SECTION 9. CERTIFICATIONS OF CONSULTANT

9.1. Contractor, and the individual executing this Agreement on Contractor’s behalf, warrants it has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee or agent working for it, to solicit or secure this Agreement, and that it has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee or agent, any fee or other consideration contingent on making this Agreement.

9.2. Contractor and the City represent and warrant that: (a) they have the full right and authority to enter into, execute, and perform the obligations required under this Agreement and that no pending or threatened claim or litigation known by them would have a material adverse impact on their ability to perform as required under this Agreement; (b) they have accurately identified themselves and have not provided any inaccurate information about themselves or the Project; and (c) they are entities authorized under the laws of the State of Maryland to do business within the State.

9.3. Contractor certifies that it is not now, and shall not so long as this Agreement remains in effect, engage in the development, research, testing, evaluation, production, maintenance, storage, transportation, and/or disposal of nuclear weapons or their components, or the sale of merchandise produced by companies so involved. Contractor’s Certification of Non-Involvement in the Nuclear Weapons Industry is attached hereto and incorporated herein as part of this Agreement.

9.4. This Agreement is subject to the living wage requirements under The City of Takoma Park Code, hereinafter referred to as the “Code,” Sections 7.08.150–7.08.210. Contractor and any subcontractor retained or employed on Contractor’s behalf agree to pay each employee assigned to perform services under this Agreement a living wage, subject to exemptions from coverage for particular
contracts set forth in Code Section 7.08.160 and for particular employees as set forth in Code Section 7.08.180(F). The current living wage is Fifteen US Dollars and Forty Cents ($15.40) per hour through June 30, 2022. The living wage rate is adjusted on July 1st of each year to reflect the most current Montgomery County living wage rate and said adjustments shall be applicable to this Agreement unless otherwise exempt. Contractor’s Living Wage Requirements Certification is attached hereto and incorporated herein as part of this Agreement.

9.5. Contractor warrants and represents: that it is the sole entity, directly or indirectly, interested in compensation for the delivery of the services and work product awarded, and to be performed under this Agreement; that any proposal upon which this Agreement was based was made without any connection with or common interest in the profits with any undisclosed persons or entity; that this Agreement is fair and made without collusion or fraud; that no employee or official of the City is directly or indirectly interested therein; that none of its officers, directors, or partners or employees directly involved in obtaining contracts or performing any part of the work required under this Agreement has been convicted of bribery, attempted bribery, or conspiracy to bribe under any federal, state, or local law.

9.6. Contractor agrees to comply with all applicable City, county, state, and federal laws and regulations regarding employment discrimination. Contractor assures the City that it does not, and agrees that it will not, discriminate in any manner on the basis of race, color, religion, ancestry, national origin, age, sex, marital status, disability, sexual orientation, and gender identity.

9.7. Contractor certifies that all information Contractor has provided or will provide to the City is true and correct and can be relied upon by the City in awarding, modifying, making payments, or taking any other action with respect to this Agreement including resolving claims and disputes. Any false or misleading information is a ground for the City to terminate this Agreement for cause and to pursue any other appropriate remedy. Contractor certifies that Contractor’s accounting system conforms with generally accepted accounting principles, is sufficient to comply with Contractor’s budgetary and financial obligations and is sufficient to produce reliable financial information.

SECTION 10. INDEMNIFICATION

10.1. Contractor is responsible for any loss, personal injury, death and any other damage (including incidental and consequential) arising out of, incident to, or caused by reason of Contractor’s negligence, malfeasance or failure to perform any contractual obligations. Contractor must indemnify and hold the City harmless from any loss, cost, damage, and other expenses, including attorney’s fees and litigation expenses, arising out of, incident to, or caused by Contractor’s negligence, malfeasance or failure to perform any of its contractual obligations. If requested by the City, Contractor must defend the City in any action or suit brought against
the City arising out of Contractor’s negligence, errors, acts or omissions under this Agreement. The negligence or malfeasance of any agent, subcontractor or employee of Contractor is deemed to be the negligence or malfeasance of Contractor. For the purposes of this Subsection, City includes its commissions, departments, agencies, agents, officials, and employees.

10.2. If Contractor will be preparing, displaying, publicly performing, reproducing, or otherwise using, in any manner or form, any information, document, or material that is subject to a copyright, trademark, patent, or other property or privacy right, then Contractor must: obtain all necessary licenses, authorizations, and approvals related to its use; include the City in any approval, authorization, or license related to its use; and indemnify and hold harmless the City related to Contractor’s alleged infringing or otherwise improper or unauthorized use. Accordingly, Contractor must protect, indemnify, and hold harmless the City from and against all liabilities, actions, damages, claims, demands, judgments, losses, costs, expenses, suits, or actions, and attorneys’ fees and the costs of the defense of the City, in any suit, including appeals, based upon or arising out of any allegation of infringement, violation, unauthorized use, or conversion of any patent, copyright, trademark or trade name, license, proprietary right, or other related property or privacy interest in connection with, or as a result of, this Agreement or the performance by Contractor of any of its activities or obligations under this Agreement.

10.3. Contractor further agrees to notify the City in writing within ten (10) days of receipt of any claim or notice of any claim made by third parties against Contractor or any subcontractor regarding the services and work provided to the City under this Agreement. Contractor shall provide the City copies of all claims, notices of claims, and all pleadings and motions filed therein as the matter progresses. This Section 10 shall survive termination of this Agreement for a period of three (3) years and six (6) months after the termination date.

SECTION 11. DISPUTES

11.1. Any dispute arising under this Agreement which is not resolved by an agreement between the Parties shall be decided by the City Manager, after reasonable opportunity is provided for the Parties to provide written documentation supporting their position. Pending final resolution of a dispute, except for a termination of this Agreement by the City, Contractor must proceed diligently with performance under this Agreement. A claim must be in writing, for specific relief, or for a sum certain if the claim is for money, and any requested money or other relief must be fully supported by all relevant calculations, including cost and pricing information, records, and other information.

11.2. A decision by the City Manager or his or her designee under the dispute procedure set forth in this Section shall be a condition precedent to suit being filed by any party. For purposes of any litigation involving this Agreement,
exclusive venue and jurisdiction shall be in the Circuit Court for Montgomery County, Maryland or in the District Court of Maryland sitting in Montgomery County.

**SECTION 12. INSURANCE**

12.1. Contractor shall obtain and maintain liability insurance coverage at Contractor’s own expense. Contractor shall, within thirty (30) days of the execution of this Agreement, file with the City Manager, the Certificate from an insurance company authorized to do business in the State of Maryland and satisfactory to the City showing issuance of liability insurance coverage as set forth more fully herein below with a deductible no greater than ________________ Dollars ($__________), except as specified in Subsection 12.1.3. Contractor shall be fully and completely responsible to pay the deductible. Unless waived in writing by the City, the Certificate shall bear and endorsement in words exactly as follows:

Contractor shall, throughout the term of this Agreement, maintain commercial general liability insurance, automobile liability insurance, professional liability insurance, and workers’ compensation insurance in the following amounts and shall submit an insurance certificate, as set forth above, as proof of coverage prior to the final approval of this Agreement:

12.2. All policies of insurances shall be underwritten by companies licensed to do business in the State of Maryland.

12.3. The City is not responsible for any damage or loss of property or materials stored on or within facilities owned by the City. Contractor shall provide necessary insurance coverage for such losses or shall assume full risk for replacement cost for its own property or materials and that owned by its subcontractors.

12.4. Contractor shall assure that all subcontractors carry identical coverage as required by this Section 12, either individually or as an additional insured on Contractor’s policies. Exceptions may be made only with the written approval of the City.

SECTION 13. SET OFF

13.1. In the event that Contractor shall owe an obligation of any type whatsoever to the City at any time during the term of this Agreement, or after the termination of the relationship created hereunder, the City shall have the right to offset any amount so owed to Contractor against any compensation due to Contractor for the provision of goods and services covered by the terms of this Agreement.

SECTION 14. APPLICABLE LAW

14.1. The laws of the State of Maryland, excluding conflicts of law rules, shall govern this Agreement as if this Agreement were made and performed entirely within the State of Maryland. Any suit to enforce the terms hereof or for damages or other relief as a consequence of the breach or alleged breach hereof shall be brought exclusively in the courts of the State of Maryland in Montgomery County, and the Parties expressly consent to the jurisdiction thereof and waive any right that they have or may have to bring such elsewhere.

SECTION 15. RECORD AND AUDIT

15.1. Contractor shall maintain books, records, documents, and other evidence directly pertinent to costs, estimates and performance under this Agreement or required under any federal, state, or local rule or regulation, in accordance with accepted professional practice, appropriate accounting procedures, and practices. The
City, or any of its duly authorized representatives, shall have access to such books, records, documents, and other evidence for the purpose of inspection, audit and copying. Contractor will provide proper facilities for such access and inspection.

15.2. Records referred to under Subsection 15.1 shall be maintained and made available during performance under this Agreement and until six (6) years from the date of final completion of the Project. In addition, those records that relate to any dispute or litigation, to the settlement of claims arising out of such performance, or to costs or items to which an audit exception has been taken shall be maintained and available until six (6) years after the date upon which any such dispute, litigation, claim, or exception is resolved.

15.3. Contractor shall include the provisions of this Section 15 in every subcontract Contractor enters into relating to this Project.

15.4. All proprietary information furnished by Contractor in connection with this Agreement, but not developed as a result of work under this Agreement or under prior agreements between the City and Contractor, shall be held confidential by the City, and returned to Contractor within thirty (30) days of the completion of the services or the conclusion of litigation wherein Contractor’s services were provided. All inventions, techniques, and improvements held by Contractor to be proprietary or trade secrets of Contractor prior to any use on behalf of the City, as well as all inventions, techniques, and improvements developed by Contractor, independent of the services rendered to the City under this Agreement, remain the property of Contractor.

SECTION 16. MISCELLANEOUS

16.1. The recitals above are hereby incorporated into this Agreement.

16.2. If any term or provision of this Agreement or applications thereof to any person or circumstance shall, to any extent, be invalid or unenforceable, the remaining terms and provisions of this Agreement, or the application of such term or provision to persons or circumstances other than those as to which it is held or unenforceable, shall not be affected thereby, and each term and provision of this Agreement shall be valid and enforced to the fullest extent permitted by law.

16.3. This Agreement and any rights or obligations under this Agreement may not be assigned or subcontracted by Contractor without the prior written consent of the City and any attempted assignment or subcontracting without such prior written consent shall be void.

16.4. All representations, warranties, covenants, conditions, and agreements contained herein which either are expressed as surviving the expiration and termination of this Agreement or, by their nature, are to be performed or observed, in whole or in part, after the termination or expiration of this Agreement shall survive the termination or expiration of this Agreement.
16.5. This Agreement represents the entire and integrated Agreement between the City and Contractor and supersedes all prior negotiations, representations, or agreements, either written or oral. Notwithstanding any provisions to the contrary in any contract terms or conditions unilaterally supplied by Contractor, the terms of this Agreement supersede Contractor’s terms and conditions, in the event of any inconsistency.

16.6. All section and paragraph captions, marginal references, and table of contents in this Agreement are inserted only as a matter of convenience, and in no way amplify, define, limit, construe, or describe the scope or intent of this Agreement nor in any way affect this Agreement.

16.7. Neither the City nor Contractor has made any representations or promises with respect to the Project except as expressly set forth herein.

16.8. The neuter, feminine, or masculine pronoun when used herein shall each include each of the other genders and the use of the singular shall include the plural.

16.9. This Agreement shall not be construed in favor or against either party on the basis that it was drafted by the City.

16.10. The waiver of any breach of this Agreement shall not be held to be a waiver of any other or subsequent breach. Any waiver by the City of a requirement of this Agreement, including without limitation, any requirement that a notice be made in writing or that a notice or submission be made within a certain time, shall not operate as a waiver of the same or any other requirement of this Agreement, in any other circumstance or at any other time.

16.11. This Agreement shall not confer any rights or remedies upon any person other than the Parties and their respective successors and permitted assigns.

16.12. Contractor agrees to perform its services under this Agreement in such manner and at such times that the City and/or any Contractor who has work to perform, or contracts to execute, can do so without unreasonable delay. Contractor further agrees to coordinate its work under this Agreement with any and all other contractors that may be deemed necessary by the City.

16.13. Contractor shall be considered, for all purposes relating to this Agreement, an independent Contractor. Contractor agrees that it is not an agent of the City and shall have no right or authority to enter into any agreements or otherwise bind the City or create any obligations on behalf of the City with any other parties. Nothing contained in this Agreement will be construed to create the relationship of employer and employee, principal and agent, partnership or joint venture, or any other fiduciary relationship between the City and Contractor.
16.14. This Agreement may be executed electronically and in counterparts. All such counterparts will constitute the same agreement and the signature of any party to any counterpart will be deemed a signature to, and may be appended to, any other counterpart. Executed copies hereof may be delivered by email and, upon receipt, will be deemed originals and binding upon the Parties hereto, regardless of whether originals are delivered thereafter.
