STATEMENT OF PURPOSE

The City of Takoma Park, Maryland (City) is seeking qualified and experienced non-profit organizations with a valid 501(c)(3) tax exempt status granted by the United States Internal Revenue Service or fiscally sponsored by a 501(c)(3) non-profit entity, to improve food access to disadvantaged or underserved populations and food insecure residents. As envisioned, the selected Contractors would promote, develop, and provide targeted programming for eligible Takoma Park residents.

This initiative, developed under the auspices of the City’s Community Partners Program (CP2), is designed to provide opportunities for organizations to partner with the city on a contractual basis to expand and enhance existing City programs and services, advance established Council priorities, and provide residents with the support and resources needed to meet fundamental human needs. The funding to support this initiative was appropriated by City Council from funds received from the United States Treasury through the American Rescue Plan Act.

The devastating impact of COVID-19 dramatically increased the number of individuals and families facing acute food insecurity. For nearly two years, a network of food assistance providers in Montgomery County have marshalled resources to address the challenges, gaps, and potential solutions to build a more resilient food system. To mitigate the impact of the health pandemic on the community and support the rebuilding of a more community-centered food system, the City of Takoma Park is releasing this Request for Proposals (RFP) to address two significant areas.

A total of $250,000 has been appropriated for this initiative. The City anticipates entering one or more 12-month contract(s) for services with an option to renew such contract(s) for services for a period of up to three (3) additional one-year terms.

- **Track One: Increase access to Supplemental Nutrition Assistance Program (SNAP),** formerly known as Food Stamps, for qualifying disadvantaged or underserved populations and families residing in the City of Takoma Park through community outreach, education, and enrollment initiatives. Consideration will be given to Contractors serving older adults, veterans, immigrants, members of the LGBTQ community, and those with limited English proficiency (LEP).
  
  - For **Track One,** the City anticipates entering into a 12-month contract for services with up to one Contractor. The amount of the initial contract will not exceed $35,000.00 and will include an option to renew such contract for services for a period of up to three (3) additional one-year terms at the award level of $30,000.00 per renewal. The total amount of the initial contract term and all renewals will not exceed $125,000.00. Annual renewals are not guaranteed and will be based on performance.

- **Track Two: Provide, secure, and distribute quality and nutritious fresh and shelf stable food to disadvantaged or underserved populations and food insecure residents** from a fixed-site location with scheduled pick-up and/or provide delivery service to residents at risk for food insecurity, residents with limited mobility, and school age children.
  
  - For **Track Two,** the City anticipates entering into a 12-month contract for services with more than one Contractor. The amount of the initial contract will be between $10,000 and $25,000.00 based on services provided and real costs, and will include an option to renew such contract for services for a period of up to three (3) additional one-year terms at the same award level as the first term. Annual renewals are not guaranteed and will be based on performance.
This contract is a subaward of State and Local Fiscal Recovery Funds, Expenditure Category 2: Household Assistance, subcategory 2.1: Food Programs. This is a statutorily-eligible use of funds as a response to the negative economic impacts of COVID-19 on households, many of whom experienced increased food insecurity as a result of the pandemic. The contract recipient will be a subrecipient of State and Local Fiscal Recovery Funds, and must meet comply with requirements on their use. These include reporting requirements associated with the administration of funding under the American Rescue Plan Act and having a valid SAM.gov registration.

BACKGROUND

*Increase Access to Supplemental Nutrition Assistance Program (SNAP)*

The Supplemental Nutrition Assistance Program (SNAP), formerly the Food Stamp Program, puts healthy food on the table for millions of disadvantaged or underserved families across the country and is the largest federal food assistance program in the country. This program supplements the budgets of disadvantaged or underserved people by providing benefits through an electronic benefit card (EBT) which is used like a debit card at most food retailers. Through nutrition education partners, clients learn to make healthy eating choices.

The Food and Nutrition Service (FNS), United States Department of Agriculture (USDA), reports that as of June 2021, 76,000 participants received SNAP benefits in Montgomery County, the most populated county in Maryland. This represented a significant increase in participation yet leaves a large swath of the eligible participants disconnected from SNAP, including immigrant communities, older adults, those who are LEP, veterans, and members of the LGBTQ community.

In April 2020, Maryland’s Department of Human Services received approval from the USDA to provide SNAP emergency allotment. This resulted in more than $33 million per month in additional SNAP benefits to Maryland recipients in April and May 2020. This emergency allotment continued through the end of September 2021; its end leaves participants with significantly reduced benefit amounts.

Effective October 1, 2021, participants receiving Supplemental Nutrition Assistance (SNAP) experienced a dramatic reduction in their benefit amounts. The changes include a cost-of-living adjustment and a discontinuation of the federal Emergency Allotment provided as a result of the public health emergency. While the emergency allotment provided many first-time participants with increased access to food, there is a significant percentage of City residents who are eligible yet unconnected with this valuable safety-net program.

The City of Takoma Park anticipates entering a 12-month contract with one Contractor for services in furtherance of the *Increase Access to Supplemental Nutrition Assistance Program (SNAP)* initiative with an option to renew such contract for services for a period of up to three additional one-year terms. The amount of the initial contract will not exceed $35,000.00 and will include an option to renew such contract for services for a period of up to three (3) additional one-year terms at the award level of $30,000.00 per renewal. The total amount of the initial contract term and all renewals will not exceed $125,000.00. Annual renewals are not guaranteed and will be based on performance.

The RFP is open to non-profit organizations increasing public awareness of SNAP as an effective strategy for reducing food insecurity among adults and children or organizations that have programs that might be expanded to address this objective. This includes organizations that currently meet other needs in populations that may be at risk for food insecurity.
Provide, secure, and distribute quality, nutritious, and culturally appropriate fresh and shelf stable food to disadvantaged or underserved populations and food insecure residents

The impact of COVID-19 resulted in many Takoma Park residents experiencing a reduction or complete loss of household income and families experiencing acute food security. To mitigate the impact on households, organizations representing the network of Montgomery County food providers deployed resources to meet the needs of City residents by providing a variety of food resources, including shelf stable products, fresh food and vegetables, prepared food, and supermarket gift cards. As the economy rebounds from the devastation of the pandemic, large scale efforts to address food insecurity on the county level have been reduced. Unfortunately, there remain considerable food security needs among residents.

The City anticipates entering into a 12-month contract for services with more than one Contractor for services in furtherance of the initiative to provide, secure, and distribute quality, nutritious, and culturally appropriate fresh and shelf stable food to disadvantaged or underserved populations and food insecure residents with an option to renew such contract for services for a period of up to three additional one-year terms. The amount of the initial contract will be between $10,000 and $25,000.00 based on services provided and real costs, and will include an option to renew such contract for services for a period of up to three (3) additional one-year terms at the same award level as the first term. Annual renewals are not guaranteed and will be based on performance.

The RFP is open to non-profit organizations that provide nutritious food for distribution and direct delivery of food to insecure households and individuals that reach priority populations and support activities that address increased access to health food to city residents.

14. INTELLECTUAL PROPERTY APPROVAL AND INDEMNIFICATION - INFRINGEMENT

If contractor will be preparing, displaying, publicly performing, reproducing, or otherwise using, in any manner or form, any information, document, or material that is subject to a copyright, trademark, patent, or other property or privacy right, then contractor must: obtain all necessary licenses, authorizations, and approvals related to its use; include the City in any approval, authorization, or license related to its use; and indemnify and hold harmless the City related to contractor’s alleged infringing or otherwise improper or unauthorized use. Accordingly, the contractor must protect, indemnify, and hold harmless the City from and against all liabilities, actions, damages, claims, demands, judgments, losses, costs, expenses, suits, or actions, and attorneys’ fees and the costs of the defense of the City, in any suit, including appeals, based upon or arising out of any allegation of infringement, violation, unauthorized use, or conversion of any patent, copyright, trademark or trade name, license, proprietary right, or other related property or privacy interest in connection with, or as a result of, this contract or the performance by the contractor of any of its activities or obligations under this contract.

15. NON-CONVICTION OF BRIBERY; WARRANTIES

Contractor warrants and represents to its best knowledge: that it is the sole entity, directly or indirectly, interested in compensation for the delivery of the services and work product awarded, and to be performed under this contract; that any proposal upon which this contract was based was made without any connection with or common interest in the profits with any undisclosed persons or entity; that this contract is fair and made without collusion or fraud; that no employee or official of the City is directly or indirectly interested therein; that none of its officers, directors, or partners or employees directly involved in obtaining contracts or performing any part of the contract work has been convicted of bribery, attempted bribery, or conspiracy to bribe under any federal, state, or local law.

16. NON-DISCRIMINATION IN EMPLOYMENT

The contractor agrees to comply with all applicable City, county, state, and federal laws and regulations regarding employment discrimination. The contractor assures the City that it does not, and agrees that it will not; discriminate in any manner on the basis of race, color, religion, ancestry, national origin, age, sex, marital status, disability, sexual orientation, and gender identity.
17. PAYMENTS

No payment by the City may be made, or is due, under this contract, unless funds for the payment have been appropriated and encumbered by the City.

If this contract provides for an additional contract term for contractor performance beyond its initial term, continuation of contractor’s performance under this contract beyond the initial term is contingent upon, and subject to, the appropriation of funds and encumbrance of those appropriated funds for payments under this contract. If funds are not appropriated and encumbered to support continued contractor performance in a subsequent fiscal period, contractor’s performance must end, without further cost to the City, upon the receipt of notice from the City. The contractor acknowledges that the City Manager has no obligation to recommend, and the City Council has no obligation to appropriate, funds for this contract in subsequent fiscal years. Furthermore, the City has no obligation to encumber funds to this contract in subsequent fiscal years, even if appropriated funds may be available. Accordingly, for each subsequent contract term, the contractor must not undertake any performance under this contract until the contractor receives a purchase order or contract amendment from the City that authorizes the contractor to perform work for the next contract term.

18. TERMINATION FOR DEFAULT

A. In the event of any of the circumstances set forth below (hereinafter referred to as “default”), the City may terminate the contract, in whole or in part, and from time to time. Notice of termination must be in writing, state the reason or reasons for the termination, and specify the effective date of the termination.

1. Any fraudulent representation in an invoice or other verification required to obtain payment under the contract or other dishonesty on a material matter relating to the performance of services under this contract.

2. Non-performance, incomplete service or performance, failure to make satisfactory progress in the prosecution of this contract, failure to satisfactorily perform any part of the contract work or to comply with any provision of this contract, as determined by the City’s contract administrator in his or her sole discretion, including:

   a) Failing to commence work when notified.
   b) Abandoning the work as solely determined by the City.
   c) Subcontracting any part of work without the City’s prior approval.
   d) Receiving two written warnings of unsatisfactory or incomplete work or any other violation of the terms of the contract.
   e) Failing to adhere to the required specifications for the contract work.

3. Contractor, or any partner, member, principal or officer of contractor, being criminally charged with an offense involving fraud, dishonesty or moral turpitude.

4. Contractor being adjudged bankrupt or making a general assignment for the benefit of creditor or if a receiver shall be appointed on account of contractor’s insolvency.

5. Failure to adhere to the terms of applicable city, county, state, and federal laws, ordinances, regulations, or stated public policy pertaining to the subject matter and performance of the contract, including but not limited to the following: the payment of all applicable taxes and withholding, compliance with equal opportunity employment and labor laws, and/or failure to obtain and/or comply with the terms and conditions of any required permits.
B. In the event of a default, the City shall provide the contractor with a written notice to cure the default. The termination for default is effective on the date specified in the City’s written notice. However, if the City determines that default contributes to the curtailment of an essential service or poses an immediate threat to life, health, or property, the City may terminate the contract immediately upon issuing oral or written notice to the contractor without any prior notice or opportunity to cure. In addition to any other remedies provided by law or the contract, the contractor must compensate the City for additional costs that foreseeably would be incurred by the City, whether the costs are actually incurred or not, to obtain substitute performance. A termination for default is a termination for convenience if the termination for default is later found to be without justification.

19. TERMINATION FOR CONVENIENCE

This contract may be terminated by the City, in whole or in part, upon written notice to the contractor, when the City determines this to be in its best interest. The termination for convenience is effective on the date specified in the City’s written notice or, if the notice does not specify an effective date, then five (5) days after notice of termination is given by the City. Termination for convenience may entitle the contractor to payment for reasonable costs allocable to the contract for work or costs incurred or committed contractor up to the date of termination. The contractor must not be paid compensation as a result of a termination for convenience that exceeds the amount encumbered to pay for work to be performed under the contract.

20. TIME

Time is of the essence.

21. WORK UNDER THE CONTRACT

Contractor must not commence work under this contract until all conditions for commencement are met, including execution of the contract by both parties, compliance with insurance requirements, and issuance of any required notice to proceed.
