1. ACCOUNTING SYSTEM AND AUDIT, ACCURATE INFORMATION

The contractor certifies that all information the contractor has provided or will provide to the City is true and correct and can be relied upon by the City in awarding, modifying, making payments, or taking any other action with respect to this contract including resolving claims and disputes. Any false or misleading information is a ground for the City to terminate this contract for cause and to pursue any other appropriate remedy. The contractor certifies that the contractor's accounting system conforms with generally accepted accounting principles, is sufficient to comply with the contract's budgetary and financial obligations, and is sufficient to produce reliable financial information.

The City may examine the contractor's and any first-tier subcontractor's records to determine and verify compliance with the contract and to resolve or decide any claim or dispute arising under this contract. The contractor and any first-tier subcontractor must grant the City access to these records at all reasonable times during the contract term and for 3 years after final payment. If the contract is supported to any extent with federal or state funds, the appropriate federal or state authorities may also examine these records. The contractor must include the preceding language of this paragraph in all first-tier subcontracts.

2. CHANGES

Within the general scope of the contract work, the City may unilaterally change the work, materials and services to be performed. The change must be in writing and within the general scope of the contract. In such cases, the contract will be modified to reflect any time or money adjustment the contractor is entitled to receive. The contractor shall not proceed with these changes (either additions or deletions) without a Change Order or Contract Amendment being signed by both the City and the contractor and the Order or Amendment stating, as applicable, the change in the work and an estimate of the time and/or cost involved in the change. Any claim of the contractor for an adjustment in time or money due to change must be made in writing within 30 days from the date the City notified the contractor of the change, or the claim is waived. Any failure to agree upon a time or money adjustment must be resolved under the "Disputes" articles of these General Conditions. The contractor must proceed with the prosecution of the work as changed, even if there is an unresolved claim. No charge for any extra work, time or material will be allowed, except as provided in this section.

3. CONTRACT ADMINISTRATION

A. The contract administrator is the City's representative for purposes of the contract and is authorized to:

1) serve as liaison between the City and the contractor;
2) give direction to the contractor to ensure satisfactory and complete performance;
3) monitor and inspect the contractor's performance to ensure acceptable timeliness and quality;
4) serve as records custodian for this contract, including wage and prevailing wage requirements;
5) accept or reject the contractor's performance;
6) furnish timely written notice of the contractor's performance failures to the City Council, City Manager, and/or City Attorney, as appropriate;
7) approve or reject invoices for payment;  
8) recommend contract modifications or terminations; and  
9) issue notices to proceed and task and purchase orders.  

B. The contract administrator is not authorized to make determinations (as opposed to recommendations) that alter, modify, terminate or cancel the contract, interpret ambiguities in contract language, or waive the City's contractual rights.  

4. DISPUTES  

A. Any dispute arising under this contract which is not resolved by an agreement between the parties shall be decided by the City Manager, after reasonable opportunity is provided for all parties to provide written documentation supporting their position. Pending final resolution of a dispute, except for a termination of this contract by the City, contractor must proceed diligently with contract performance. A claim must be in writing, for specific relief, or for a sum certain if the claim is for money, and any requested money or other relief must be fully supported by all relevant calculations, including cost and pricing information, records, and other information.  

B. A decision by the City Manager or his or her designee under the disputes procedure set forth in these General Conditions shall be a condition precedent to suit being filed by any party. For purposes of any litigation involving this Contract, exclusive venue and jurisdiction shall be in the Circuit Court for Montgomery County, Maryland or in the District Court of Maryland for Montgomery County. Both parties waive trial by jury in any action on all matters arising out of this Contract.  

5. DOCUMENTS, MATERIALS AND DATA  

All documents, materials or data developed as a result of this contract are the City's property. The City has the right to use and reproduce any documents, materials, and data used in the performance of, or developed as a result of, this contract. The City may use this information for its own purposes, including reporting to state and federal agencies. The contractor warrants that it has title to or right of use of all documents, materials or data used or developed in connection with this contract.  

6. DURATION OF OBLIGATION  

The contractor agrees that all of contractor's obligations and warranties survive the completion of performance, termination for default, termination for convenience, or termination by mutual consent of the contract.  

8. GUARANTEE  

A. Contractor guarantees for one year from acceptance, or for a longer period that is otherwise expressly stated in the City's Request for Proposals or other written solicitation, all goods, services, and construction offered, including those used in the course of providing the goods, services, and/or construction. This includes a guarantee that all products offered (or used in the installation of those products) carry a guarantee against any and all defects for a minimum period of one year from acceptance, or for a longer period stated in the City's written solicitation. The contractor must correct any and all defects in material and/or workmanship that may appear during the guarantee period, or any defects that occur within one (1) year of acceptance even if discovered more than one (1) year after acceptance, by repairing, (or replacing with new items or new materials, if necessary) any such defect at no cost to the City and to the City's satisfaction.
B. Should a manufacturer's or service provider's warranty or guarantee exceed the requirements stated above, that guarantee or warranty will be the primary one used in the case of defect. Copies of manufacturer's or service provider's warranties must be provided upon request.

C. All warranties and guarantees must be in effect from the date of acceptance by the City of the goods, services, or construction.

D. The contractor guarantees that all work shall be accomplished in a workmanlike manner, and the contractor must observe and comply with all Federal, State, City and local laws, ordinances and regulations in providing the goods, and performing the services or construction.

E. Goods and materials provided under this contract must be of first quality, latest model and of current manufacture, and must not be of such age or so deteriorated as to impair their usefulness or safety. Items that are used, rebuilt, or demonstrator models are unacceptable, unless specifically requested or approved by the City in the contract documents or specifications.

9. INCONSISTENT PROVISIONS

Notwithstanding any provisions to the contrary in any contract terms or conditions unilaterally supplied by the contractor, this General Conditions of Contract document supersedes the contractor's terms and conditions, in the event of any inconsistency.

10. INDEMNIFICATION

The contractor is responsible for any loss, personal injury, death and any other damage (including incidental and consequential) arising out of, incident to, or caused by reason of the contractor's negligence, malfeasance or failure to perform any contractual obligations. The contractor must indemnify and hold the City harmless from any loss, cost, damage, and other expenses, including attorney's fees and litigation expenses, arising out of, incident to, or caused by the contractor's negligence, malfeasance or failure to perform any of its contractual obligations. If requested by the City, the contractor must defend the City in any action or suit brought against the City arising out of the contractor's negligence, errors, acts or omissions under this contract. The negligence or malfeasance of any agent, subcontractor or employee of the contractor is deemed to be the negligence or malfeasance of the contractor. For the purposes of this paragraph, City includes its commissions, departments, agencies, agents, officials, and employees.

11. INDEPENDENT CONTRACTOR

The contractor is an independent contractor. The contractor and the contractor's employees or agents are not agents of the City.

12. INSPECTIONS

The City has the right to monitor, inspect and evaluate or test all supplies, goods, services, or construction called for by the contract at all reasonable places (including the contractor's place of business) and times (including the period of preparation or manufacture).

13. INSURANCE
Prior to contract execution by the City, the contractor must obtain at its own cost and expense the insurance specified below or in an attachment to the contract or these General Conditions, with one or more insurance company(s) licensed or qualified to do business in the State of Maryland. Contractor must keep this insurance in full force and effect during the term of this contract, including all modifications, renewals, and extensions of this contract. Unless expressly provided otherwise, the below Insurance Requirements apply to the contract. The insurance must be evidenced by one or more Certificate(s) of Insurance and, if requested by the City, the contractor must provide a copy of any and all insurance policies to the City. The contractor's insurance must be primary. The City of Takoma Park, Maryland, including its officials, employees, agents, boards, and agencies, must be named as an additional insured on all liability policies. Thirty days written notice to the City of cancellation or material change in any of the policies is required, unless a longer period is required by applicable law. In no event may the insurance coverage be less than that shown on the applicable table, attachment, or contract provision for required insurance. The City Manager, or his or her designee, may waive the requirements of this section, in whole or in part.

Subcontractors. If contractor uses subcontractors or affiliates with another entity to perform any part of the contract work, then contractor shall include all subcontractors or affiliated entities as insured under its policies or shall furnish separate Certificates of Insurance for each subcontractor or affiliate entity. 14. INTELLECTUAL PROPERTY APPROVAL AND INDEMNIFICATION - INFRINGEMENT

If contractor will be preparing, displaying, publicly performing, reproducing, or otherwise using, in any manner or form, any information, document, or material that is subject to a copyright, trademark, patent, or other property or privacy right, then contractor must: obtain all necessary licenses, authorizations, and approvals related to its use; include the City in any approval, authorization, or license related to its use; and indemnify and hold harmless the City related to contractor’s alleged infringing or otherwise improper or unauthorized use. Accordingly, the contractor must protect, indemnify, and hold harmless the City from and against all liabilities, actions, damages, claims, demands, judgments, losses, costs, expenses, suits, or actions, and attorneys’ fees and the costs of the defense of the City, in any suit, including appeals, based upon or arising out of any allegation of infringement, violation, unauthorized use, or conversion of any patent, copyright, trademark or trade name, license, proprietary right, or other related property or privacy interest in connection with, or as a result of, this contract or the performance by the contractor of any of its activities or obligations under this contract.

15. NON-CONVICTION OF BRIBERY; WARRANTIES

Contractor warrants and represents to its best knowledge: that it is the sole entity, directly or indirectly, interested in compensation for the delivery of the services and work product awarded, and to be performed under this contract; that any proposal upon which this contract was based was made without any connection with or common interest in the profits with any undisclosed persons or entity; that this contract is fair and made without collusion or fraud; that no employee or official of the City is directly or indirectly interested therein; that none of its officers, directors, or partners or employees directly involved in obtaining contracts or performing any part of the contract work has been convicted of bribery, attempted bribery, or conspiracy to bribe under any federal, state, or local law.

16. NON-DISCRIMINATION IN EMPLOYMENT

The contractor agrees to comply with all applicable City, county, state, and federal laws and regulations regarding employment discrimination. The contractor assures the City that it does not, and agrees that it will not; discriminate in any manner on the basis of race, color, religion, ancestry, national origin, age, sex, marital status, disability, sexual orientation, and gender identity.

17. PAYMENTS

No payment by the City may be made, or is due, under this contract, unless funds for the payment have been appropriated and encumbered by the City.
If this contract provides for an additional contract term for contractor performance beyond its initial term, continuation of contractor’s performance under this contract beyond the initial term is contingent upon, and subject to, the appropriation of funds and encumbrance of those appropriated funds for payments under this contract. If funds are not appropriated and encumbered to support
continued contractor performance in a subsequent fiscal period, contractor’s performance must end, without further cost to the City, upon the receipt of notice from the City. The contractor acknowledges that the City Manager has no obligation to recommend, and the City Council has no obligation to appropriate, funds for this contract in subsequent fiscal years. Furthermore, the City has no obligation to encumber funds to this contract in subsequent fiscal years, even if appropriated funds may be available. Accordingly, for each subsequent contract term, the contractor must not undertake any performance under this contract until the contractor receives a purchase order or contract amendment from the City that authorizes the contractor to perform work for the next contract term.

18. TERMINATION FOR DEFAULT

A. In the event of any of the circumstances set forth below (hereinafter referred to as “default”), the City may terminate the contract, in whole or in part, and from time to time. Notice of termination must be in writing, state the reason or reasons for the termination, and specify the effective date of the termination.

1. Any fraudulent representation in an invoice or other verification required to obtain payment under the contract or other dishonesty on a material matter relating to the performance of services under this contract.

2. Non-performance, incomplete service or performance, failure to make satisfactory progress in the prosecution of this contract, failure to satisfactorily perform any part of the contract work or to comply with any provision of this contract, as determined by the City’s contract administrator in his or her sole discretion, including:

   a) Failing to commence work when notified.
   b) Abandoning the work. Visual inspection by the City’s contract administrator will serve as evidence of abandonment.
   c) Subcontracting any part of work without the City’s prior approval.
   d) Receiving two written warnings of unsatisfactory or incomplete work or any other violation of the terms of the contract.
   e) Failing to adhere to the required specifications for the contract work.

3. Contractor, or any partner, member, principal or officer of contractor, being criminally charged with an offense involving fraud, dishonesty or moral turpitude.

4. Contractor being adjudged bankrupt or making a general assignment for the benefit of creditor or if a receiver shall be appointed on account of contractor’s insolvency.

5. Failure to adhere to the terms of applicable city, county, state, and federal laws, ordinances, regulations, or stated public policy pertaining to the subject matter and performance of the contract, including but not limited to the following: the payment of all applicable taxes and withholding, compliance with equal opportunity employment and labor laws, and/or failure to obtain and/or comply with the terms and conditions of any required permits.

B. In the event of a default, the City shall provide the contractor with a written notice to cure the default. The termination for default is effective on the date specified in the City’s written notice. However, if the City determines that default contributes to the curtailment of an essential service or poses an immediate threat to life, health, or property, the City may terminate the contract
immediately upon issuing oral or written notice to the contractor without any prior notice or opportunity to cure. In addition to any other remedies provided by law or the contract, the contractor must compensate the City for additional costs that foreseeably would be incurred by the City, whether the costs are actually incurred or not, to obtain substitute performance. A termination for default is a termination for convenience if the termination for default is later found to be without justification.

19. TERMINATION FOR CONVENIENCE

This contract may be terminated by the City, in whole or in part, upon written notice to the contractor, when the City determines this to be in its best interest. The termination for convenience is effective on the date specified in the City's written notice or, if the notice does not specify an effective date, then five (5) days after notice of termination is given by the City. Termination for convenience may entitle the contractor to payment for reasonable costs allocable to the contract for work or costs incurred by the contractor up to the date of termination. The contractor must not be paid compensation as a result of a termination for convenience that exceeds the amount encumbered to pay for work to be performed under the contract.

20. TIME

Time is of the essence.

21. WORK UNDER THE CONTRACT

Contractor must not commence work under this contract until all conditions for commencement are met, including execution of the contract by both parties, compliance with insurance requirements, and issuance of any required notice to proceed.
