CITY OF TAKOMA PARK MARYLAND
Performance Measurement Program Improvement

STATEMENT OF PURPOSE

The City of Takoma Park is soliciting competitive proposals for a qualified and experienced public sector consulting organization that will lead the City's effort to enhance its existing performance management program.

In general, the use of data is pervasive and well-integrated into the City's operations. For example, traffic recorders are used to assess roadways for traffic calming efforts, roadway assessments are used to prioritize street maintenance, and CCTV inspections help identify stormwater infrastructure failures. The City's incorporation of data informed decision-making has not; however, translated into a performance management program in which information is aggregated and publicized to enable the adequate assessment of government effectiveness and service delivery.

The City is seeking assistance with building a more robust and sustainable performance management program that will include:

- 1) The identification of metrics that align with City and department goals,
- 2) The centralization of information for public analysis,
- 3) The development of systems that enable department and programmatic evaluation, and
- 4) The integration of performance metrics into operating and budgetary decisions.

BACKGROUND OF ORGANIZATIONAL STRUCTURE AND COMPENSATION POLICIES

The City of Takoma Park is located in the southern part of Montgomery County, Maryland, and borders Washington, D.C. The City, which is about 2.4 square miles in size, is primarily residential in character, and has a population of 17,672. The City's population is diverse with a majority of residents being people of color: 32.95% Black or African American, 11.61% Hispanic or Latinx, 5.29% Asian, 46.33% white, and 3.82% other.

Since 1989, the City has operated under a Council-Manager form of government. The FY24 City Council Priorities are:

1. Advancing a Community of Belonging
2. Fiscally Sustainable Government;
3. Environmentally Sustainable Community;
4. Engaged, Responsive, Service-Oriented Government;
5. Community Development for an Improved & Equitable Quality of Life.

The City Manager is appointed by and reports to the City Council, and runs the day-to-day operations of the City. Under the current governance structure, the City Manager appoints and supervises the City's department heads.

The City of Takoma Park has total budget of about \$42M and offers a full range of municipal services. These services are carried out by our approximately 220 full-time, part-time, and seasonal staff, some of which are represented by AFSCME or UFCW unions. City departments include: City Manager's Office, Finance, Information Technology, Communications, Human Resources, City Clerks' Office, Police, Public Works, Recreation, Housing & Community Development, and the Library.

Details of departmental makeup can be found in the departmental information within the City's annual budget document, found [here](#).

The department sections of the budget document are organized by division. Each division section includes: Division Purpose, Management Objectives, Performance/Workload Measures, Division Budget Summary, Explanation of Variances, and Budget Highlights. The Performance/Workload Measures section within each division of the budget document is the City's primary means of organizing the City's performance metric data and presenting it to the public. The performance metrics are primarily outputs and include identical data from the last two years and estimates for the current year.

In 2022 the City commissioned an Organizational Assessment that analyzed the operation, organizational structure and staffing levels of the City. The study was designed to provide an understanding of the organizational structure, the efficiency and effectiveness of the overall processes, operations and technology utilization and to identify appropriate changes to improve the staffing allocations against service demands. One of the study's recommendations was to implement a more data-informed decision-making framework to more effectively document existing performance and provide data for future decision-making regarding service levels, staffing and changes to service. This study also acknowledged that many departments are collecting useful data regarding workloads and performance but that there was little organizational capacity to effectively evaluate this information, develop reports and evaluate improvement opportunities. The Organizational Assessment Final Report can be accessed [here](#).

SECTION 8. TERMINATION

8.1. This Agreement may be terminated by the City, in whole or in part, upon written notice to Contractor, when the City determines that such termination is in its best interest. A termination for convenience is effective on the date specified in the City's written notice or, if the notice does not specify an effective date, then five (5) days after notice of termination is given by the City. Termination for convenience may entitle Contractor to payment for reasonable costs allocable to this Agreement for work or costs incurred by Contractor up to the date of termination. Contractor must not be paid compensation as a result of a termination for convenience that exceeds the amount encumbered to pay for work to be performed under this Agreement.

8.2. In the event of any of the circumstances set forth below, hereinafter referred to as "Default," the City may terminate the Agreement, in whole or in part, and from time to time:

- 8.2.1. Any fraudulent representation in an invoice or other verification required to obtain payment under this Agreement or other dishonesty on a material matter relating to the performance of services under this Agreement; and
- 8.2.2. Non-performance, incomplete service or performance, failure to make satisfactory progress in the prosecution of this Agreement, failure to satisfactorily perform any part of the work required under this Agreement or to comply with any provision of this Agreement, as determined by the City's Contract Administrator in his or her sole discretion, including:

8.2.2.1. Failing to commence work when notified.

8.2.2.2. Abandoning the work. Visual inspection by the City's Contract Administrator will serve as evidence of abandonment.

8.2.2.4. Receiving two written warnings of unsatisfactory or incomplete work or any other violation of the terms of this Agreement.

8.2.2.5. Failing to adhere to the required specifications for the work required under this Agreement.

8.2.3 Contractor, or any partner, member, principal or officer of Contractor, being criminally charged with an offense involving fraud, dishonesty or moral turpitude.

8.2.4 Contractor being adjudged bankrupt or making a general assignment for the benefit of creditor or if a receiver shall be appointed on account of Contractor's insolvency.

8.2.5 Failure to adhere to the terms of applicable city, county, state, and federal laws, ordinances, regulations, or stated public policy pertaining to the subject matter and performance of this Agreement, including but not limited to the following: the payment of all applicable taxes and withholding, compliance with equal opportunity employment and labor laws, and/or failure to obtain and/or comply with the terms and conditions of any required permits.

8.3. In the event of a Default, the City shall provide Contractor with a written notice to cure the Default. The termination for Default is effective on the date specified in the City's written notice. However, if the City determines that Default contributes to the curtailment of an essential service or poses an immediate threat to life, health, or property, the City may terminate this Agreement immediately upon issuing oral or written notice to Contractor without any prior notice or opportunity to cure. In addition to any other remedies provided by law or this Agreement, Contractor must compensate the City for additional costs that foreseeably would be incurred by the City, whether the costs are actually incurred or not, to obtain substitute performance.

8.4. Notice of any termination must be in writing, state the reason or reasons for the termination, and specify the effective date of the termination.

8.5. In the event of termination under Subsections 8.1 or 8.2, Contractor consents to the City's selection of another contractor of the City's choice to assist the City in any way in completing the Project. Contractor further agrees to cooperate and provide any information requested by the City in connection with the completion of the Project, including assignment of any contracting rights the City may require. Contractor consents to and authorizes the making of any reasonable changes to the design of the Project by the City and such other contractor as the City may desire.

8.6. Any termination of this Agreement for cause that is later deemed to be unjustified shall be deemed a termination for convenience under Subsection 8.1.

SECTION 9. CERTIFICATIONS OF CONSULTANT

9.1. Contractor, and the individual executing this Agreement on Contractor's behalf, warrants it has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee or agent working for it, to solicit or secure this Agreement, and that it has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee or agent, any fee or other consideration contingent on making this Agreement.

9.2. 9.3. The current living wage is Fifteen US Dollars and Forty Cents (\$15.40) per hour through June 30, 2022. Contractor's Living Wage Requirements Certification is attached hereto and incorporated herein as part of this Agreement.

9.5. Contractor warrants and represents: that it is the sole entity, directly or indirectly, interested in compensation for the delivery of the services and work product awarded, and to be performed under this Agreement; that any proposal upon which this Agreement was based was made without any connection with or common interest in the profits with any undisclosed persons or entity; that this Agreement is fair and made without collusion or fraud; that no employee or official of the City is directly or indirectly interested therein; that none of its officers, directors, or partners or employees directly involved in obtaining contracts or performing any part of the work required under this Agreement has been convicted of bribery, attempted bribery, or conspiracy to bribe under any federal, state, or local law.

9.6. Contractor agrees to comply with all applicable City, county, state, and federal laws and regulations regarding employment discrimination. Contractor assures the City that it does not, and agrees that it will not, discriminate in any manner on the basis of race, color, religion, ancestry, national origin, age, sex, marital status, disability, sexual orientation, and gender identity.

9.7. Contractor certifies that all information Contractor has provided or will provide to the City is true and correct and can be relied upon by the City in awarding, modifying, making payments, or taking any other action with respect to this Agreement including resolving claims and disputes. Contractor certifies that Contractor's accounting system conforms with generally accepted accounting principles, is sufficient to comply with Contractor's budgetary and financial obligations and is sufficient to produce reliable financial information.

SECTION 10. INDEMNIFICATION

Contractor must indemnify and hold the City harmless from any loss, cost, damage, and other expenses, including attorney's fees and litigation expenses, arising out of, incident to, or caused by Contractor's negligence, malfeasance or failure to perform any of its contractual obligations. If requested by the City, Contractor must defend the City in any action or suit brought against the City arising out of Contractor's negligence, errors, acts or omissions under this Agreement. The negligence or malfeasance of any agent, subcontractor or employee of Contractor is deemed to be the negligence or malfeasance of Contractor. For the purposes of this Subsection, City includes its commissions, departments, agencies, agents, officials, and employees.

10.2. If Contractor will be preparing, displaying, publicly performing, reproducing, or otherwise using, in any manner or form, any information, document, or material that is subject to a copyright, trademark, patent, or other property or privacy right, then Contractor must: obtain all necessary licenses, authorizations, and approvals related to its use; include the City in any approval, authorization, or license related to its use; and indemnify and hold harmless the City related to Contractor's alleged infringing or otherwise improper or unauthorized use. Accordingly, Contractor must protect, indemnify, and hold harmless the City from and against all liabilities, actions, damages, claims, demands, judgments, losses, costs, expenses, suits, or actions, and attorneys' fees and the costs of the defense of the City, in any suit, including appeals, based upon or arising out of any allegation of infringement, violation, unauthorized use, or conversion of any patent, copyright, trademark or trade name, license, proprietary right, or other related property or privacy interest in connection with, or as a result of, this Agreement or the performance by Contractor of any of its activities or obligations under this Agreement.

10.3. Contractor further agrees to notify the City in writing within ten (10) days of receipt of any claim or notice of any claim made by third parties against Contractor or any subcontractor regarding the services and work provided to the City under this Agreement. Contractor shall provide the City copies of all claims, notices of claims, and all pleadings and motions filed therein as the matter progresses. This Section 10 shall survive termination of this Agreement for a period of three (3) years and six (6) months after the termination date.

SECTION 11. DISPUTES

11.1. Any dispute arising under this Agreement which is not resolved by an agreement between the Parties shall be decided by the City Manager, after reasonable opportunity is provided for the Parties to provide written documentation supporting their position. Pending final resolution of a dispute, except for a termination of this Agreement by the City, Contractor must proceed diligently with performance under this Agreement. A claim must be in writing, for specific relief, or for a sum certain if the claim is for money, and any requested money or other relief must be fully supported by all relevant calculations, including cost and pricing information, records, and other information.

11.2. A decision by the City Manager or his or her designee under the dispute procedure set forth in this Section shall be a condition precedent to suit being filed by any party. For purposes of any litigation involving this Agreement, exclusive venue and jurisdiction shall be in the Circuit Court for Montgomery County, Maryland or in the District Court of Maryland sitting in Montgomery County.

12.1. Contractor shall obtain and maintain liability insurance coverage at Contractor's own expense. 12.4. Contractor shall assure that all subcontractors carry identical coverage as required by this Section 12, either individually or as an additional insured on Contractor's policies. Exceptions may be made only with the written approval of the City.

SECTION 13. SET OFF

13.1. In the event that Contractor shall owe an obligation of any type whatsoever to the City at any time during the term of this Agreement, or after the termination of the relationship created hereunder, the City shall have the right to offset any amount so owed to Contractor against any compensation due to Contractor for the provision of goods and services covered by the terms of this Agreement.

SECTION 14. APPLICABLE LAW

14.1. The laws of the State of Maryland, excluding conflicts of law rules, shall govern this Agreement as if this Agreement were made and performed entirely within the State of Maryland. Contractor will provide proper facilities for such access and inspection.

15.2. Records referred to under Subsection 15.1 shall be maintained and made available during performance under this Agreement and until six (6) years from the date of final completion of the Project. In addition, those records that relate to any dispute or litigation, to the settlement of claims arising out of such performance, or to costs or items to which an audit exception has been taken shall be maintained and available until six (6) years after the date upon which any such dispute, litigation, claim, or exception is resolved.

15.3. Contractor shall include the provisions of this Section 15 in every subcontract Contractor enters into relating to this Project.

15.4. All proprietary information furnished by Contractor in connection with this Agreement, but not developed as a result of work under this Agreement or under prior agreements between the City and Contractor, shall be held confidential by the City, and returned to Contractor within thirty (30) days of the completion of the services or the conclusion of litigation wherein Contractor's services were provided. All inventions, techniques, and improvements held by Contractor to be proprietary or trade secrets of Contractor prior to any use on behalf of the City, as well as all inventions, techniques, and improvements developed by Contractor, independent of the services rendered to the City under this Agreement, remain the property of Contractor.

SECTION 16. MISCELLANEOUS

16.1. The recitals above are hereby incorporated into this Agreement.

16.2. If any term or provision of this Agreement or applications thereof to any person or circumstance shall, to any extent, be invalid or unenforceable, the remaining terms and provisions of this Agreement, or the application of such term or provision to persons or circumstances other than those as to which it is held or unenforceable, shall not be affected thereby, and each term and provision of this Agreement shall be valid and enforced to the fullest extent permitted by law.

16.3. This Agreement and any rights or obligations under this Agreement may not be assigned or subcontracted by Contractor without the prior written consent of the City and any attempted assignment or subcontracting without such prior written consent shall be void.

16.4. All representations, warranties, covenants, conditions, and agreements contained herein which either are expressed as surviving the expiration and termination of this Agreement or, by their nature, are to be performed or observed, in whole or in part, after the termination or expiration of this Agreement shall survive the termination or expiration of this Agreement.

16.5. This Agreement represents the entire and integrated Agreement between the City and Contractor and supersedes all prior negotiations, representations, or agreements, either written

or oral. Notwithstanding any provisions to the contrary in any contract terms or conditions unilaterally supplied by Contractor, the terms of this Agreement supersede Contractor's terms and conditions, in the event of any inconsistency.

16.6. All section and paragraph captions, marginal references, and table of contents in this Agreement are inserted only as a matter of convenience, and in no way amplify, define, limit, construe, or describe the scope or intent of this Agreement nor in any way affect this Agreement.

16.8. The neuter, feminine, or masculine pronoun when used herein shall each include each of the other genders and the use of the singular shall include the plural.

16.9. This Agreement shall not be construed in favor or against either party on the basis that it was drafted by the City.

16.10. The waiver of any breach of this Agreement shall not be held to be a waiver of any other or subsequent breach. Any waiver by the City of a requirement of this Agreement, including without limitation, any requirement that a notice be made in writing or that a notice or submission be made within a certain time, shall not operate as a waiver of the same or any other requirement of this Agreement, in any other circumstance or at any other time.

16.11. This Agreement shall not confer any rights or remedies upon any person other than the Parties and their respective successors and permitted assigns.

16.12. Contractor agrees to perform its services under this Agreement in such manner and at such times that the City and/or any Contractor who has work to perform, or contracts to execute, can do so without unreasonable delay. Contractor further agrees to coordinate its work under this Agreement with any and all other contractors that may be deemed necessary by the City.

16.13. Contractor shall be considered, for all purposes relating to this Agreement, an independent Contractor. Contractor agrees that it is not an agent of the City and shall have no right or authority to enter into any agreements or otherwise bind the City or create any obligations on behalf of the City with any other parties. Nothing contained in this Agreement will be construed to create the relationship of employer and employee, principal and agent, partnership or joint venture, or any other fiduciary relationship between the City and Contractor.

16.14. This Agreement may be executed electronically and in counterparts. All such counterparts will constitute the same agreement and the signature of any party to any counterpart will be deemed a signature to, and may be appended to, any other counterpart.
