICMA-RC is authorized to exercise the investment discretion described below with respect to the assets in the Account(s), including such additional assets as may result from transactions in, contributions to and transfers of assets into the Account(s).

Under **Managed Accounts**, you agree to provide personal, financial and other information as reasonably requested by ICMA-RC and to inform ICMA-RC promptly of any changes in your circumstances in order to assist ICMA-RC in the development and management of an investment strategy that is suitable and appropriate for you. You understand that ICMA-RC will notify you annually to contact ICMA-RC regarding any changes in your personal and financial situation or investment objections to determine whether any such changes have occurred or whether you wish to impose any reasonable restriction on the Account(s) that is not fundamentally inconsistent with your investment objective or the nature or operation of **Managed Accounts**. You further understand that ICMA-RC personnel who are knowledgeable about the management of the Account(s) will be reasonably available to respond to your inquiries. You will receive a quarterly statement consisting of all activity in the Account(s), including fees and expenses and confirmations of any transactions in the Account(s).

Under **Managed Accounts**, you acknowledge that initially, and at least once each year thereafter during which you are still enrolled, you will be asked to review and confirm the accuracy and completeness of the information upon which **Managed Accounts** advice is based. Because you are directing ICMA-RC to manage the Account(s) on

your behalf, certain individually requested financial transactions otherwise available under the Account(s), such as contribution allocations and reallocations and fund transfers, either systematic or otherwise, will not be processed until you have terminated participation in **Managed Accounts**. Your request for any allocation, reallocation or fund transfer will be interpreted as a direction to terminate **Managed Accounts** for your Account(s).

Under **Managed Accounts**, you remain responsible for implementing any recommended changes to your Plan or IRA savings rates and, for notifying ICMA-RC of any savings rate changes.

Under **Managed Accounts**, ICMA-RC accepts its appointment as investment manager for the Account(s) pursuant to the terms and conditions set forth in this Agreement. The rights, powers, authorities and duties of ICMA-RC shall be solely and exclusively as provided in this Agreement and under applicable law.

Under this Agreement, ICMA-RC will provide you with the advisory services described below.

SERVICES

Fund Advice provides “point-in-time” individualized investment advice to Participants seeking assistance in selecting specific investments. Fund specific recommendations are constructed by the IFE from among the Eligible Investment Options. You are responsible for implementing any advice or fund specific recommendation using the ordinary means available to your Account(s) (e.g., transfer of account balances), and for subsequent monitoring or review of the Account(s) and of the information utilized in arriving at the **Fund Advice** recommendations.

Under **Fund Advice**, a model advice portfolio will be recommended to you based on your financial situation, time horizon and other personal and financial information that you have provided to ICMA-RC. Your financial situation incorporates information about your income and assets; your investment time horizon reflects when you may need access to assets in your Account(s).

In determining an appropriate target asset mix for your Account(s) under **Fund Advice**, ICMA-RC also considers all non-ICMA-RC retirement assets you have provided to ICMA-RC. While ICMA-RC will not provide investment advice on these assets, they will be taken into consideration in providing your investment advice. For example, if your other assets are invested more in equity, the assets in your Account(s) may be invested more conservatively. Conversely, if your other assets are invested more in cash or bonds or if you have provided information on a pension/defined benefit plan, the assets in your Account(s) may be invested more aggressively.

Under **Fund Advice**, you are responsible for the accuracy and completeness of the information provided to ICMA-RC. You understand that we will rely on this information in making fund specific recommendations. Again, you are responsible for implementing any advice or fund specific recommendation using the ordinary means available to your Account(s) (i.e., transfer of account balances), and for subsequent monitoring or review of the Account(s) and of the information utilized in arriving at the Fund Advice recommendations and that you remain responsible for making any future or further changes to your Account(s) investment allocations. In addition, you remain responsible for implementing any recommended changes to your Plan or IRA savings rates.

Managed Accounts is a discretionary asset allocation and management service that invests assets in one of a number of model advice portfolios created by the IFE based on the Eligible Investment Options and selected according to the investment methodology utilized by the IFE. Once you enroll, ICMA-RC will manage eligible assets, including future contributions, in your Account on a discretionary basis, and you will not be able to make any exchanges of such eligible assets among investment options within the Account(s) or otherwise direct or further restrict the management of assets while enrolled in **Managed Accounts**. Eligible assets in your Account(s) will be allocated to a portfolio of investment options managed in accordance with an IFE-recommended model advice portfolio. When appropriate, eligible assets in your Account(s) will be reallocated among various investment options chosen from the universe of Eligible Investment Options.

In exercising our discretion under this Agreement, ICMA-RC may take any and all actions necessary to allocate, reallocate or rebalance investments in your Account(s) in accordance with the model advice portfolio recommendations of the IFE and may execute such instruments, orders or agreements as may be necessary or proper in connection with providing advice to the Account(s).

Under **Managed Accounts**, you will be assigned to a model advice portfolio based on your financial situation, time horizon and other personal and financial information that you have provided to ICMA-RC. Your financial situation incorporates information about your income and assets; your investment time horizon reflects when you may need access to assets in your Account(s). In determining an appropriate target asset mix for your Account(s), either when you initially elect **Managed Accounts** or during a quarterly review of your Account(s), **Managed Accounts** also considers all non-managed retirement assets you have provided to ICMA-RC. While these assets are not managed by ICMA-RC, they will be taken into consideration in managing your Account(s). For example, if your other assets are invested more in equity, your Account(s) assets may be invested more conservatively. Conversely, if your other assets are invested more in cash or bonds, your Account(s) assets may be invested more aggressively.

Under **Managed Accounts**, you are responsible for the accuracy and completeness of the information provided to ICMA-RC. You understand that we will rely on the information in making an initial recommendation and in the ongoing management of your Account(s). It is your responsibility to notify ICMA-RC promptly of any change that may affect the manner in which we should allocate or invest the eligible assets in your Account(s). At least annually, ICMA-RC will remind you to verify or update your personal and financial information. It is essential that your personal and financial information be kept current and accurate. Based on the information you provide, the IFE may change the target asset mix and the model advice portfolio to which **Managed Accounts** manages your Account(s). You will continue to receive all reports with respect to your Account(s) that you would receive if you were not enrolled in **Managed Accounts**.

Under **Managed Accounts**, you remain responsible for implementing any recommended changes to Plan or IRA savings rates. In addition, you should notify ICMA-RC of any savings rate changes.

ALTERNATE PORTFOLIO SELECTION

You acknowledge that if you are enrolled in **Managed Accounts** and personally select an alternate model advice portfolio as opposed to the

model advice portfolio recommended by **Managed Accounts**, you will remain in this alternate portfolio until you instruct us otherwise. As a participant in **Managed Accounts**, we will continue to monitor and rebalance your chosen alternate portfolio. However, selection of an alternative portfolio may decrease the likelihood of achieving your retirement goals as calculated by Morningstar Investment Management. We will also communicate our recommended model advice portfolio at least annually.

YOUR RESPONSIBILITIES

You are responsible for providing correct and complete information to ICMA-RC, and under **Managed Accounts**, for notifying ICMA-RC of any change that affects your participation. This includes any event or change in circumstances that may impact your investment time horizon or financial situation. For example, you should inform ICMA-RC of any:

- Change to your employment status or annual income;
- Change in your contribution rate;
- Change to your desired retirement age;
- Other events that may cause a re-evaluation of target asset mix and model advice portfolio assignment.

INVESTMENT APPROACH

In creating model advice portfolios, Morningstar Investment Management uses a quantitative approach to determine Eligible Investment Options that have demonstrated, over time, consistency in risk characteristics and security selection capabilities. The investment options eligible for inclusion in the recommended asset allocation and fund specific advice are limited to only Eligible Investment Options.

Morningstar Investment Management follows a three-step approach to create a model advice portfolio from all your eligible investment options.

Analyze Investments: Morningstar Investment Management performs investment analysis to narrow the universe of investment options to form a select list of investments. They apply returns-based style analysis to monitor historical performance and estimate style exposure. Rigorous quantitative analysis is then used to validate the selected list of investment options.

Construct Portfolio: Once the investment options are analyzed, Morningstar Investment Management determines the appropriate combination of investment options. This approach, which includes a proprietary alpha-tracking error optimization, can incorporate a balanced core group of investments combined with select active investments to create a portfolio that is unique and goal-specific. By using alpha, tracking error and investment styles, an optimal mix of investment options is determined and the target strategic asset allocations are implemented.

Monitor Portfolio: Finally, Morningstar Investment Management monitors and reviews each model advice portfolio to ensure that it stays in line with its stated strategic asset allocation target and continues to meet Morningstar Investment Management's investment criteria.

TERMS AND CONDITIONS

Binding Agreement. This is a legal and binding Agreement governing your use of **Fund Advice**, a "point-in-time" investment advisory

service or **Managed Accounts**, a discretionary asset allocation investment advisory service provided by ICMA-RC with the IFE services of Morningstar Investment Management.

Scope of Managed Accounts. **Managed Accounts** will provide asset allocation and rebalancing of all eligible assets in your Account(s), including future contributions, on a discretionary basis. You will not be able to make any exchanges of eligible assets among investment options within the Account(s) or otherwise direct or further restrict the management of those assets while enrolled in **Managed Accounts**.

Eligibility. To be eligible to participate in **Fund Advice** or **Managed Accounts**, you must be enrolled in an eligible ICMA-RC administered 457(b), 401(a), 401(k) Plan, or the Vantagepoint IRA.

Under Managed Accounts or Fund Advice, if you are subject to any imposed frequent trading restrictions, you are not eligible to participate in **Managed Accounts** or **Fund Advice**. You are eligible to enroll in **Managed Accounts** or **Fund Advice** at any time, except as may be restricted by your Plan for your Plan account. However, if you previously terminated participation in **Managed Accounts** with respect to any account with ICMA-RC, you must wait at least until the next calendar quarter before re-enrolling in **Managed Accounts** for any account with ICMA-RC and may not enroll more than two times in any 12-month period. If you hold non-traditional investment options that cannot be purchased or sold without restriction through your Plan (such as self-directed brokerage assets or assets in Certificates of Deposit) or if you hold assets in a VantageBroker IRA account, these investments are ineligible for management by ICMA-RC, but will be taken into consideration by **Managed Accounts** when determining your asset allocation portfolio.

Accuracy of Information. You are responsible for the accuracy and completeness of the information provided to ICMA-RC for the initial recommendation and under **Managed Accounts**, for the ongoing management of your Account(s). Under **Managed Accounts**, it is your responsibility to notify ICMA-RC promptly of any change that may affect the manner in which we should allocate or invest the eligible assets in your Account(s).

Eligible Investment Options.

For Retirement Plans: The investment options eligible for inclusion in **Fund Advice** or **Managed Accounts** are limited to those chosen for your Plan by your employer sponsoring your Plan, or the Plan's named fiduciary, and that can be purchased and sold without restriction by you within your Plan.

The IFE may recommend that a portion of your assets be invested in the VT Retirement IncomeAdvantage Fund, a VantageTrust Fund that invests in a separate account under a group variable annuity issued by a third-party insurance company. A Guarantee Fee of 1.00% is assessed by the third-party insurance company for the VT Retirement IncomeAdvantage Fund guarantees and is included along with other fund fees and expenses in the VT Retirement IncomeAdvantage Fund's net expense ratio. Guarantees are based on the claims-paying ability of the third-party insurance company. These guarantees are also subject to certain limitations, terms, and conditions. Your rights to these guarantees may be impacted if (1) you make any transfers, exchanges or withdrawals from the Fund (other than guaranteed withdrawals after you lock-in), (2) your Plan Sponsor switches retirement plan providers or removes the VT Retirement

IncomeAdvantage Fund from the plan lineup, or (3) the VT Retirement IncomeAdvantage Fund or the group annuity contract in which it invests is terminated. For additional information about the VT Retirement IncomeAdvantage Fund, please review these three documents: 1) *VT Retirement IncomeAdvantage Fund Important Considerations*, 2) the Fund's Fact Sheet and the Fund's Disclosure Memorandum. These documents are available online via Account Access (www.icmarc.org) or by contacting ICMA-RC Investor Services at 1-800-669-7400.

For IRA Owners: The investment options eligible for inclusion in **Fund Advice** or **Managed Accounts** are those permitted by the Vantagepoint IRA. You should know that while ICMA-RC selects the investment options for the Vantagepoint IRA, ICMA-RC does not select those options in the capacity of a fiduciary for your IRA account or for the Vantagepoint IRA. When making the Vantagepoint IRA investment options available to IRA owners, ICMA-RC is in no way recommending the selection of any particular investment option for inclusion in **Fund Advice** or **Managed Accounts**. The decision to include a particular investment option in **Fund Advice** or **Managed Accounts** and whether such fund will be part of a model advice portfolio is made by Morningstar Investment Management as the IFE.

Custody. For **Managed Accounts**, the assets in the Account(s) shall be held in your name at a "qualified custodian" ("Custodian"), as defined by Rule 206(4)-2 under the Investment Advisers Act of 1940, as amended ("Advisers Act"). ICMA-RC will open a custodial account on your behalf with the Custodian, and you will receive written notice of the name and address of the Custodian upon enrollment in **Managed Accounts**. You understand that the Custodian will, at a minimum, provide you with quarterly statements with respect to the Account(s). Statements shall include the securities and cash, if any, in the Account(s) at the end of the applicable period and all transactions in the Account(s) during that period. You further understand that ICMA-RC will not be liable for any act or omission of the Custodian. Nothing in this Section shall prohibit ICMA-RC from directly billing the Account(s) for fees incurred under this Agreement in accordance with Advisers Act Rule 206(4)-2, or other applicable law.

Fund Advice Annual Fee. An annual standard fee of \$20 will be charged to your Account(s) for participating in **Fund Advice**. You understand that the **Fund Advice** fee does not cover any other fees or expenses associated with your Account(s). For retirement plan accounts, the actual fee you are charged depends on the Plan you participate in and may be lower than \$20 but not higher. The fixed annual fee will be charged to your Account(s) following enrollment and will entitle you to use the service for a twelve-month period. For each succeeding twelve-month period for which the **Fund Advice** service is initiated or continued, you will be required to pay the annual fee in order to continue receiving the service. If this fee is not paid, the contract terminates automatically and a new contract must be entered into in order to re-access **Fund Advice**.

Managed Accounts Advisory Fee. An annual advisory fee will be charged to your Account(s) based on a percentage of the average daily balance of eligible assets in your Account(s). The advisory fee will be charged to cover ongoing management of the eligible assets in your Account(s), the communications ICMA-RC sends to keep you informed about your Account(s), and the related service you

receive. The fee is payable in arrears in monthly increments as of the last day of each calendar month. In the event your participation in **Managed Accounts** terminates before the end of the month, the fee will be prorated based on the number of days the Account(s) was managed during the calendar month, unless ICMA-RC chooses to waive the fee for that period.

You will have six calendar days after enrolling in **Managed Accounts** to terminate the service without incurring the Managed Accounts fee.

The **Managed Accounts** fee will be calculated as a percentage of the Account(s)' value and applied to the Account(s) as a fixed dollar amount. If you receive **Managed Accounts** advice on multiple accounts, account balances for all accounts enrolled in **Managed Accounts** are aggregated for the purpose of calculating fees. The standard **Managed Accounts** fee schedule is:

Account Balance	Annual Fee
First \$100,000	0.40%
Next \$100,000	0.35%
Next \$300,000	0.25%
Over \$500,000	0.00% (no additional fee charged)

For retirement plan accounts, the actual fee you are charged depends on the Plan(s) you participate in and may be lower than what is listed above. An example of the Managed Accounts fee charged under the standard schedule is as follows: if your Account(s) balance is \$500,000, the first \$100,000 will be charged a fee of 0.40%, the next \$100,000 will be charged a fee of 0.35%, and the next \$300,000 will be charged a fee of 0.25%. Any assets over \$500,000 would be charged a fee of 0.00% (no additional fee charged).

The **Managed Accounts** fee will be deducted pro-rata against all investments in any Account(s) included in **Managed Accounts** and will be assessed on a pro-rata basis among your eligible investments. This Agreement constitutes authorization for the Custodian to pay fees to ICMA-RC directly from the Account(s), in accordance with Advisers Act Rule 206(4)-2. The fee will be deducted directly from your Account(s) and will be reflected as a fee charge on your quarterly statement.

Certain Eligible Investment Options may charge a redemption fee on specific transactions. Transactions initiated under **Managed Accounts** may result in such redemption fees being charged to you. Any applicable redemption fees will be deducted directly from your Account(s).

You understand that the **Managed Accounts** fee covers only our advisory fee for allocating and reallocating assets in your Account(s) and does not cover any other fees or expenses associated with your Account(s).

Risks of Investing. Investments in your retirement savings Account(s) are subject to the risks associated with investing in mutual funds and other securities, and will not always be profitable. Although each Eligible Investment Option is subject to a degree of risk that could affect their performance, certain investment options entail additional risk specific to their asset class. For example, high yield bond investments are subject to increased risk of default, compared to higher rated securities. Foreign investments are subject to greater risks of currency fluctuations and political uncertainty. Equity

securities of companies with relatively small market capitalization may be more volatile than securities of larger, more established companies. Specialty funds invest in a limited number of companies and are generally non-diversified.

The advice provided under **Fund Advice** or **Managed Accounts** does not take into account your personal risk tolerance with respect to your investment objectives. Moreover, the Morningstar Investment Management process used to generate the advice under **Fund Advice** or **Managed Accounts** may involve investment risk that exceeds your acceptable risk tolerance level.

For retirement plan accounts, you agree to release, hold harmless and indemnify your sponsoring employer or other sponsoring entity, from and against any and all liability, loss, cost or expense arising out of any action or decision you make in reliance upon information provided through **Fund Advice** or allocations made through **Managed Accounts**. ICMA-RC does not guarantee the results or timing of any recommendations, or that the objectives of the funds or your Account(s) will be met. Except as otherwise required by law, ICMA-RC will not be liable for:

- Any loss resulting from following your instructions or using inaccurate, outdated or incomplete information you provide;
- Any act or failure to act by a fund or any of its agents or any other third party; and
- Any loss in the market value of your Account(s), except for losses resulting from our breach of fiduciary duty, bad faith, or gross negligence.

However, nothing in this Agreement shall constitute a waiver of, or limitation on, any rights you have under federal and state laws to the extent such rights may not be waived or limited.

Changes in Managed Accounts

For Retirement Plan Accounts, Managed Accounts has been made available for you to invest your eligible Plan assets under arrangements with your employer sponsoring your Plan or the Plan's named fiduciary, including an investment management services agreement between your employer sponsoring your Plan or the Plan's named fiduciary and ICMA-RC. The employer sponsoring your Plan or the Plan's named fiduciary may modify or terminate this arrangement at any time. See Termination, below, for more details. **Managed Accounts** and the terms under which it is made available to you are subject to material change only by agreement between your employer sponsoring your Plan or the Plan's named fiduciary and ICMA-RC.

For Vantagepoint IRA Owners. Changes to the terms and conditions of **Managed Accounts** may be made by ICMA-RC. You will be provided thirty (30) days notice of any change in the terms and conditions of the service. See Termination, below, for additional details.

Account Activity and Timing. Under **Managed Accounts**, ICMA-RC will manage the eligible assets in your Account(s) so that they generally align with the appropriate model advice portfolio. Due to activity you may initiate, such as loans, withdrawals and market activity in the Account(s), your investments may deviate from the associated model advice portfolio. Quarterly, or as you notify ICMA-RC of changes to your personal and financial information, Morningstar Investment Management re-examines the model advice portfolio to determine if a reallocation to a different model advice portfolio is needed. If a new model advice portfolio is needed, your Account(s) assets will be reallocated and rebalanced to the new model's target asset allocation.

Quarterly, assuming a new model advice portfolio is not needed, Morningstar Investment Management reviews the allocation of your current Account to determine if any fund deviates from the recommended model advice portfolio by more than a pre-specified minimum percentage, which would at no time be greater than 3%. If it does, ICMA-RC will transfer assets among the currently designated funds to ensure your Account remains consistent with the target allocation of the model advice portfolio.

During the time you are enrolled in **Managed Accounts**, you are prohibited from initiating exchanges of eligible assets and directing how new contributions are allocated in your Account(s).

For retirement plan accounts, in-service distributions, withdrawals, and loans will be satisfied according to Plan rules, and may temporarily impact our ability to closely track the model advice portfolio. Transfers to an alternate payee pursuant to a qualified domestic relations order ("QDRO") will be governed by court order and Plan rules, but such a transfer will immediately terminate our obligation to manage the portion of the Account(s) transferred, unless the alternate payee is eligible and separately elects to participate in **Managed Accounts**. On rare occasions due to: market conditions, such as fund closure, system availability, fund restrictions, Plan rules, Plan sponsor action, or other circumstances ICMA-RC may be prevented or delayed from processing transactions in accordance with your direction or the direction of **Managed Accounts**. Certain Plan rules or restrictions may not be applicable while you are enrolled in **Managed Accounts**. We, our affiliates, the Plan, and your employer sponsoring the plan will not be responsible for any losses, damages, or missed price opportunities in these circumstances. As we manage the eligible assets in your Account(s), we will consider the effect of any corrections applied to your Account(s), but we will not attempt to make any retroactive changes to management decisions that were previously made.

Any pending fund transfer requests and pending future contribution allocation requests you may have initiated will be cancelled upon your enrollment in **Managed Accounts**.

All rollover or transfer assets or maturing Certificates of Deposit will be allocated according to the contribution allocation assigned to your Account(s) under **Managed Accounts**.

Termination. You may choose to terminate your participation in **Managed Accounts** at any time, with no additional charge. Advisory fee charges will be prorated based on the number of days your Account(s) was managed during the month unless waived. Your termination election will be effective upon confirmation of receipt of your termination request. Participation in **Managed Accounts** will terminate automatically: (i) if you initiate a fund transfer or asset reallocation while in **Managed Accounts**; or (ii) for that portion of your Account(s) transferred to an alternate payee pursuant to a QDRO. Upon notification of your death, participation will also terminate and your Account(s) will remain in the then-current investments until alternate direction from an authorized party is provided. Termination will not affect: (i) the validity of any action previously taken, (ii) any liabilities or obligations for transactions initiated before termination, and (iii) our right to charge and retain fees for services rendered. We will have no obligation to recommend or take any action with regard to assets in your Account(s) after termination of **Managed Accounts**.

Reports. You will receive confirmations of all transactions in your Account(s). In addition, you will receive quarterly statements consisting of all activity in the Account(s), all fees and expenses, and the beginning and ending value of the Account(s) for the period.

Shareholder and Other Rights. You are responsible for exercising any applicable shareholder and other rights with respect to investment options in your Account(s). ICMA-RC will not exercise any shareholder rights on your behalf unless required by law. ICMA-RC will not advise you on the voting of proxies for fund shares held in your Account(s). In addition, ICMA-RC will not advise you on legal proceedings, including bankruptcies and class actions, involving investment options.

Past performance of investments is no guarantee of future results. **Fund Advice** and **Managed Accounts** depend upon a number of factors, including the information you provide to us, information which is provided to us on your behalf by your Employer or Plan, various assumptions, and estimates, and other considerations. You acknowledge that we are basing our actions with respect to your Account(s) on the information you provide to us, or information which is provided to us on your behalf by your Employer or Plan, and agree that if you participate in **Managed Accounts** you will provide updated personal and financial information as necessary. Some of the information provided in conjunction with **Fund Advice** and **Managed Accounts** is provided by independent third parties and not by ICMA-RC or its IFE. We do not make any guarantees or warranties, express or implied, as to the accuracy, timeliness or completeness of such information. You understand and agree that **Fund Advice** and **Managed Accounts** do not recommend investments with respect to any individual stocks or bonds, other than shares or units of Eligible Investment Options and also may not consider all investment alternatives available under your Plan or through the Vantagepoint IRA, either with the understanding of your employer sponsoring your plan or because either ICMA-RC or its IFE has determined that adequate data does not exist for us to appropriately consider such alternatives.

You understand that our providing **Fund Advice** or **Managed Accounts** should not be considered to be our approval or endorsement of the available alternatives in your Plan or in the Vantagepoint IRA.

You further understand that we provide advisory services and manage accounts for other investors, including: participants in your Plan, participants in other plans, Vantagepoint IRA owners, and other investors. The advisory services, advice or actions we take or provide to such other individuals and entities may differ from those provided to you. We are not obligated to recommend or disclose to you any investment recommendations or actions we provide or take on behalf of such other individuals or entities.

Eligible Participants. **Fund Advice** and **Managed Accounts** are offered only to persons residing in the United States and nothing

herein shall be construed as an offer of this service in other jurisdictions.

When investing in any investment alternatives or any other security whether through **Fund Advice** or **Managed Accounts** or otherwise, please obtain and read a copy of the current prospectus or other available descriptions of the investment alternative, which contains more complete information, including sales charges and expenses.

Item 4 Advisory Business

ICMA-RC is a Delaware non-profit corporation established in 1972 to assist state and local governments and their agencies and instrumentalities (“Plan Sponsors”) in the establishment and maintenance of deferred compensation and qualified retirement plans (“Retirement Plans”) for their public sector employees. ICMA-RC offers a full range of retirement plan administration services to Plan Sponsors, including administration, recordkeeping, and education services. ICMA-RC has been an SEC registered investment adviser since 1983 and provides a number of different investment advisory services, including the following:

Guided Pathways Advisory Services

Since March 2007, ICMA-RC has offered educational and advisory services to Retirement Plan participants enrolled in Guided Pathways Advisory Services. In March 2013, ICMA-RC began offering Guided Pathways Advisory Services to investors in the

Vantagepoint IRA administered by ICMA-RC (Vantagepoint IRA investors and Retirement Plan participants referred to collectively as, “Participants”). Guided Pathways Advisory Services include:

Managed Accounts – discretionary, on-going investment management for allocation of invested assets among mutual funds and other pooled investment vehicles available within an ICMA-RC administered Retirement Plan or Vantagepoint IRA;

Fund Advice – nondiscretionary, point-in-time, individualized fund specific investment portfolio recommendations to Participants looking for help in selecting specific fund investments for their accounts from among the investment options made available through their Retirement Plan or the Vantagepoint IRA; and

Asset Class Guidance – nondiscretionary, point-in-time, individualized asset allocation recommendations for Participants looking for assistance in selecting Retirement Plan or Vantagepoint IRA investments at the asset class level such as large-cap, small cap or international equities. Asset Class Guidance does not provide advice on specific investment options.

Fund Advice and Asset Class Guidance are generally available to Participants in Retirement Plans administered by ICMA-RC, unless expressly prohibited by the Retirement Plan sponsor. For Managed Accounts, the Plan Sponsor must expressly adopt that service before it is made available to the Retirement Plan’s participants. Unlike Fund Advice and Managed Accounts, Asset Class Guidance is provided to Participants at no cost and is for educational purposes only. Asset Class Guidance is not intended to be investment advice or serve as the sole or primary basis for a Participant’s investment decisions.

ICMA-RC delivers Guided Pathways Advisory Services via a combination of online, mail, and telephone media as well as in-person meetings. Individual ICMA-RC associates with Series 65 licenses deliver or facilitate the delivery of the Guided Pathways Advisory Services to the investor.

As part of Guided Pathways Advisory Services, ICMA-RC has entered into a contract with Morningstar Investment Management LLC (“Morningstar Investment Management”) to serve as the Independent Financial Expert (“IFE”). Morningstar Investment Management is an SEC registered investment adviser and wholly owned subsidiary of Morningstar, Inc. In its role as IFE, Morningstar Investment Management first develops overall asset class allocation models. It then develops a fund-specific investment portfolio for each of the asset class allocation models. For Retirement Plan participants, the investment options eligible for inclusion in the portfolios are limited to only those funds chosen for the Retirement Plan by the Plan Sponsor. For Vantagepoint IRA investors, the investment options eligible for inclusion in the portfolios are limited to those funds permitted by the Vantagepoint IRA.

For Participants who select Managed Accounts discretionary management, Morningstar Investment Management determines the fund-specific investment portfolio that it determines is most appropriate based on the Participant's financial situation, investment time horizon, sustainable retirement income, and other relevant factors. ICMA-RC then allocates the assets of the Participant's account in accordance with the Morningstar Investment Management recommended portfolio. Quarterly, or as a Participant notifies ICMA-RC of changes to his or her personal and financial information, Morningstar Investment Management re-examines the investment portfolio to determine if a reallocation to a different investment portfolio is needed. If a new investment portfolio is needed, the Participant's assets will be reallocated and rebalanced to the new target asset allocation.

For those opting for the nondiscretionary Fund Advice, Morningstar Investment Management recommends the appropriate fund-specific investment portfolio, ICMA-RC delivers the recommendation to the Participants, and Participants choose whether to implement the recommendation.

For Asset Class Guidance, Morningstar Investment Management recommends the appropriate asset class allocation model, ICMA-RC delivers the recommendation to the Participants, and Participants choose: (1) whether to implement the recommended asset class allocation model; and (2) which specific investment options to populate the recommended asset classes.

Under the Guided Pathways Advisory Services, Morningstar Investment Management's recommendations are based on a Participant's financial situation, investment time horizon, sustainable retirement income, and other personal and financial information provided to ICMA-RC by the Plan Sponsor or Participant. "Financial situation" incorporates information about Participants' income and assets, and "investment time horizon" reflects when Participants expect to begin withdrawing assets from their account.

Morningstar Investment Management employs Monte Carlo simulations to determine the likely annual retirement income that a participant will be able to sustain, through depletion of retirement savings, over a period greater than normal life expectancy. Morningstar Investment Management provides a recommended withdrawal plan designed to optimize the tax efficiency of withdrawals from each available income source.

In determining an appropriate target asset mix for retirement accounts in Guided Pathways Advisory Services, Morningstar Investment Management also considers information about all non-Retirement Plan assets of the Participant that has been provided to ICMA-RC. While ICMA-RC will not provide investment advice with respect to assets outside of a Retirement Plan or Vantagepoint IRA, Morningstar Investment Management will take those outside assets into consideration in the advice process. For example, if the outside assets are invested more in equity, Morningstar Investment Management may recommend a more conservative investment portfolio. Conversely, if the outside assets

are invested more in cash or bonds or if information is provided on a pension/defined benefit plan, Morningstar Investment Management may recommend a more aggressive investment portfolio.

Under Asset Class Guidance and Fund Advice, Participants may elect to implement some or all of the advice provided, including electing to not invest in certain asset classes or specific funds. Under the discretionary Managed Accounts service, Participants may select an alternate investment portfolio as opposed to the recommended investment portfolio, and will remain in this alternate portfolio until they instruct ICMA-RC otherwise. When an account is allocated in accordance with an alternate portfolio selected by the Participant, Morningstar Investment Management will continue to rebalance the account to align it with the alternate portfolio; however, Morningstar Investment Management will not reallocate the account to a different portfolio, even if the Participant notifies ICMA-RC of changes to his or her personal or financial information. Selection of an alternate portfolio may decrease the likelihood of achieving the Participant's retirement goals as calculated by Morningstar Investment Management.

The investment advice and asset allocation guidance provided under Guided Pathways Advisory Services does not take into account nor does it make any assumption related to a Participant's personal risk tolerance with respect to their investment objectives. As a result, the forecast and recommendations may involve investment risk that exceeds a Participant's acceptable risk tolerance level.

As of December 31, 2016, ICMA-RC managed \$1,529,199,268 under the discretionary Managed Accounts service. ICMA-RC does not manage Managed Accounts client assets on a non-discretionary basis. As of December 31, 2016 accounts with a total of \$44,379,126 were enrolled in the non-discretionary Fund Advice service.

Retirement Readiness Reports

As an added feature of the Guided Pathways Advisory Services platform, and at the request of a Plan Sponsor, ICMA-RC may provide Retirement Readiness Reports ("Reports") to full-time employees of a Plan Sponsor (both existing Retirement Plan participants and non-participant employees). These Reports include: (1) a forecast of the individual employee's income at retirement in relation to a retirement income objective provided by the Plan Sponsor; (2) a set of recommendations (including potential changes in savings rate) to help the employee reach this retirement income objective; and (3) an asset allocation and fund specific recommendations based on certain employee specific data and available investment options in the Retirement Plan. ICMA-RC has engaged Morningstar Investment Management to generate the investment recommendations in the Reports. Morningstar Investment Management uses the same investment methodologies and software to generate the Reports that it uses for the Guided Pathways Advisory Services program described above.

Once a Plan Sponsor requests a Report, it is generated based on Plan Sponsor-provided personal and financial status information and assumptions (e.g., target annual retirement income and retirement age) for each employee. If any of the information or assumptions

are inaccurate, an employee should not rely on the recommendations provided in the Report. Existing Retirement Plan participants may contact ICMA-RC to correct any information that is inaccurate or does not apply to their personal situation or to provide additional information not depicted in the Report.

Employees may or may not elect to implement some or all of the advice provided, including electing to not invest in certain asset classes or specific funds.

Item 5 Fees and Compensation

Guided Pathways Advisory Services

Managed Accounts – Participants who enroll in Managed Accounts are assessed an asset based fee that is charged on a monthly basis. Managed Accounts fees are calculated as a percentage of the average daily account value at the end of each month. For Retirement Plan participants, the standard Managed Accounts Fee Schedule may be waived or discounted by agreement with the Plan Sponsor. However, the fees for Managed Accounts services are non-negotiable at the Participant level.

For Participants receiving Managed Accounts advice on multiple accounts, the asset based fee is calculated based on the aggregate account balances for all accounts the Participant has enrolled in Managed Accounts. The standard Managed Accounts Fee Schedule is shown below:

Account Balance	Annual Fee
First \$100,000	0.40%
Next \$100,000	0.35%
Next \$300,000	0.25%
Over \$500,000	0.00% (no additional fee charged)

On a monthly basis, the Managed Accounts Fee will be deducted pro-rata in arrears against all investments in any account enrolled in Managed Accounts. If participation in Managed Accounts terminates before the end of any month, the fee will be based on the number of days the account was managed during the calendar month.

Fund Advice – Fund Advice is provided to Participants for a fixed annual fee of \$20. The fee is charged to the account following enrollment and entitles Participants to use the service for a twelve-month period. For each succeeding twelve-month period for which the Fund Advice service is initiated or continued, Participants are required to pay the annual fee. If this fee is not paid, the Fund Advice service terminates automatically and a new contract must be entered in order to re-access Fund Advice. This fee may be waived for certain Retirement Plan participants with high account balances and/or who are enrolled in selected Retirement Plans.

Asset Class Guidance – No fee is assessed for Asset Class Guidance.

Participants that invest in the collective funds and mutual funds made available to their Retirement Plans or through the Vantagepoint IRA will indirectly bear their proportionate share of the fees and expenses that are paid at the fund level and borne by all shareholders or unit holders. These fees and expenses typically include, among others, investment advisory, transfer agent, custodial and distribution fees and portfolio brokerage costs that are paid by each fund and/or its underlying fund. The above fund fees and expenses are in addition to the advisory fees charged to Participants in the Guided Pathways Advisory Services program.

Retirement Readiness Reports

ICMA-RC does not charge recipients for their Retirement Readiness Reports. The costs for the Reports are included in the fees paid by a Retirement Plan to ICMA-RC for providing Retirement Plan recordkeeping, administrative, and educational services.

Other Compensation – Guided Pathways Advisory Services

While ICMA-RC makes available no-load funds or funds that have agreed to waive loads for Participants, ICMA-RC or one of its affiliates typically receive asset-based fees for providing investment advisory, recordkeeping, administrative and/or retirement plan administration services with respect to the funds in which Participants invest. Please see the response to Item 11, under Participation or Interest in Client Transactions, for a description of any potential conflict of interest from ICMA-RC's receipt of these fees.

Within their ICMA-RC-administered Retirement Plan accounts or Vantagepoint IRA accounts, Participants *do not* have the option to purchase funds recommended in the Guided Pathways Advisory Services program and Retirement Readiness Reports through other brokers or agents. However, Participants *do* have the option to purchase some of the funds recommended in the Guided Pathways Advisory Services program and Retirement Readiness Reports *outside of* their ICMA-RC-administered Retirement Plan or Vantagepoint IRA accounts through other brokers or agents.

Item 6 Performance-Based Fees and Side-By-Side Management

Not applicable.

Item 7 Types of Clients

Guided Pathways Advisory Services

Guided Pathways Advisory Services are available to individual participants in employer-sponsored state and local Retirement Plans administered by ICMA-RC and to Vantagepoint IRA investors. There is no minimum account size required to participate in any of the Guided Pathways Advisory Services.

While Fund Advice and Asset Class Guidance are generally available to all Retirement Plan participants, the Plan Sponsor must expressly adopt Managed Accounts before it is made available to the Retirement Plan's participants.

Retirement Readiness Reports

At the request of a Plan Sponsor, ICMA-RC may provide Retirement Readiness Reports to all full-time employees of the Plan Sponsor (both existing Retirement Plan participants and non-participants).

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

Guided Pathways Advisory Services and Retirement Readiness Reports

In making investment recommendations under Guided Pathways Advisory Services and Retirement Readiness Reports, Morningstar Investment Management first constructs asset class allocation models. These are constructed to provide a spectrum of risk/reward choices appropriate for a broad range of Participants. The allocation among asset classes is based on historic and projected returns and return patterns (standard deviations and correlations) for the asset classes.

After the asset class allocation models are established, Morningstar Investment Management then constructs fund-specific investment portfolios for each of the asset class allocation models. Morningstar Investment Management uses various quantitative criteria including style-based returns and tracking error, fund expense levels, and alpha. In addition, Morningstar Investment Management conducts a qualitative review and assessment for each fund-specific investment portfolio prior to its recommendation.

Morningstar Investment Management's investment portfolios are based on and specific to the investment options available for each Retirement Plan or the Vantagepoint IRA. Morningstar Investment Management, however, does not determine the Retirement Plan or Vantagepoint IRA investment options upon which the investment portfolios are based. For Retirement Plans, the Plan Sponsor has exclusive responsibility for selecting the Plan's investment options, and those selections are made independent of Guided Pathways Advisory Services. For the Vantagepoint IRA, ICMA-RC selects the available investment options. While ICMA-RC selects the overall investment options for the Vantagepoint IRA, it does not recommend the selection of any particular investment option for inclusion in Fund Advice or Managed Accounts.

Investments in funds recommended by Morningstar Investment Management are subject to the risks associated with investing in mutual funds, collective funds, and other securities, and will not always be profitable. Although each investment option available through the Retirement Plan or Vantagepoint IRA is subject to a degree of risk that could affect their performance, certain investment options entail additional risk specific to their asset class. For example, high yield bond investments are subject to increased risk of default, compared to higher rated securities. Foreign investments are subject to greater

risks of currency fluctuations and political uncertainty. Equity securities of companies with relatively small market capitalization may be more volatile than securities of larger, more established companies. Specialty funds invest in a limited number of companies and are generally non-diversified.

Based on the information provided by the Participant, Morningstar Investment Management may recommend that a portion of the Participant's assets be invested in the VT Retirement IncomeAdvantage Fund, a VantageTrust Fund that invests in a separate account under a group variable annuity issued by a third-party insurance company. The separate account, in turn, invests in underlying collective trust funds that are subject to the risks associated with investing in those vehicles, such as stock market risk, preferred stock risk, inflation-adjusted securities risk, emerging market securities risk, interest rate risk, equity income/interest rate risk, credit risk, foreign securities risk, foreign currency risk, mid-cap securities risk, small-cap securities risk, indexing risk, U.S. government agencies securities risk, call risk, mortgage backed securities risk, asset-backed securities risk, active trading risk, derivative instruments risk, convertible securities risk and multi-manager risk.

Insurance guarantees (i.e., the ability of the VT Retirement IncomeAdvantage Fund to allow participants to make periodic withdrawals after the account balance has been depleted) are provided by the third-party insurance company and are based on that company's claims paying ability. Further, investments in the VT Retirement IncomeAdvantage Fund involve the risk that the insurance guarantees may terminate under certain conditions, such as when: Participants may leave their Retirement Plan; the Plan Sponsor may switch Retirement Plan providers; the Plan Sponsor may remove the fund from the Retirement Plan's investment lineup; and the fund and/or the group annuity contract in which it invests may terminate.

The advice provided does not take into account nor does it make any assumption related to a Participant's personal risk tolerance with respect to their investment objectives. As a result, the forecast and recommendations may involve investment risk that exceeds a Participant's acceptable risk tolerance level.

Item 9 Disciplinary Information

Not Applicable.

Item 10 Other Financial Industry Activities and Affiliations

Broker-Dealer

ICMA-RC Services, LLC ("RC Services"), a wholly owned subsidiary of ICMA-RC, is a broker-dealer registered with the SEC and is a member of FINRA. Certain management persons of ICMA-RC are registered representatives of RC Services.

Investment Adviser

Vantagepoint Investment Advisers, LLC (“VIA”), a wholly owned subsidiary of ICMA-RC and an SEC registered investment adviser, served as the investment adviser to The Vantagepoint Funds prior to those funds being terminated and liquidated in 2016. VIA’s investment advisory business is in the process of being revised.

Banking Institution

VantageTrust Company, LLC (“VTC”) is a New Hampshire non-depository trust company and a wholly owned subsidiary of ICMA-RC. VTC is the sole trustee of VantageTrust (“VT”), VantageTrust II (“VT II”) and VantageTrust III (“VT III”) (collectively, the “VT Trusts”), trusts established and maintained by VTC for the purpose of the collective investment and reinvestment of assets of certain tax-exempt, governmental pension and profit-sharing plans, retiree welfare plans, related trusts and certain other eligible investors. ICMA-RC provides, for a negotiated fee, certain recordkeeping, management, and administrative services to VTC for the benefit of the eligible investors within the VT Trusts.

Collective Trust Funds

Investment options are offered to Retirement Plans and their participants through VantageTrust and VantageTrust II. Certain VT, VT II and VT III Funds invest in other funds of the VT Trusts. ICMA-RC receives asset based fees for investment advice and administrative services provided to VTC with respect to the VT, VT II and VT III Funds. ICMA-RC has entered into agreements with subadvisers for the performance of some or all of ICMA-RC’s duties and responsibilities relating to certain Funds. ICMA-RC retains the responsibility and authority to monitor and review the performance of each subadviser, and VTC retains oversight of ICMA-RC’s advisory responsibilities. ICMA-RC’s investment advisory fees are in addition to any fees paid to the subadvisers.

Conflicts

Please see the response to Item 11, under Participation or Interest in Client Transactions, for a description of any potential conflict of interest from the above financial industry affiliations.

Item 11 Code of Ethics, Participation or Interest in Client Transactions, and Personal Trading

Code of Ethics

ICMA-RC adopted a Code of Ethics pursuant to Advisers Act Rule 204A-1 to help ICMA-RC meet its fiduciary obligations to its clients to act in the clients’ best interests and to subordinate ICMA-RC and its associates’ interests to the interests of ICMA-RC’s clients. The Code of Ethics helps to ensure that ICMA-RC associates avoid or

appropriately manage conflicts with the interests of clients. Under the Code of Ethics, all ICMA-RC associates are required to comply with ethical restraints relating to clients, including restrictions on giving gifts to, and receiving gifts from, clients in violation of ICMA-RC's gift policy.

ICMA-RC's Code of Ethics also addresses the SEC's "pay-to-play" rule, which is designed to prevent investment advisers from making political contributions or hidden payments in an effort to influence their selection by government officials to provide advisory services to government entities. ICMA-RC's Code of Ethics prohibits political contributions to certain state and local government officials, restricts using third party solicitors for potential clients unless those solicitors are subject to the pay to play rule, and implements a ban on engaging in fundraising activities for certain officials, political action committees, as well as state and local political parties. ICMA-RC's Political Contributions Policy contained in the Code of Ethics applies to all officers and employees of ICMA-RC and its affiliated entities regardless of position, responsibility or title. Exceptions to the political contribution prohibition are possible only upon approval of ICMA-RC's Chief Compliance Officer and only if, among other things, the amount of the contribution is the lesser of \$150 per year or per election.

Also as part of the Code of Ethics, ICMA-RC has adopted procedures to control the use of material, non-public information. These procedures take into account that ICMA-RC and its related persons may, from time to time, come into possession of material nonpublic and other confidential information which, if disclosed, might affect an investor's decision to buy, sell or hold a security. Under applicable law, ICMA-RC and its related persons are prohibited from improperly disclosing or using such information for their personal benefit or for the benefit of any other person, regardless of whether such other person is an advisory client of ICMA-RC. Accordingly, should such persons come into possession of material non-public or other confidential information with respect to any company, they may be prohibited from communicating such information to, or using such information for the benefit of, their respective clients, and have no obligation or responsibility to disclose such information to, nor responsibility to use such information for the benefit of, their clients when following policies and procedures designed to comply with law.

A copy of the Code of Ethics is available to any client or prospective client upon request.

Participation or Interest in Client Transactions

ICMA-RC makes available to Retirement Plans and their participants investment options in VantageTrust and VantageTrust II as well as third-party funds. With respect to Vantagepoint IRA accounts, ICMA-RC makes available third-party funds. As noted above in Item 10, ICMA-RC is affiliated with VantageTrust Company, LLC, the trustee for the VT Trusts. Certain VT, VT II and VT III Funds, including the VT Retirement IncomeAdvantage Fund, invest in other funds of the VT Trusts. When ICMA-RC makes available to participants investments through VT and VT II, a conflict of interest exists because ICMA-RC receives compensation in the form of advisory and/or administrative fees based on the assets invested in the VT, VT II and VT III Funds.

Additionally, ICMA-RC receives administrative fees from its third-party fund settlement and clearing agent (“Clearing Agent”) for providing administrative and other services based on Retirement Plan assets invested in third-party funds; such administrative fees come from payments made by third-party funds to the Clearing Agent. ICMA-RC may credit or make payments to certain Retirement Plans or employers based, in part, on anticipated administrative fee income from its Clearing Agent or may reduce the fees charged to Retirement Plans or employers for plan administration or other services based on such anticipated fee income to ICMA-RC (“administrative allowances”). These administrative allowances are negotiated, may not be directly tied to the payments received by ICMA-RC, and may be more or less than actual payments received. Any such crediting, allowance, or fee reduction arrangement is described in the Administrative Services Agreement with each Retirement Plan.

With respect to the VT Retirement Income Advantage Fund, ICMA-RC receives an advisory fee and a services fee from the third-party insurance company for managing the separate account in which the Fund invests.

ICMA-RC selects the Vantagepoint IRA investment options. However, ICMA-RC does not recommend the selection of any particular investment option for inclusion in Fund Advice or Managed Accounts. ICMA-RC is not acting as a fiduciary when it selects the Vantagepoint IRA investment options. As described above, ICMA-RC will receive compensation based on an investor’s allocation of assets among investment options within the Vantagepoint IRA.

Because of the above, a potential conflict of interest exists when ICMA-RC makes available the Guided Pathways Advisory Services program, either through Managed Accounts or Fund Advice, or Retirement Readiness Reports, because ICMA-RC also receives the additional compensation described above. In handling this potential conflict, ICMA-RC has designed Guided Pathways Advisory Services and its component Managed Accounts and Fund Advice services in accordance with the United States Department of Labor Advisory Opinion 2001-091A (the “Advisory Opinion”). The Advisory Opinion provides an authorization for retirement plan and IRA providers to offer investment advice to their participants provided, among other things, that the advice is generated by an Independent Financial Expert (“IFE”). ICMA-RC has selected Morningstar Investment Management to act as the IFE for Guided Pathways Advisory Services. Under the Advisory Opinion and ICMA-RC’s contract with Morningstar Investment Management, ICMA-RC cannot influence the investment recommendations generated for Participants by Morningstar Investment Management. As such, ICMA-RC does not select the specific investment options that it recommends to a Managed Accounts or Fund Advice client. With respect to retirement plans, ICMA-RC also discloses the specific fees and expenses, as well as the compensation received from third-party funds, associated with a plan’s investment options to Plan Sponsors, who have a fiduciary duty to select the investment options available to a Retirement Plan participant.

Personal Securities Trading

ICMA-RC and its associates are not obligated to refrain from recommending, buying or selling any security that ICMA-RC recommends to its clients, and may buy or sell for their own accounts, or for the accounts of any other client, any such security. Because ICMA-RC or certain of its associates (defined as “Access Persons”) may invest in the same securities as ICMA-RC’s clients, there exists a potential conflict of interest from placing their own corporate or personal interests ahead of those of their clients. There is also a potential conflict from ICMA-RC or its Access Persons having access to material, non-public information about the investments of their clients and using such information for personal gain in breach of their fiduciary duty to those clients.

In order to address these conflicts, ICMA-RC has implemented a Personal Securities Trading Policy that governs the personal investing activities of Access Persons and any associate that has gained access to Material Non-Public Information. The Personal Securities Trading Policy is designed to prevent unlawful practices in connection with personal securities trading of associates.

Access Persons are required to pre-clear certain securities trades and provide quarterly reports of their personal transactions. In addition, Access Persons must direct their brokers to provide copies to the CCO or the designee of all brokerage confirmations relating to all personal securities transactions in which they have a beneficial ownership interest.

A copy of the Personal Securities Trading Policy is available to any client or prospective client upon request.

ICMA-RC has also taken steps to ensure that associates who manage investments for ICMA-RC’s own corporate portfolio do not misuse confidential information about client investments. ICMA-RC requires that trades for the corporate portfolio be placed in accordance with pre-clearance guidelines that mirror those in the Personal Securities Trading Policy. Additionally, the ICMA-RC associates that participate in the investment decision and transaction must attest that the trade was not based on material non-public information and that the trade does not conflict with the interests of other accounts managed by ICMA-RC or its affiliates.

Item 12 Brokerage Practices

Clients are not permitted to direct ICMA-RC to use specified brokers in performing portfolio transactions.

Guided Pathways Advisory Services – Managed Accounts

As recordkeeper for the Retirement Plans or Vantagepoint IRAs that it administers, ICMA-RC batches purchase and sale requests from Participants, including advisory clients and non-clients, for unaffiliated third-party mutual funds that are an investment

option of a client model portfolio for a Managed Accounts client. Such transactions are completely filled for all participating accounts on the date of the transaction. Because such orders are for registered mutual funds, the aggregation process does not have a material effect on the quality of the execution as all orders received in good order before 4:00pm (ET) will receive the same execution price.

Item 13 Review of Accounts

Guided Pathways Advisory Services and Retirement Readiness Reports

All investment advice provided to Participants in Guided Pathways Advisory Services is developed by Morningstar Investment Management, the Independent Financial Expert. ICMA-RC does not review the accounts of such Participants. However, ICMA-RC does annually review the asset allocation methodology and portfolios used by Morningstar Investment Management to develop the investment advice.

For Managed Accounts, reports outlining portfolio holdings and account performance are provided quarterly. These statements are mailed to all Managed Account Participants and are also available online. In addition, Managed Account Participants, on an annual basis, are provided with a detailed summary of the personal information they have provided as part of the Managed Accounts process and are asked to update the information if necessary.

Item 14 Client Referrals and Other Compensation

ICMA-RC does not pay third-parties for advisory client referrals. However, ICMA-RC does compensate certain ICMA-RC employees to solicit Managed Accounts clients. Such compensation is either based on the amount of net new enrollments in Managed Accounts, or is tied to the amount of new assets enrolled in Managed Accounts that is attributable to Retirement Plan Participants solicited by the employee. ICMA-RC structures all solicitation arrangements in accordance with SEC Rule 206(4)-3.

Item 15 Custody

Guided Pathways Advisory Services

For Managed Accounts, the assets in the account are maintained in the Participant's name by VTC, the "qualified custodian" as defined in Rule 206(4)-2 under the Investment Advisers Act of 1940, as amended. VTC is a wholly owned subsidiary of ICMA-RC (see Item 10). VTC is located at 777 North Capitol Street, NE, Washington DC 20002.

As the qualified custodian, VTC will send account statements on a quarterly basis. Participants should carefully compare the account statements that they receive from VTC with the quarterly statement that they receive from ICMA-RC.

Item 16 Investment Discretion

Guided Pathways Advisory Services and Retirement Readiness Reports

For Participants who select Managed Accounts discretionary management, ICMA-RC allocates assets of the Participant's account in accordance with the Morningstar Investment Management's recommended investment portfolio which Morningstar Investment Management has recommended as most appropriate based on the Participant's financial situation, investment time horizon, sustainable retirement income and other relevant factors.

Participants enrolled in Managed Accounts may personally select an alternate investment portfolio, as opposed to the investment portfolio recommended by Morningstar Investment Management, and would remain in this alternate portfolio until they instruct ICMA-RC otherwise. When an account is allocated in accordance with an alternate portfolio selected by the Participant, Morningstar Investment Management will continue to rebalance the account to align it with the alternate portfolio; however, Morningstar Investment Management will not reallocate the account to a different portfolio, even if the Participant notifies ICMA-RC of changes to his or her personal or financial information. Selection of an alternate portfolio may decrease the likelihood of Participants achieving their retirement goals as calculated by Morningstar Investment Management.

Item 17 Voting Client Securities

ICMA-RC does not have the authority to vote Managed Account securities. Individual clients that are also shareholders will receive their proxies or other solicitations directly from their custodian or a transfer agent. ICMA-RC does not provide advice about how clients should vote their proxies.

That's why the VT Retirement IncomeAdvantage Fund was designed to let you keep investing in the market, while reducing the risk that losses may impact your income.

WHAT IS THE VT RETIREMENT INCOMEADVANTAGE FUND PORTFOLIO?

The **VT Retirement IncomeAdvantage Fund** is a diversified, professionally managed portfolio that uses the fundamentals of asset allocation to create an asset mix best suited for individuals approaching and in retirement.

The VT Retirement IncomeAdvantage Fund includes a feature that sets a guaranteed floor or **"Income Base"** for calculating your lifetime income amount.

Once Prudential begins tracking the **VT Retirement IncomeAdvantage Fund Guarantees**, as described in "Additional Information," a **Guarantee Fee** is assessed.

*Note: To maintain the VT Retirement IncomeAdvantage Fund Guarantees, you must invest in one or more of the VT Retirement IncomeAdvantage Funds. Like all variable investments, these funds may lose value. Guarantees are based on the claims-paying ability of **Prudential Retirement Insurance and Annuity Company** (Hartford, CT) and are subject to certain limitations, terms, and conditions. Withdrawals or transfers out of VT Retirement IncomeAdvantage Fund during the Accumulation Phase proportionately reduce guaranteed values and may even eliminate them. During the Withdrawal Phase, withdrawals in excess of the Lifetime Annual Withdrawal Amount will reduce future guaranteed withdrawals proportionately and may even eliminate them.*

This fee is in addition to the standard investment management and recordkeeping fees. See the "Fees" section of "Additional Information" for more details.

For a detailed description of the asset mix that comprises the VT Retirement IncomeAdvantage Fund, please refer to the Fund's Fact Sheet and the Fund's Disclosure Memorandum available online through ICMA-RC's Account Access website at icmarc.org or by calling the number ICMA-RC at 800-669-7400.

INVESTING IN THE VT RETIREMENT INCOMEADVANTAGE FUND: CONTRIBUTIONS, TRANSFERS, AND ROLLOVERS

Investing in the VT Retirement IncomeAdvantage Fund is similar to investing in other funds offered in your retirement plan. All you need to do is transfer some or all of your current balance and/or direct future **Contributions** to the VT Retirement IncomeAdvantage Fund. If your retirement plan permits, you may also roll over balances from previous employers' retirement plans.

Your Market Value

Your **Market Value** is the monetary value of the VT Retirement IncomeAdvantage Fund. Similar to other funds offered through your retirement plan, the Market Value will rise and fall based on market performance. This value increases dollar-for-dollar every time you add money to the VT Retirement IncomeAdvantage Fund. Conversely, it is reduced dollar-for-dollar every time you remove money from the VT Retirement IncomeAdvantage Fund. This amount is not guaranteed and may lose value at any time.

If you decide to remove all of your money from the VT Retirement IncomeAdvantage Fund, you will receive your Market Value as of the effective date of your request. This will bring the Market Value in the VT Retirement IncomeAdvantage Fund to zero (\$0) and all the VT Retirement IncomeAdvantage Fund Guarantees will be cancelled.

Your Income Base

Your Income Base is used solely to determine your **Lifetime Annual Withdrawal Amount** once you begin taking **Withdrawals** from the VT Retirement IncomeAdvantage Fund. It does not represent an account balance and cannot be withdrawn.

Impact of Contributions and Withdrawals

Every Contribution you make into the VT Retirement IncomeAdvantage Fund increases your **Highest Birthday Value** dollar-for-dollar. Every **Withdrawal** out of the VT Retirement IncomeAdvantage Fund reduces your Highest Birthday Value proportionately.

YOUR DECISION TO LOCK-IN

You can choose when and how you want to establish or “**Lock-In**” your guaranteed lifetime income from the VT Retirement IncomeAdvantage Fund. Prudential uses your Income Base and **Guaranteed Withdrawal Percentage** to set your Lifetime Annual Withdrawal Amount.

Your Guaranteed Withdrawal Percentage is based on your age when you Lock-In and whether you elect to guarantee benefits for only you, or for both you and your spouse or civil union partner. Keep in mind that if you

elect the **Spousal Benefit** and your spouse or civil union partner is younger than you are, then your spouse’s or civil union partner’s age will be used to determine this percentage. The specific ages and percentages are:

Age at Lock-In	Benefits for You (Single Benefits)	Benefits for You and Your Spouse or Civil Union Partner (Spousal Benefit)
55–64	4.25%	3.75%
65–69	5.00%	4.50%
70+	5.75%	5.25%

A **Withdrawal Period** is one year starting on your birthday and ending the day before your next birthday.

Once your Lifetime Annual Withdrawal Amount is determined, Prudential guarantees that you can withdraw this amount each Withdrawal Period for the rest of your life. If market performance or your Lifetime Annual Withdrawals reduce the Market Value to zero (\$0), Prudential will continue to fund your Lifetime Annual Withdrawal Amount from its own assets for as long as you live (and your spouse or civil union partner lives, if applicable).

Certain actions you or your retirement plan take could reduce or eliminate this value.

The VT Retirement IncomeAdvantage Fund offers a Spousal Benefit that lets you give your spouse or civil union partner the option of receiving your Lifetime Annual Withdrawal Amount for the rest of his or her life, should he or she outlive you. You must choose whether to elect the Spousal Benefit when you Lock-In. **This decision is irrevocable and cannot be changed once you have locked-in.**

WITHDRAWAL PHASE

The Lifetime Annual Withdrawal Amount is the grand total you can take each Withdrawal Period without reducing future guarantees. You can take this grand total all at once or in as many increments as you like, subject to your retirement plan’s rules.

You can increase your Lifetime Annual Withdrawal Amount during the **Withdrawal Phase** in two

ways: positive investment performance and additional Contributions. You will need to contact ICMA-RC directly to change any **Systematic Withdrawal** amount following an increase to your Lifetime Annual Withdrawal Amount.

DECREASING YOUR LIFETIME ANNUAL WITHDRAWAL AMOUNT—EXCESS WITHDRAWALS

Withdrawing more than your Lifetime Annual Withdrawal Amount from the VT Retirement IncomeAdvantage Fund within a given Withdrawal Period will lower your Lifetime Annual Withdrawal Amount in subsequent Withdrawal Periods. We call these **Excess Withdrawals**. **If you bring your VT Retirement IncomeAdvantage Fund Market Value to zero (\$0) by taking an Excess Withdrawal, your current VT Retirement IncomeAdvantage Fund will expire and will no longer provide a Lifetime Annual Withdrawal Amount.**

You will need to contact ICMA-RC directly to change any Systematic Withdrawal amount following a decrease to your Lifetime Annual Withdrawal Amount. **Failure to adjust the Systematic Withdrawal arrangement is likely to cause you to take Excess Withdrawals, which can reduce and may completely eliminate your Lifetime Annual Withdrawal Amount.**

REQUIRED MINIMUM DISTRIBUTIONS

You may be required to withdraw more than your Lifetime Annual Withdrawal Amount to comply with IRS rules. Please see the *VT Retirement IncomeAdvantage Fund Important Considerations* for details on how this may affect your Lifetime Annual Withdrawal Amount.

GUARANTEED PAYOUT PHASE

We refer to the period when Prudential continues making Lifetime Annual Withdrawal Amount payments to you after your market value falls to zero (\$0) as the **Guaranteed Payout Phase** of the VT Retirement IncomeAdvantage Fund Guarantees. Prudential will directly send your Lifetime Annual Withdrawal Amount to your retirement plan account and it will be invested in the fund designated by you or your retirement plan to receive such amounts.

GENERAL INFORMATION

LEAVING YOUR RETIREMENT PLAN—TRANSFERRING YOUR VT RETIREMENT INCOMEADVANTAGE FUND GUARANTEES

If you choose to leave your retirement plan, you may be able to transfer or roll over your VT Retirement IncomeAdvantage Fund Guarantees into a variable annuity contract, which is registered with the Securities and Exchange Commission, available through Prudential Retirement®. **This contract may have substantially different fees, investments, and provisions affecting the guarantees.**

You should read the materials concerning such contract carefully, including its prospectus, and consider the benefits and differences between it and the VT Retirement IncomeAdvantage Fund as offered through your retirement plan.

If you roll any portion of your VT Retirement IncomeAdvantage Fund Market Value into anything other than a specific Prudential-issued variable annuity, all VT Retirement IncomeAdvantage Fund Guarantees associated with that portion will immediately cease.

If you have a VT Retirement IncomeAdvantage Fund benefit in more than one retirement plan, Prudential may limit your ability to combine VT Retirement IncomeAdvantage Fund Guarantees associated with those multiple plans under an IRA or Roth IRA.
